

Annual MHSOAC Data Forum: Transforming Access to Mental Health Data
March 18, 2021

Please note: We will be recording this session to best capture input from attendees.

Introduction

Brian R. Sala, PhD

Deputy Director for Evaluation and CIO at the Mental
Health Services Oversight and Accountability Commission

Brian R. Sala, PhD
*Deputy Director for
Evaluation and CIO*

Dawnté R. Early, PhD, MS
*Chief of Research and
Evaluation*

Andy Krackov
*President,
Hillcrest Advisory*

Our Discussion Leaders

Latonya S. Harris, PhD
Research Scientist III

Heather Barr, MPH, CPH
*MHSOAC Triage Summative
Evaluation Data Manager*

Mike Howell, MA
*UC Research and Data
Integration Manager*

Additional Discussion Leaders

Data to inform and shape policy and practice

MHSOAC Vision is Wellbeing for All Californians.

- Building from the top down: tracking community wellness
 - Measure and track aspects of community wellness to inform strategic planning and help set priorities
- Building from the bottom up: understanding clients, programs and services
 - Measure and track who is being served, how they are served, the outcomes they achieve, and the investments being made

Criminal Justice

How do mental health, mental health program and treatment, and outcomes intersect with the criminal justice system?

Client Services Info

What is the impact and reach of MHSA-funded community mental health services?

Full-Service Partnerships

What is the impact and reach of MHSA-funded intensive mental health services in the Full-Service Partnership Program?

MHSOAC's Current Transparency Dashboards

Highlighting Differences to Understand Disparities

What are differences in program access, treatment, and utilization by demographic subgroups (e.g., gender, ethnicity/race, age)?

MHSA Programs

What are MHSA-funded mental health programs statewide?

Additional Current Transparency Dashboards

Fiscal

What are MHPA expenditures and revenue by programs and counties?

Allocation

How are MHPA funds allocated across programs and counties?

Fiscal Current Transparency Dashboards

**To enhance MHSOAC's new dashboards,
*we need your input...***

Agenda

- **Data Offerings:** Help us understand how you want to use the new data MHSOAC will publish (20 minutes)
- **Data Assessment Deep Dive:** A discussion of assessment tracking and clients served over time (15 minutes)
- **Breakout Rooms:** We'll unveil drafts of the new dashboards, and get your input on them. (45 minutes)
- **Open Session:** We'll stay around post-event to discuss additional input you want to share. (20 minutes)

What New Data Will Be Available?

Dawnté R. Early, PhD, MS

Chief of Research and Evaluation at the Mental Health
Services Oversight and Accountability Commission

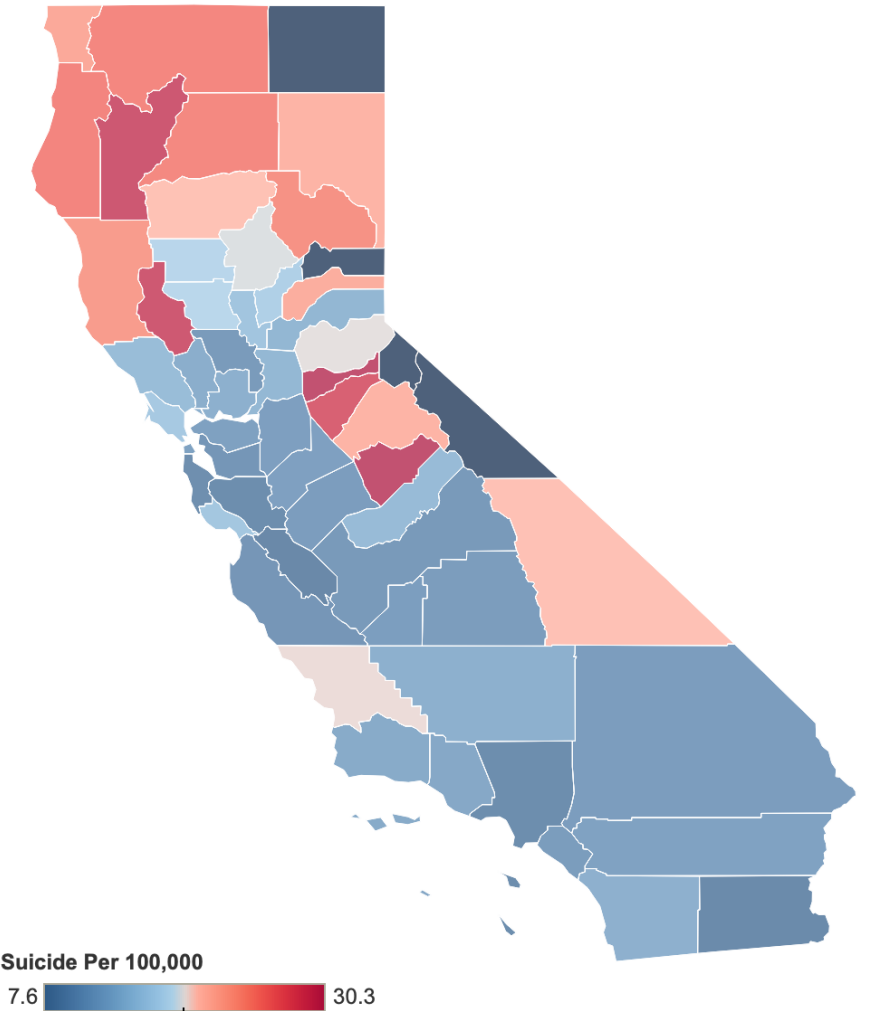

Suicide Incidence & Rate Data:

Displays information on state/county suicide incidence and rates from 2010 to 2017.

Data are available by:

- Age group
- Cause of injury
- Race/ethnicity
- Gender

Data are from the California Department of Public Health (CDPH)'s EpiCenter

Question – Suicide Incidence & Rate Data:

How would you use these data on suicide rates to inform your work? Share with us some examples.

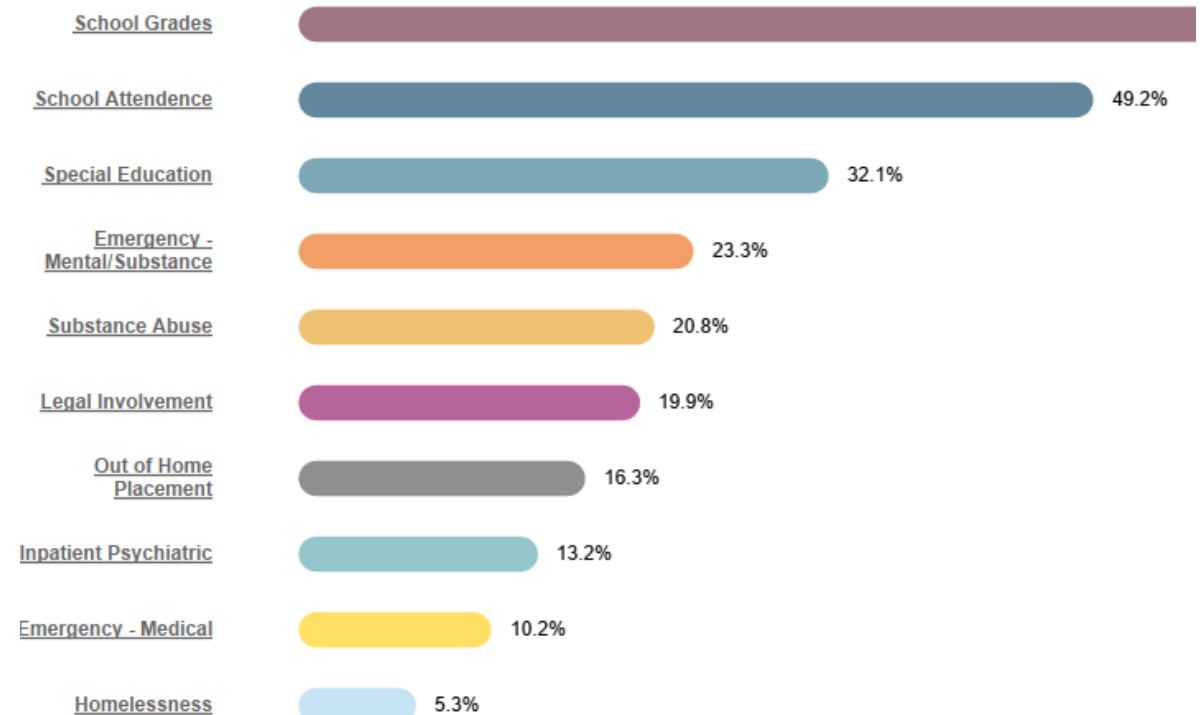

Please use the chat box in Zoom to share your input, and please also share what type of work you do.

You can also share input by e-mail:
evaluations@mhsoac.ca.gov.

FSP Child Indicators

% of FSP Partners that Indicate

- *Homelessness*
- *Emergency Services (Medical & Mental)*
- *Inpatient Psychiatric*
- *Emergency Services*
- *Legal Involvement*
- *Out-of-Home Placement*
- *School Grades*
- *School Attendance*
- *Special Education*
- *Substance Abuse*

Question – FSP Child Indicators

How would you use these FSP child indicators in your work? Share with us some examples.

Please use the chat box in Zoom to share your input, and please also share what type of work you do.

You can also share input by e-mail:
evaluations@mhsoac.ca.gov.

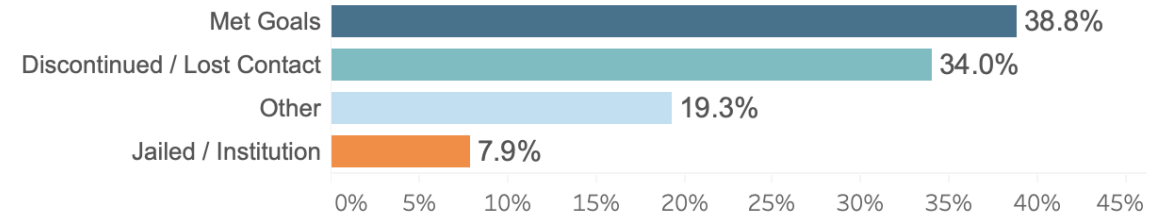

Reasons Partners Exit an FSP:

- FSP Discontinuations, by Type of Discontinuation (Met Goals, Discontinued Lost Contact, Other, Jailed/Institution)
- Average Months in FSP
- Average Length of Partnerships

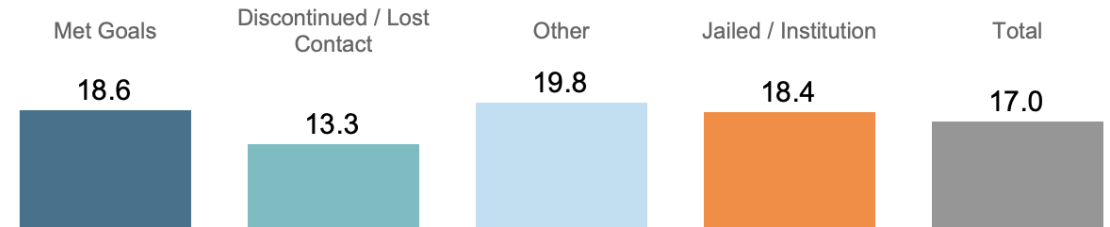

All data are available at a county level.

Hover over bars below for trend data

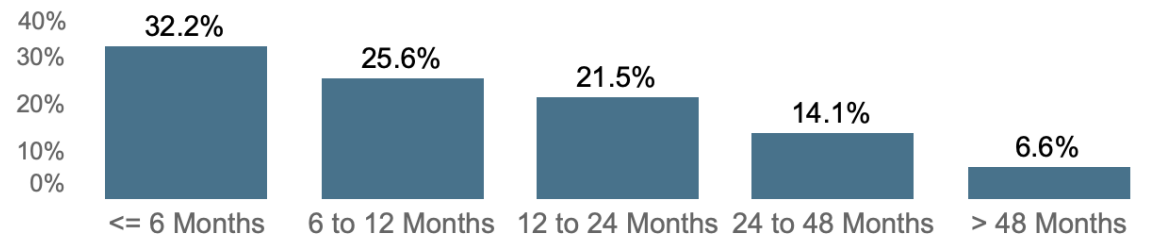

FSP Discontinuations by Type

Average Months in an FSP

Percent of Partners by Time in FSP

Question – Reasons Partners Exit an FSP:

How would you use these discontinuation data in your work? Share with us some examples.

Please use the chat box in Zoom to share your input, and please also share what type of work you do.

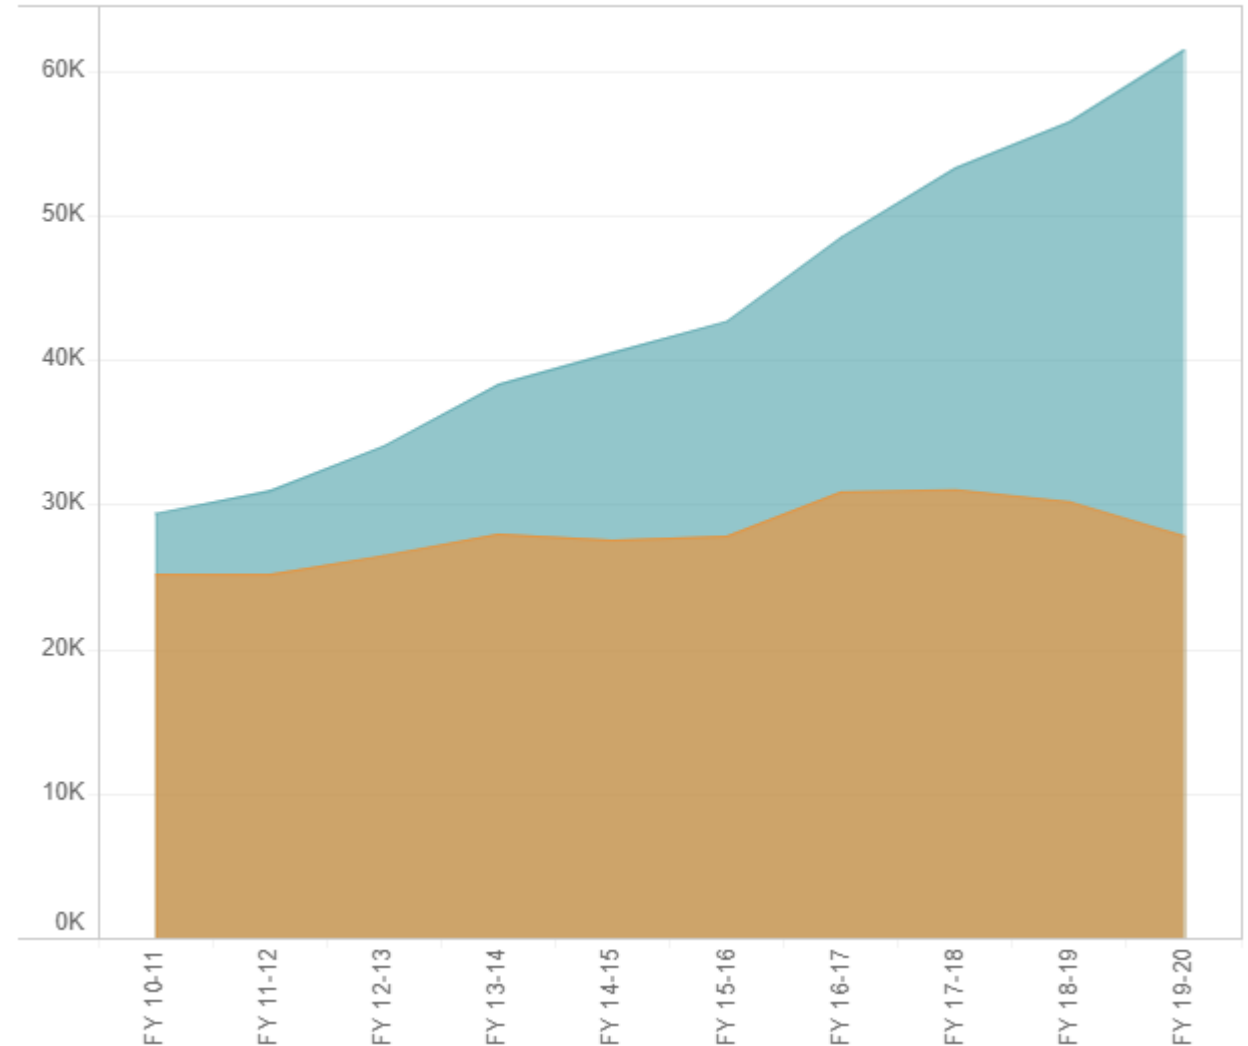

You can also share input by e-mail:
evaluations@mhsoac.ca.gov.

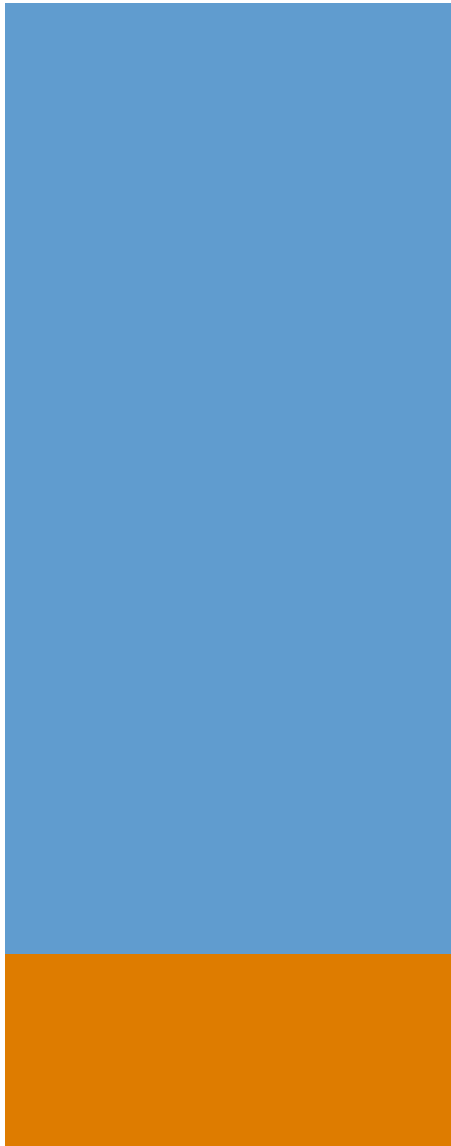

FSP/CSI Assessment Data:

These dashboards were created in response to the Covid-19 pandemic. The primary motivation was to measure changes in MHSA clients served during the pandemic.

1. What is a KET?
2. What is a 3M?
3. What are reporting requirements for FSP and CSI Services?

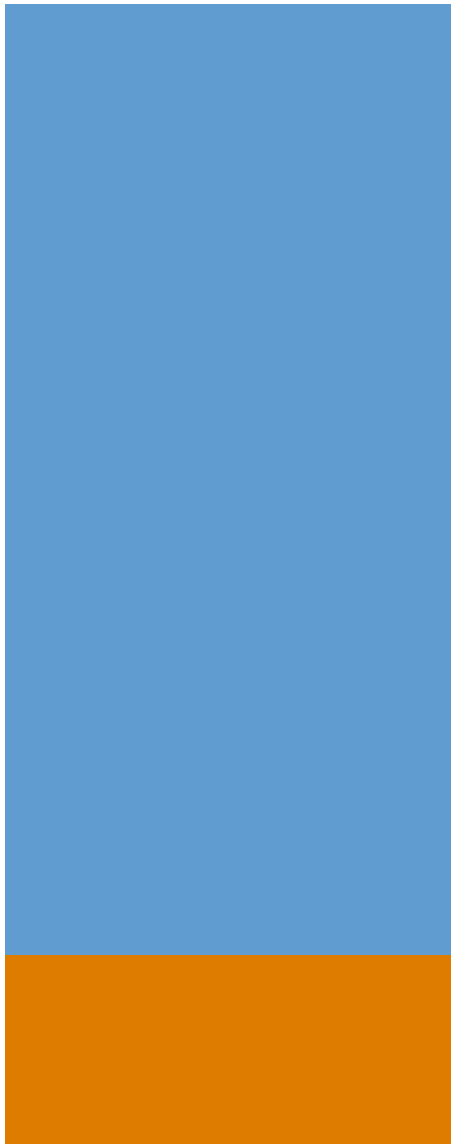

Partners vs. Partners with any Assessment/Key Event by Fiscal Year - California

Challenges with MHSA Data Reporting

What new challenges has Covid-19 introduced in collecting and submitting MHSA data?

What other challenges do counties and providers face when collecting and submitting MHSA data?

We see declines in trends in tracking and engagement for clients from communities of color. Why is that?

Please use the chat box in Zoom to share your input, and please also share what type of work you do.

You can also share input by e-mail: evaluations@mhsoac.ca.gov.

Breakout Rooms: Reviewing Dashboard Prototypes

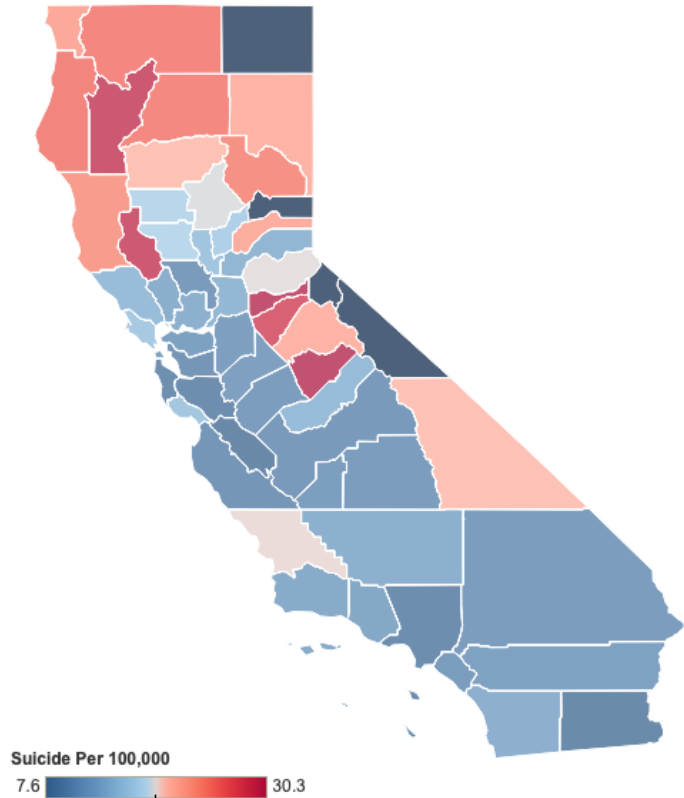

We'll split into four groups, each of which will have an opportunity to provide input on four drafts of dashboards.

Suicide Incidence & Rate Dashboard

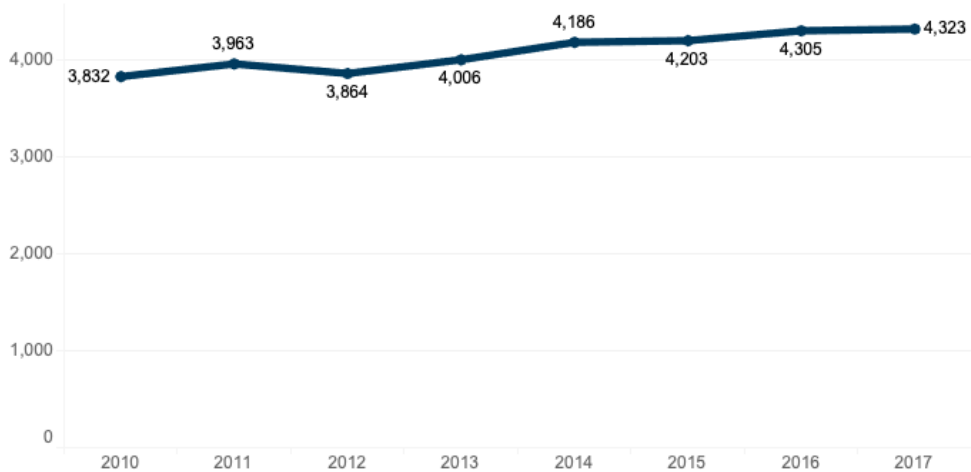

Make Selections Using Filters Below:

Age Group: (All) Cause of Injury: (All) Race: (All) Sex: (All) Reset Filters

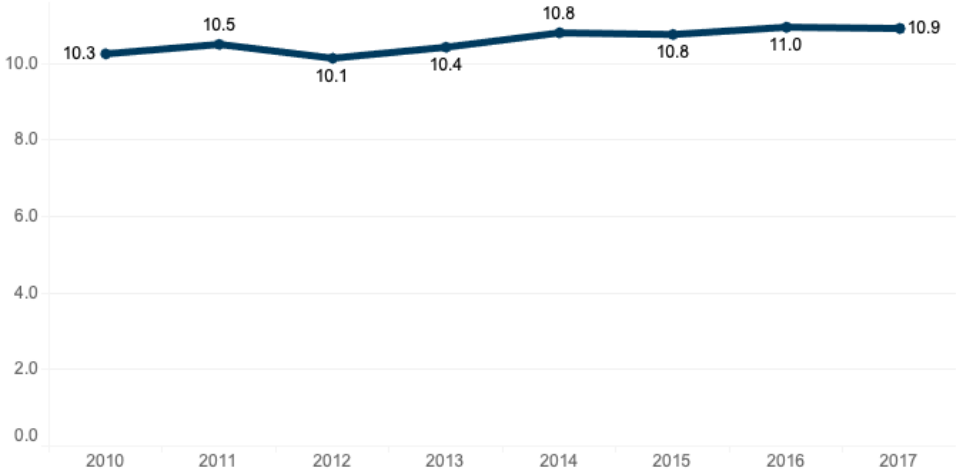

Suicide Rate by County (2010-2017)

California Suicide Incidence Trend

California Suicide Rate (Per 100,000) Trend

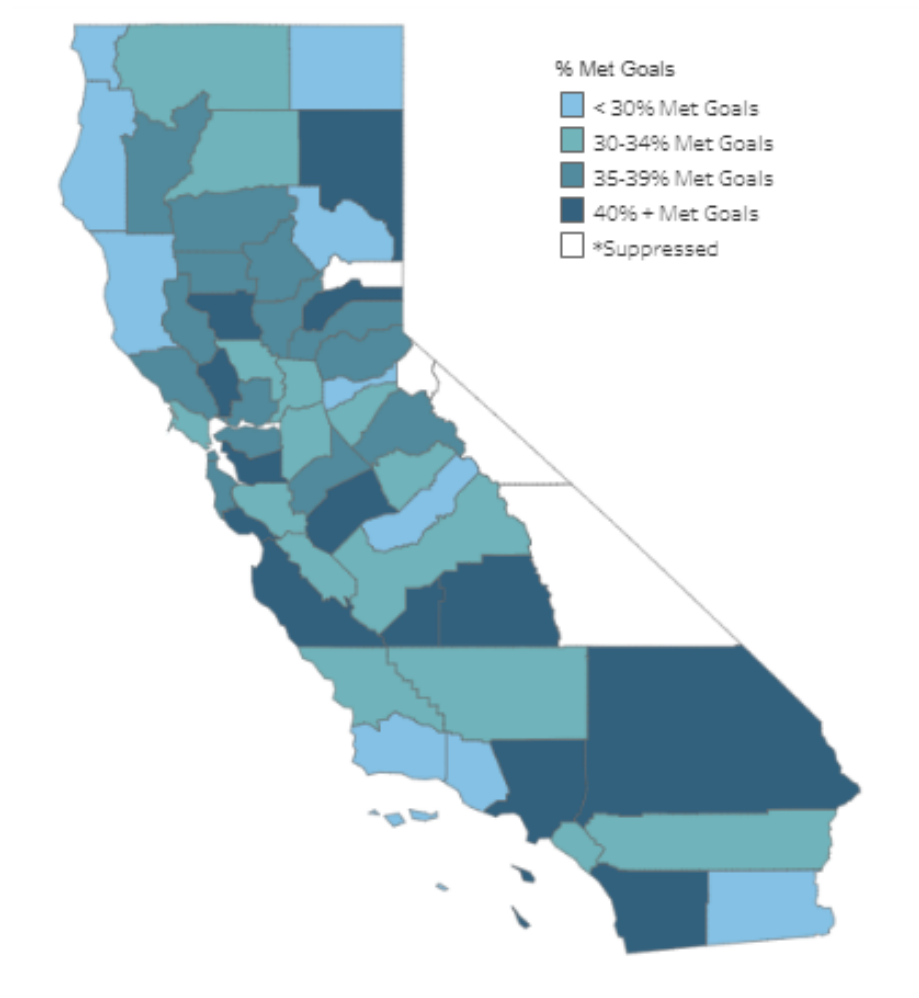

Suicide Incidence & Rate - Questions

- How would you want to use this dashboard to support your work?
- What functionality is important to offer?
- We're eager to learn what's *not* clear in this dashboard? Are the graphs self-explanatory? How about the supporting explanations?

You can unmute your line or share your thoughts via the chat box in Zoom.

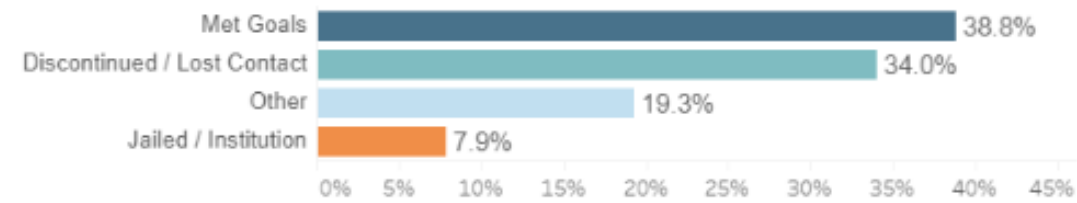

Reasons for Exiting a Full Service Partnership (FSP) Dashboard

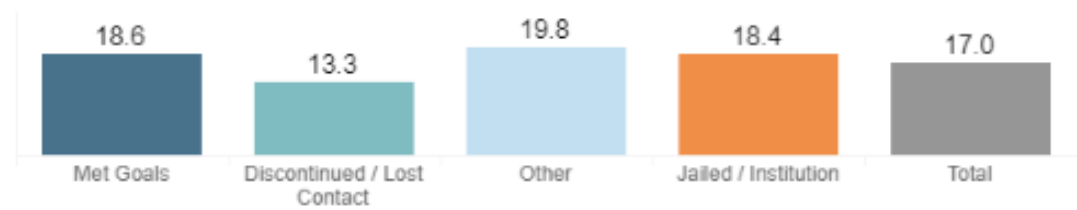

California | 1/1/2017 - 12/31/2017

Hover over bars below for trend data

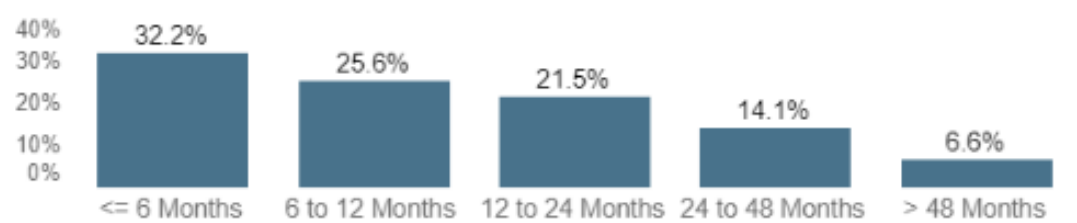

FSP Discontinuations by Type

Average Months in an FSP

Percent of Partners by Time in FSP

*Data suppressed where sample size < 44

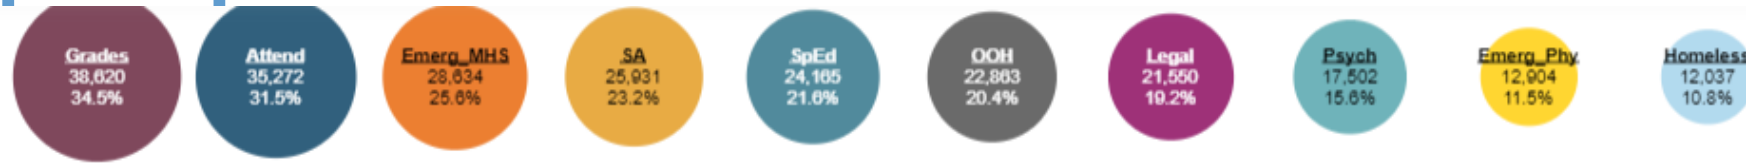

Reasons for Exiting a Full Service Partnership (FSP) - Questions

- How would you want to use this dashboard to support your work?
- What functionality is important to offer?
- We're eager to learn what's *not* clear in this dashboard? Are the graphs self-explanatory? How about the supporting explanations?

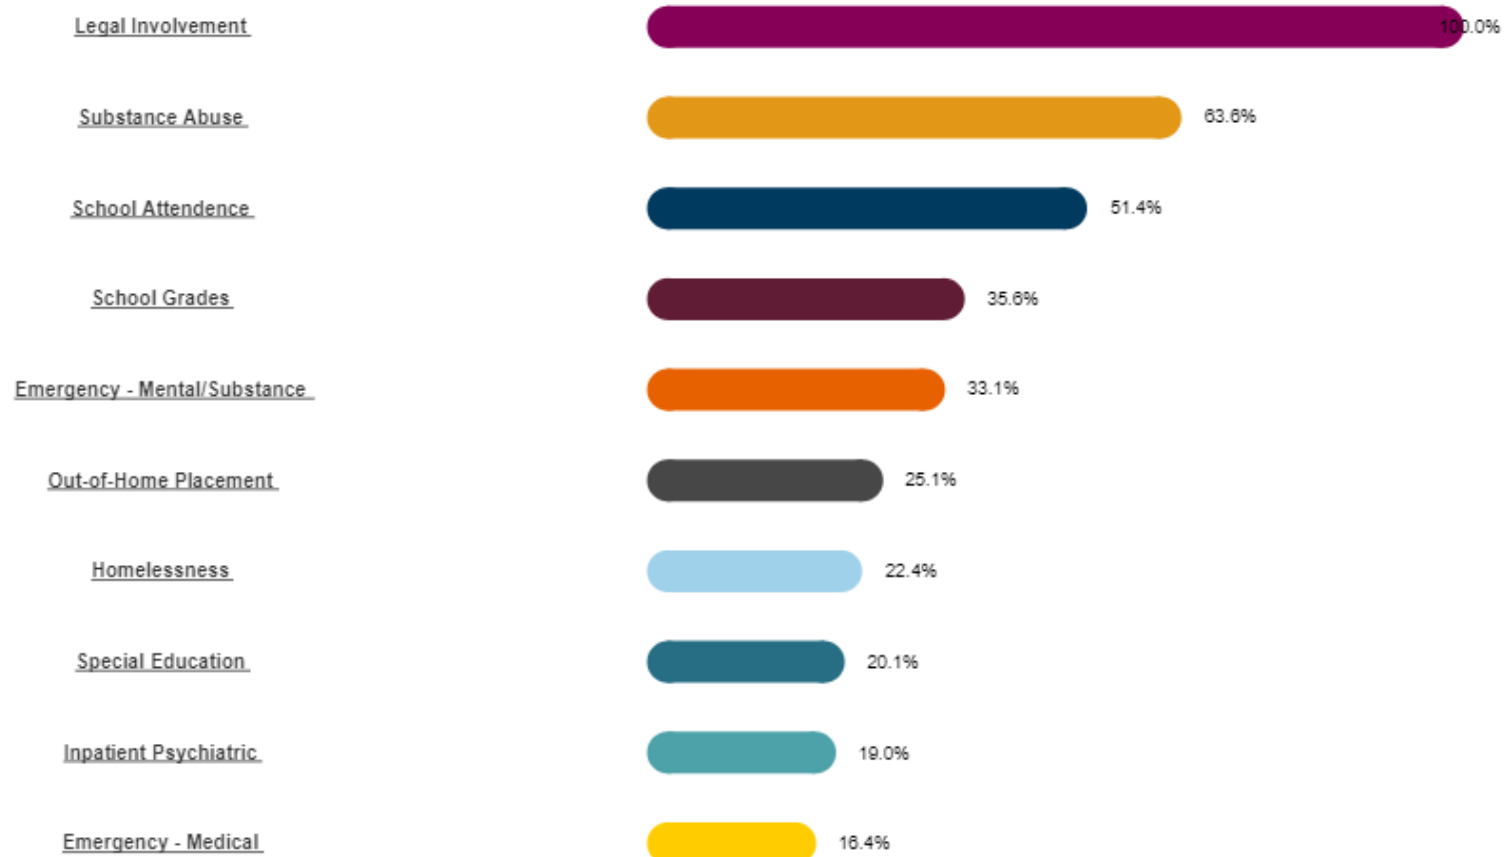

You can unmute your line or share your thoughts via the chat box in Zoom.

FSP Child Indicators

D

Of 21,550 Partners with **Legal Involvement** Indicator (**Race**: All), What are the Percentages for Co-Occurring Indicators?

FSP Child Indicators-Questions

- How would you want to use this dashboard to support your work?
- What functionality is important to offer?
- We're eager to learn what's *not* clear in this dashboard? Are the graphs self-explanatory? How about the supporting explanations?

You can unmute your line or share your thoughts via the chat box in Zoom.

Open Session

We're grateful that you took the time to participate and offer your input.

If additional ideas come to mind, please reach out:
evaluations@mhsoac.ca.gov.

We will stay online for about 20 minutes for those who have questions or additional information they want to share.
