

# **Regulations Implementation Project Subcommittee Meeting**

**August 3, 2016**

**Draft Recommendations**

**WELLNESS • RECOVERY • RESILIENCE**

# Overview

## ■ Today

- Explain revisions to prior draft recommendations
- Receive public comment
- Decide

## ■ Next Steps

- OAC consider recommendations
- Implement OAC's decision

# Process: How we got here

- Four public meetings throughout California – Feb through April 2016
- 200 people and over 40 counties
- Draft recommendations – June 2016
  - Received verbal and written public comments on draft recommendations

# Changes to Recommendations

- 4 substantive changes
- Several clarifying changes

# Substantive Changes

## New recommendations:

- Ensure consistency in demographic reporting requirements
- Evolve towards disaggregated demographic data
- Partner with counties to explore the efficacy of strategies for measuring Access and Linkage to Treatment and Duration of Untreated Mental Illness

# Substantive Changes (*cont.*)

- Align reporting due dates with county budgetary process.
  - ✓ Initial Annual Report: no change - Implementation plan due 12/30/17
  - ✓ Align subsequent reports with county process

# Clarifying Changes

- Consolidate challenges #1 and #2
- Include representatives of unserved and underserved communities in the learning collaboratives
- Specify need for training on how to use the Toolkits
- Broaden discussion of the unique needs of very small counties
- Specify protected health information laws

# Next Steps

- After public comment Subcommittee votes on whether to submit the recommendations for full OAC consideration
- If approved today, OAC will consider the issue at its August 25, 2016 meeting

# Proposed Motion

The Subcommittee approves the recommendations to be submitted to the full Commission for consideration.
