Reducing Disparities

Alpine		Outreach & Engagement	CSS	Focus on identification, education, and support of individuals in need of mental health services. These activities also seek to reduce barriers to participation in behavioral health services and programs.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Field Capable Clinical Services	CSS	As part of general systems development in FY 2010/11, BHS began extending clinical services to schools, homes, and community locations throughout the County. The FCCS program increases behavioral health services utilization rates, supports isolated and homebound individuals, and increases behavioral health collaboration with the Hung-A-Lel-Ti Community through these in-field services. The FCCS program ensures that therapeutic support and case management can be provided where the client feels most comfortable in the community.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Senior Socialization & Exercise	PEI	Focuses on improving the healthy attitudes, beliefs, skills and lifestyles of older adults in Alpine County; reducing stigma associated with seeking behavioral health services; reducing isolation, depression, fear, anxiety, and loneliness among seniors; and increasing referrals to and knowledge about supportive services.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Positive Behavior Intervention Support	PEI	An evidenced-based school-based approach to student social-emotional support and behavioral management. The approach includes systemic and individualized strategies to achieve learning and social emotional outcomes at both the individual and the school-wide levels, while preventing problem behaviors and emotional stress as well as increasing academic achievement. PBIS programs have been shown to effectively reduce disciplinary referrals within schools and reduce the number of out-of-school student suspensions.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Create the Good	PEI	Began as an adult luncheon geared toward adults and seniors, these luncheons featured presentations on topics related to health, wellness and parenting. The event promotes community socialization, awareness of current health and wellness issues, and provides the possibility for further learning. Over the course of FY 2014/15, the program expanded to provide more early intervention opportunities by hosting an open support group, adding 10-week sessions of Yoga & Art for Trauma Release, and creating opportunities for "meet and greets" between participants and ACBHS staff, in particular residents in the geographically isolated communities.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Combining Past & Present	PEI	A culturally-based prevention program for Alpine County residents of all ages which seeks to preserve cultural traditions, build community, and prevent the onset of depression and anxiety related to lack of socialization and identity confusion for members of the Hung-A Lel-Ti Community. Through community dialogue and activities, the program also addresses trauma related mental health topics.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Wellness Projects	PEI	Designed to provide targeted programming for a variety of distinct populations programs will offer continued support to prevent the development and onset of mental health issues among Alpine County residents and engage residents in programming to decrease barriers to accessing SMI/SED services.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Unspecified						
Alpine		Full Service Partnerships	CSS	Designed to expand mental health services and supports to residents of all ages who have severe mental illness (SMI) or identified as severe emotional disturbance (SED) and assist these residents in achieving their goals. ACBHS staff members also serve as active partners in County Multi-Disciplinary Teams in order to increase coordination of services across departments and jurisdictions and promote cross-disciplinary learning.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		School-Based Mental Health Clinician	CSS	Assists with early detection and intervention for students struggling with personal, academic, and mental and emotional health issues, all within the low-threat school setting. The clinician also provided referrals and linkages to other resources as needed and engaged in family or group counseling when appropriate. The Play Therapy component of this program was designed to deliver clinical services to children in a low stakes environment with the goals to help children decrease anxiety, increase confidence, make healthier choices, and decrease behavior issues through the expression of play. Play Therapy was intended as an ad-hoc program to be applied as necessary.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov

Alpine		Capital Facilities Development	CFTN	The Capital Facilities funds will be used to acquire a new building or space for MHSA administration and services. The focus of the facility will be to offer MHSA services to children, transition age youth, families, adults, and older adults. The site will provide activity rooms for individual and group service delivery (including Play Therapy and additional wellness programs) as well as dedicated space for ACBHS Administration.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov
Alpine		Electronic Health Record Implementation	CFTN	During FY 2010/11, Alpine conducted a technological needs assessment, applied, and received funding for implementing an electronic health record (EHR) to document services, streamline assessments, and track programmatic and client outcomes over time. The system was also intended to monitor due dates for charting, client services plans, and other utilization review activities. Such features would expedite staff access to client information and enable them to share critical information regarding high-risk clients (e.g., allergies, drugs sensitivities, recent crisis information, as appropriate). The EHR would also ensure the privacy of protected health information by having state-of-the-art equipment and software.	http://www.alpinecountycagov/DocumentCenter/View/785	Alpine County MHSA Program Specialist Amy Broadhurst 530.694.1320 abroadhurst@alpinecountycagov

Amador		MHA Sierra Wind Wellness Center	CSS-OE	Sierra Wind is a peer-led self-help center offering advocacy, support, benefits acquisition, culturally diverse support groups, training, and patient's rights advocacy. Sierra Wind provides weekly support groups, daily meals, linkage and navigation of services, and volunteer opportunities for all of its clients. Additionally, Sierra Wind manages Wellness Days that are planned throughout the year in the local community to promote outreach and engagement to underserved and isolated populations. Sierra Wind also teaches stress management workshops and techniques as well as WRAP trainings and workshops.	http://amador.networkofcare.org/mh/content.aspx?id=1387	Stephanie Hess 209-223-6412 shess@amadorgov.org
Amador		NEXUS Community Center Outreach	PEI	This program provides outreach, education, and support intervention services to Spanish-speaking and isolated consumers and their families. The program also provides mental health and wellness education workshops for the community. The program offers consumer-centered case management and family advocate support services to help consumers identify mental and physical health issues and service needs. Staff then provide referrals to resources and assist consumers with the beginning steps of an individualized care plan.	http://amador.networkofcare.org/mh/content.aspx?id=1387	Stephanie Hess 209-223-6412 shess@amadorgov.org
Amador		NEXUS Promotores de Salud	PEI	The Promotores de Salud is a Latino Peer-to-Peer program that utilizes Spanish-speaking Hispanic/Latino community members to reach out to other historically underserved Spanish-speaking Hispanic/Latino and linguistically isolated community members. The goal of this program is to promote mental health, overall wellness, and ultimately increase access to services. Promotores conduct educational presentations and outreach activities and help overcome barriers such as transportation, culture, language, stigma, and mistrust.	http://amador.networkofcare.org/mh/content.aspx?id=1387	Stephanie Hess 209-223-6412 shess@amadorgov.org

Amador		Human Services Certificate Sponsorship	WET	ACBHS is partnering with the Amador Community College Foundation (ACCF) to promote an 18-unit Human Services certificate and to provide additional supports as needed. ACCF currently partners with Coastline Community College to offer Amador County residents certificate and associate degree programs, completely online. The Human Services certificate is the ideal entry level certificate for consumers, family members, or anyone interested in beginning employment with ACBHS, typically as a Personal Service Coordinator.	http://amador.networkofcare.org/mh/content.aspx?id=1387	Stephanie Hess 209-223-6412 shess@amadorgov.org
Amador		Community College Scholarships	WET	ACBHS is creating a menu of options for consumers, family members, staff, and the public. To fully support the partnership with ACCF and to ensure the success of the students seeking the Human Services certificate, ACBHS is dedicating \$20,000 in scholarship funds for those with a financial need. For staff seeking to advance their careers in public mental health, ACBHS will assist in identifying which of the several loan assumption programs are most appropriate, including the MHSA-funded Mental Health Loan Assumption Program, which provides Bachelor or Masters level graduates who are in "hard to fill" positions up to \$10,000 in funding for a one year service commitment.	http://amador.networkofcare.org/mh/content.aspx?id=1387	Stephanie Hess 209-223-6412 shess@amadorgov.org

Colusa County

Peer/Family Support Specialists

Colusa		Safe Haven	CSS-OESD	Safe Haven is a peer supported drop-in center that serves adults and older adults who are in recovery from substance abuse, dealing with mental health issues, and or avoiding isolation. The center provides a number of recovery and resiliency focused groups run by peers and Behavioral Health staff. A peer support specialist is funded to provide support in linking members to other services in the community through collaboration and outreach events, which allow for increased awareness around mental health and reduce stigma and discrimination in the community. Members can also participate in the Leadership Advocacy Committee, to aid in the day-to-day operation of the center, this allows for growth in leadership skills and peer advocacy	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0856
Colusa		Wraparound	CSS-FSP	Wraparound provides intensive wrap around services to children and youth who could benefit from a more integrated approach to services. Wraparound is client and family driven focused on wellness, recovery, and resilience. Staff works with the client to build natural supports within the community through collaboration with other departments in the community and the client's family.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520
Colusa		WET Action Volunteer	WET	WET Action Volunteer program works in collaboration with vocational services and focuses on wellness, recovery, and resilience by giving consumers an opportunity to build vocational skills that can be used in the workforce. The program provides opportunities to adults and older adults of the community. Volunteers are offered job-related trainings, participate in community outreach events, and can be connected with job employment opportunities. The program works in collaboration with the local One-Stop to allow individuals an opportunity to grow and gain new schools in hopes of moving into more permanent employment in the community.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520
Colusa		ASOC-FSP	CSS-FSP	A "whatever it takes" method of services is provided to consumers of all ages (children, transition age youth, adults, and older adults) who meet specific requirements. Specific requirements include, being at risk of homelessness, psychiatric hospitalization, and incarceration as a result of a mental illness. Consumers are provided with intensive services in collaboration with natural supports and services other than mental health. Supports can include housing, transportation, education, vocational training, food, and clothing.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520

Reducing Disparities

Colusa		Native American Collaboration	CSS-OESD	Funding is provided for a therapist to address the unmet needs of the Native American Community. The therapist is located at the reservation of the Cachil dehe Wintun Tribe. Services provided are based on the individual needs of the client/family through community collaboration and a unique integrated experience. Some services the therapist provides, include: organizing a variety of community events, groups for youth, Transitional Age Youth (TAY), adults, and older adults, crisis intervention, and linkage to community resources. The therapist and staff collaborate with behavioral health to provide culturally competent services that are wellness, recovery, and resilience focused.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520
Colusa		Juvenile Forensic Program	INN	This program, in collaboration with juvenile probation, allows for the use of a therapist who provides support services for mentally ill juvenile offenders while incarcerated and in the community. Services are client and family driven that focus on wellness and recovery through discharge planning, medication management referrals, groups, crisis intervention, and works in collaboration with probation, juvenile hall, and other services in the community. The program seeks to reduce recidivism rates, crisis, and increase mental health access for the target population.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520
Colusa		Cultura Es Vida Program	INN	With over 50% of the population in the community identifying as Hispanic/Latino, outreach is provided to build rapport and increase overall collaboration within this underserved population. This is done by identifying staff at Behavioral Health who can participate in community events, attend meetings such as English Learner Advisory Committee (ELAC), and crisis intervention as necessary. The goal is to identify natural leaders of the community to better understand the needs of the population and how they can be better served in the community through a more integrative process.	http://www.countyofcolusa.org/index.aspx?nid=325	(530) 458-0520

Contra Costa County

Crisis Support

Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with the County to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at the County's Psychiatric Emergency Services. 2) Multi-dimensional Family Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with the County to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with the County to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of the County, and contribute a team effort to full service partnerships. Clinical specialists provide a comprehensive assessment on all youth deemed to be most seriously emotionally disturbed. The team presents treatment recommendations to the family, ensures the family receives the appropriate level of care, and family partners helps families facilitate movement through the system.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Adult Full Service Partnerships	CSS-FSP	Adult Full Service Partnerships provide a full range of services to adults over the age of 18 who are diagnosed with a serious mental illness, are at or below 300% of the federal poverty level, and are uninsured or receive Medi-Cal benefits. Three contractors to the County will provide full service partnerships in Fiscal Year 2016-17, and utilize a modified assertive community treatment model. This is a model of treatment made up of a multi-disciplinary mental health team, including a peer specialist, who work together to provide the majority of treatment, rehabilitation, and support services that clients use to achieve their goals. Anka Behavioral Health takes the lead in providing full service partnership services to Central County. The Portia Bell Hume Center contracts with the County to provide full service partnerships for West and East County, while Familias Unidas contracts with the County to provide the lead on full service partnerships for West County's Latino population. Anka Behavioral Health additionally serves those adults who have been charged with non-violent felonies or misdemeanors, who experience a serious mental illness/serious emotional disturbance, and are on probation. Contra Costa Behavioral Health's Forensic Team refers those individuals who have been screened for services and need the full spectrum of care of a full service partnership program.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Transition Age Youth (TAY) Full Service Partnerships	CSS-FSP	Eligible youth (ages 16-25) are individuals who are diagnosed with a serious emotional disturbance or serious mental illness, and experience one or more of the risk factors of homelessness, co-occurring substance abuse, exposure to trauma, repeated school failure, multiple foster care placements, and experience with the juvenile justice system. Fred Finch Youth Center contracts with the County to serve West and Central County. This program utilizes the assertive community treatment model as modified for young adults that includes a personal service coordinator working in concert with a multi-disciplinary team of staff, including peer and family mentors, a psychiatric nurse practitioner, staff with various clinical specialties, to include co-occurring substance disorder and bi-lingual capacity. In addition to mobile mental health and psychiatric services the program offers a variety of services designed to promote wellness and recovery, including assistance finding housing, benefits advocacy, school and employment assistance, and support connecting with families. Youth Homes contracts with the County to serve Central and East County. This program emphasizes the evidence based practice of integrated treatment for co-occurring disorders, where youth receive mental health and substance abuse treatment from a single treatment specialist, and multiple formats for services are available, to include individual, group, self-help and family.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Assisted Outpatient Treatment	CSS-FSP	In February 2015, the Contra Costa Board of Supervisors passed a resolution authorizing \$2.25 million of MHSA funds to be utilized on an annual basis for providing mental health treatment as part of an assisted outpatient treatment (AOT) program. The County will implement the standards of an assertive community treatment team as prescribed by Assembly Bill 1421, and thus meet the acuity level of a full service partnership. This program will provide an experienced, multi-disciplinary team who will provide around the clock mobile, out-of-office interventions to adults, a low participant to staff ratio, and will provide the full spectrum of services, to include health, substance abuse, vocational and housing services. Persons deemed eligible for assisted outpatient treatment will be served, whether they volunteer for services, or are ordered by the court to participate. CCBHS underwent a competitive bid process to select a suitably qualified community-based organization to provide Assertive Community Treatment (ACT) to eligible adults in Contra Costa County; as a result, CCBHS entered into contract with Mental Health Systems, Inc. Services began during FY 2015-16. Contra Costa Mental Health has dedicated clinicians and administrative support within the Forensic Mental Health Clinic to serve on the AOT Care Team in the following capacity: provide the lead in receiving referrals in the community, conduct outreach and engagement to assist a referred individual, conduct the investigation and determination of whether a client meets eligibility criteria for AOT, prepare Court Petitions with supporting documentation and ongoing affidavits, testify in court, coordinate with County Counsel, Public Defender and law enforcement jurisdictions, act as liaison with ACT contractor, and participate in the development of the treatment plan.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Hope House - Crisis Residential Program	CSS-FSP	The County contracts with Telecare to operate a recently constructed MHSA financed 16 bed residential facility. This is a voluntary, highly structured treatment program that is intended to support seriously mentally ill adults during a period of crisis and to avoid in-patient psychiatric hospitalization. It also serves consumers being discharged from the hospital and long-term locked facilities that would benefit from a step-down from institutional care in order to successfully transition back into community living. Services are designed to be up to a month in duration, are recovery focused with a peer provider component, and will be able to treat co-occurring disorders, such as drug and alcohol abuse.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Miller Wellness Center	CSS - General Systems Development	The County has completed construction on a separate building near the Contra Costa Regional Medical Center that houses an assessment and recovery center. This county operated mental health treatment program for both children and adults is co-located with a primary care site, and will be utilized to divert adults and families from the psychiatric emergency services (PES) located at the Regional Medical Center. Through a close relationship with Psychiatric Emergency Services children and adults who are evaluated at PES can quickly step down to the services at the Miller Wellness Center if they do not need hospital level of care. The Miller Wellness Center will also allow for urgent same day appointments for individuals who either are not open to the Contra Costa Behavioral Health System of Care, or have disconnected from care after previously been seen. Positions to be filled under MHSA funding include a program manager, program supervisor, and two community support workers.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Capital Facilities	CFTN	The County completed an extensive community program planning process related to capital facility outlays and received approval from the State in 2010 to spend up to \$4 million for construction of a facility to house an assessment and recovery center (Miller Wellness Center). In the fiscal year 2011-12 MHSA Plan Update the construction of a 16 bed crisis residential facility (Hope House) was approved and added as a Capital Facilities project. This was funded by transferring \$3 million from the County's Prudent Reserve. Construction of both the Hope House and Miller Wellness Center was completed in the Spring of 2014. Behavioral health programs are operational in both facilities, with services described in the Community Services and Supports component of the Three Year Plan.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150

Contra Costa		Older Adult Mental Health	CSS - General Systems Development	First implemented in 2008, there are now two programs serving the older adult population over the age of 60, 1) Intensive Care Management, and 2) IMPACT (Improving Mood: Providing Access to Collaborative Treatment). Intensive Care Management consists of three multi-disciplinary teams, one for each region of the County and provides mental health services to older adults in their homes, in the community, and within a clinical setting. The primary goal is to support aging in place and to improve consumers' mental health, physical health and overall quality of life. Each multi-disciplinary team is comprised of a psychiatrist, a nurse, a clinical specialist, and a community support worker. The teams deliver a comprehensive array of care management services, linkage to primary care and community programs, advocacy, educational outreach, medication support and monitoring, and transportation assistance. IMPACT is an evidence-based practice which provides depression treatment to older adults in a primary care setting who are experiencing co-occurring physical health impairments. The model involves short-term problem solving therapy and medication support, with up to one year follow-up as necessary. MHSA funded mental health clinicians are integrated into a primary treatment team.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Children's Wraparound Support	CSS - General Systems Development	The County's Wraparound Program, in which children and their families receive intensive, multi-leveled treatment from the County's three children's mental health, were augmented in 2008 by family partners and mental health specialists. Family partners are individuals with lived experience as parents of children and adults with serious emotional disturbance or serious mental illness who assist families with advocacy, transportation, navigation of the service system, and offer support in the home, community, and county service sites. Family partners participate as team members with the mental health clinicians who are providing treatment to children and their families. Mental Health Specialists are non-licensed care providers who can address culture and language specific needs of families in their communities. These professionals arrange and facilitate team meetings between the family, treatment providers and allied system professionals.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Miller Wellness Center	CSS - General Systems Development	The County has completed construction on a separate building near the Contra Costa Regional Medical Center that houses an assessment and recovery center. Contra Costa		Liaison Staff	CSS - General Systems Development	CCBHS partners with primary health care to provide Mental Health Clinical Specialists who assist with mental health treatment planning and transitioning clients appropriate mental health care in the community. In addition, Community Support Worker positions have been authorized to liaison with Psychiatric Emergency Services in order to assist individuals experiencing a psychiatric crisis connect with services that will support them in the community. These positions will be housed at the Miller Wellness Center.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Clinic Support	CSS - General Systems Development	The Community Program Planning Process that supported the 2012-13 MHSA Plan Update recommended adding County positions to supplement clinical staff implementing treatment plans at the three adult clinics and three children's clinics. These are: 1) 1) Resource Planning and Management. Dedicated staff at the three adult clinics assist consumers with money management and the complexities of eligibility for Medi-Cal, Medi-Care, Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) benefits. One money management specialist is allocated for each clinic, and work with and are trained by financial specialists. 2) The Community Program Planning Process identified transportation to and from clinics as a critical priority for accessing services. Toward this end one-time MHSA funds were utilized in Fiscal Years 2013-14 and 14-15 to purchase additional county vehicles to be located at the clinics. Community Support Workers, one for each adult clinic, have been added to the three clinics to be dedicated to the transporting of consumers to and from appointments. 3) Clinical Specialists, one for each Children's clinic, have been added to provide training and technical assistance in adherence to the fidelity of treatment practices that have an established body of evidence that support successful outcomes.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Reducing Risk of developing a serious mental illness	PEI	This category includes a) providing outreach and engagement to underserved communities, b) supporting at-risk youth, c) supporting healthy parenting skills, d) integrating primary care and mental health care for adults, and e) providing outreach and support to isolated older adults.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Preventing relapse of individuals in recovery	PEI	Following the internationally recognized clubhouse model, the Putnam Clubhouse provides peer-based programming for adults throughout Contra Costa County who are in recovery from a serious mental illness. This structured, work focused programming helps individuals develop support networks, career development skills, and the self-confidence needed to sustain stable, productive and more independent lives. Features of the program provide respite support to family members, peer-to-peer outreach, and special programming for transition age youth and young adults.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Reducing stigma and discrimination	PEI	The Contra Costa Behavioral Health Services Office for Consumer Empowerment (OCE) provides leadership and staff support to a number of initiatives designed to a) reduce stigma and discrimination, b) develop leadership and advocacy skills among consumers of behavioral health services, c) support the role of peers as providers, and d) encourage consumers to actively participate in the planning and evaluation of MHSA funded services.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Mental Health and Social Supports for Lesbian, Gay, Bisexual, Transgender, Questioning (LGBTQ) Consumers	INN	Rainbow Community Center has contracted with the County to continue to develop a behavioral/mental health model to serve youth, TAY and adult consumers who identify themselves as lesbian, gay, bi-sexual, transgender or questioning their sexual identity or gender. Previously, this program worked to identify unmet needs and tested the effectiveness of various modes of engagement, assessment and service provision, and developed best practices for engaging and serving LGBTQ consumers and broadening and strengthening their social supports (peers, family, schools, faith communities). A key component of the project included building learning collaboratives of local community members and organizations who worked to improve linkage and care services for LGBTQ community members in schools, faith communities, and service provider settings. The project developed proposed models of LGBTQ counseling, support groups, youth and TAY development activities, and specialty mental health services tailored to meet needs of LGBTQ community members. Three categories of interventions will be sustained with future funding in order to inform the mental health system of care as to best practices and to assist in replication: i) promote inclusive climates with faith communities and service providers, ii) individual counseling (clinic and school-based) and support group services to promote healthy LGBTQ identity development, iii) specialty mental health services for consumers who have been marginalized and have a serious mental illness, and iv) development of evaluation methodology for school and agency-based mental health services. The counseling and mental health programs have begun to serve TAY and adults and older adults as well as youth.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Trauma Recovery Project	INN	The County is providing staff to lead trauma recovery groups within the County's adult mental health clinics for individuals who are both suffering from post-traumatic stress disorder (PTSD) and are receiving mental health services for a serious mental illness. The groups adhere to the trauma recovery group practice for treatment of PTSD. This is a promising practice that utilizes cognitive restructuring, and seeks to reduce involuntary hospitalizations and psychiatric emergency services for this at-risk population.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Wellness Coaches	INN	Individuals who have experience as a consumer and/or family member of the mental health system have been trained to provide mental health and health wellness coaching to recipients of integrated health and mental health services within Contra Costa Mental Health. These peer providers are part of the County's Behavioral Health Services integration plans that are currently being implemented. The Wellness Coaches are paired with Wellness Nurses, and are assigned to the adult mental health clinics. The Coaches have received training specific to the skill sets needed to improve health and wellness outcomes for consumers.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Partners in Aging	INN	Older adults who are frail, homebound and suffer from mental health issues experience higher rates of isolation, psychiatric emergency interventions, and institutionalization that could be prevented. An Innovation Project is being developed that would train and field in-home peer support workers to engage older adults who have been identified by Psychiatric Emergency Services as individuals who need additional staff care in order to avoid repeated crises, engage in ongoing mental health treatment, increase their skills in the activities of daily living, and engage appropriate resources and social networks.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Overcoming Transportation Issues	INN	Contra Costa Behavioral Health Services is seeking approval for this project from the Mental Health Services Oversight and Accountability Commission in 2016. Transportation challenges provide a constant barrier to accessing mental health services. A comprehensive study was completed via the County's community program planning process, and a number of needs and strategies were documented. Findings indicated a need for multiple strategies to be combined in a systemic and comprehensive manner. These strategies include training consumers to independently navigate public transportation, providing flexible resources to assist with transportation costs, educating consumers regarding schedules, costs and means of various modes of public transportation, transport consumers to and from mental health appointments and develop shuttle routes, accommodate special transportation needs, and create a centralized staff response to coordinate efforts and respond to emerging transportation needs. An Innovation Project will be developed to address these needs and provide a means to inform the overall mental health system of care regarding solutions for improving transportation access to mental health care.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Training and Technical Assistance	WET	1) Various individual and group staff trainings will be funded that support the values of the Mental Health Services Act. As a part of the MHSA community program planning process and training surveys, stakeholders identified the need for training to increase knowledge related to cultural communities, such as disadvantaged populations, and the lesbian, gay, bi-sexual, transgender communities, and those who question their sexual identity. Additionally, stakeholders expressed the need to develop activities to reduce stigma. In response the County will host a variety of culture-specific training events focused on cultural groups, such as Asian Americans, Latinos, and African Americans. In addition, the following specific contracts will be let out; i) payment to the Contra Costa National Alliance on Mental Illness (NAMI) to provide Family-to-Family training in Spanish that assists families support their loved ones navigate the public mental health system, ii) training for law enforcement officers to respond safely and compassionately to crisis situations involving persons with mental health issues.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Reducing Disparities						
Contra Costa		Children's Full Service Partnerships	CSS-FSP	The Children's Full Service Partnership Program is comprised of four elements, 1) personal services coordinators, 2) multi-dimensional family therapy for co-occurring disorders, 3) multi-systemic therapy for juvenile offenders, and 4) county operated children's clinic staff. 1) Personal Service Coordinators. Personal service coordinators are part of a program entitled Short Term Assessment of Resources and Treatment (START). Seneca Family of Agencies contracts with the County to provide personal services coordinators, a mobile response team, and three to six months of short term intensive services to stabilize the youth in their community and to connect them and their families with sustainable resources and supports. Referrals to this program are coordinated by County staff on a countywide assessment team, and services are for youth and their families who are experiencing severe stressors, such as out-of-home placement, involvement with the juvenile justice system, co-occurring disorders, or repeated presentations at the County's Psychiatric Emergency Services. 2) Multi-dimensional Family Therapy (MDFT) for Co-occurring Disorders. Lincoln Child Center contracts with the County to provide a comprehensive and multi-dimensional family-based outpatient program for adolescents with a mental health diagnosis who are experiencing a co-occurring substance abuse issue. These youth are at high risk for continued substance abuse and other problem behaviors, such as conduct disorder and delinquency. This is an evidence based practice of weekly or twice weekly sessions conducted over a period of 4-6 months that target the youth's interpersonal functioning, the parents' parenting practices, parent-adolescent interactions, and family communications with key social systems. 3) Multi-systemic Therapy (MST) for Juvenile Offenders. Community Options for Families and Youth (COFY) contracts with the County to provide home-based multiple therapist-family sessions over a 3-5 month period. These sessions are based on nationally recognized evidence based practices designed to decrease rates of anti-social behavior, improve school performance and interpersonal skills, and reduce out-of-home placements. The ultimate goal is to empower families to build a healthier environment through the mobilization of existing child, family and community resources. 4) Children's Clinic Staff. County clinical specialists and family partners serve all regions of the County, and contribute a team effort to full service partnerships. Clinical specialists provide a comprehensive assessment on all youth deemed to be most seriously emotionally disturbed. The team presents treatment recommendations to the family, ensures the family receives the appropriate level of care, and family partners helps families facilitate movement through the system.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Transition Age Youth (TAY) Full Service Partnerships	CSS-FSP	Eligible youth (ages 16-25) are individuals who are diagnosed with a serious emotional disturbance or serious mental illness, and experience one or more of the risk factors of homelessness, co-occurring substance abuse, exposure to trauma, repeated school failure, multiple foster care placements, and experience with the juvenile justice system. Fred Finch Youth Center contracts with the County to serve West and Central County. This program utilizes the assertive community treatment model as modified for young adults that includes a personal service coordinator working in concert with a multi-disciplinary team of staff, including peer and family mentors, a psychiatric nurse practitioner, staff with various clinical specialties, to include co-occurring substance disorder and bi-lingual capacity. In addition to mobile mental health and psychiatric services the program offers a variety of services designed to promote wellness and recovery, including assistance finding housing, benefits advocacy, school and employment assistance, and support connecting with families. Youth Homes contracts with the County to serve Central and East County. This program emphasizes the evidence based practice of integrated treatment for co-occurring disorders, where youth receive mental health and substance abuse treatment from a single treatment specialist, and multiple formats for services are available, to include individual, group, self-help and family.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Adult Full Service Partnerships	CSS-FSP	Adult Full Service Partnerships provide a full range of services to adults over the age of 18 who are diagnosed with a serious mental illness, are at or below 300% of the federal poverty level, and are uninsured or receive Medi-Cal benefits. Three contractors to the County will provide full service partnerships in Fiscal Year 2016-17, and utilize a modified assertive community treatment model. This is a model of treatment made up of a multi-disciplinary mental health team, including a peer specialist, who work together to provide the majority of treatment, rehabilitation, and support services that clients use to achieve their goals. Anka Behavioral Health takes the lead in providing full service partnership services to Central County. The Portia Bell Hume Center contracts with the County to provide full service partnerships for West and East County, while Familias Unidas contracts with the County to provide the lead on full service partnerships for West County's Latino population. Anka Behavioral Health additionally serves those adults who have been charged with non-violent felonies or misdemeanors, who experience a serious mental illness/serious emotional disturbance, and are on probation. Contra Costa Behavioral Health's Forensic Team refers those individuals who have been screened for services and need the full spectrum of care of a full service partnership program.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Assisted Outpatient Treatment	CSS-FSP	In February 2015, the Contra Costa Board of Supervisors passed a resolution authorizing \$2.25 million of MHSA funds to be utilized on an annual basis for providing mental health treatment as part of an assisted outpatient treatment (AOT) program. The County will implement the standards of an assertive community treatment team as prescribed by Assembly Bill 1421, and thus meet the acuity level of a full service partnership. This program will provide an experienced, multi-disciplinary team who will provide around the clock mobile, out-of-office interventions to adults, a low participant to staff ratio, and will provide the full spectrum of services, to include health, substance abuse, vocational and housing services. Persons deemed eligible for assisted outpatient treatment will be served, whether they volunteer for services, or are ordered by the court to participate. CCBHS underwent a competitive bid process to select a suitably qualified community-based organization to provide Assertive Community Treatment (ACT) to eligible adults in Contra Costa County; as a result, CCBHS entered into contract with Mental Health Systems, Inc. Services began during FY 2015-16. Contra Costa Mental Health has dedicated clinicians and administrative support within the Forensic Mental Health Clinic to serve on the AOT Care Team in the following capacity: provide the lead in receiving referrals in the community, conduct outreach and engagement to assist a referred individual, conduct the investigation and determination of whether a client meets eligibility criteria for AOT, prepare Court Petitions with supporting documentation and ongoing affidavits, testify in court, coordinate with County Counsel, Public Defender and law enforcement jurisdictions, act as liaison with ACT contractor, and participate in the development of the treatment plan.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Older Adult Mental Health	CSS - General Systems Development	First implemented in 2008, there are now two programs serving the older adult population over the age of 60, 1) Intensive Care Management, and 2) IMPACT (Improving Mood: Providing Access to Collaborative Treatment). Intensive Care Management consists of three multi-disciplinary teams, one for each region of the County and provides mental health services to older adults in their homes, in the community, and within a clinical setting. The primary goal is to support aging in place and to improve consumers' mental health, physical health and overall quality of life. Each multi-disciplinary team is comprised of a psychiatrist, a nurse, a clinical specialist, and a community support worker. The teams deliver a comprehensive array of care management services, linkage to primary care and community programs, advocacy, educational outreach, medication support and monitoring, and transportation assistance. IMPACT is an evidence-based practice which provides depression treatment to older adults in a primary care setting who are experiencing co-occurring physical health impairments. The model involves short-term problem solving therapy and medication support, with up to one year follow-up as necessary. MHSA funded mental health clinicians are integrated into a primary treatment team.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Children's Wraparound Support	CSS - General Systems Development	The County's Wraparound Program, in which children and their families receive intensive, multi-levelled treatment from the County's three children's mental health, were augmented in 2008 by family partners and mental health specialists. Family partners are individuals with lived experience as parents of children and adults with serious emotional disturbance or serious mental illness who assist families with advocacy, transportation, navigation of the service system, and offer support in the home, community, and county service sites. Family partners participate as team members with the mental health clinicians who are providing treatment to children and their families. Mental Health Specialists are non-licensed care providers who can address culture and language specific needs of families in their communities. These professionals arrange and facilitate team meetings between the family, treatment providers and allied system professionals.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Women Embracing Life and Learning (WELL)	INN	This project is a collaboration between Contra Costa Behavioral Health, Public Health Nursing and the Women, Infant and Child (WIC) program. This new pattern of service integrates a coordinated approach to addressing perinatal and post-partum depression among women in order to improve health outcomes and prevent serious mental illness. The Central County WIC office screens for symptoms of depression, refers women at risk to the multi-disciplinary team, and the team provides one-on-one and group counseling, medication support as appropriate, and referral and linkage to additional treatment as needed.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Partners in Aging	INN	Older adults who are frail, homebound and suffer from mental health issues experience higher rates of isolation, psychiatric emergency interventions, and institutionalization that could be prevented. An Innovation Project is being developed that would train and field in-home peer support workers to engage older adults who have been identified by Psychiatric Emergency Services as individuals who need additional staff care in order to avoid repeated crises, engage in ongoing mental health treatment, increase their skills in the activities of daily living, and engage appropriate resources and social networks.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Training and Technical Assistance	WET	1) Various individual and group staff trainings will be funded that support the values of the Mental Health Services Act. As a part of the MHSA community program planning process and training surveys, stakeholders identified the need for training to increase knowledge related to cultural communities, such as disadvantaged populations, and the lesbian, gay, bi-sexual, transgender communities, and those who question their sexual identity. Contra Costa		Residency Internship Programs	WET	Contra Costa County supports internship programs which place graduate level students in various county operated and community based organizations. Particular emphasis is put on the recruitment of individuals who are bi-lingual and/or bi-cultural, and individuals with consumer and/or family member experience. CCBHS provides funding to enable up to 75 graduate level students to participate in paid internships in both county operated and contract agencies that lead to licensure as a Marriage and Family Therapist (MFT), Licensed Clinical Social Worker (LCSW), Clinical Psychologist and Mental Health Nurse Practitioner. These County financed internships are in addition to the state level workforce education and training stipend programs that are funded by the California Office of Statewide Health Planning and Development. This state funded stipend program requires that participants commit to working in community public mental health upon graduation. The County's assessment of workforce needs has determined that a combination of state and locally financed internships has enabled the County and its contractors to keep pace with the annual rate of turnover of licensed staff.	http://cchealth.org/men/ta/health/mhsa/	(925) 957-5150
Contra Costa		Financial Incentive Programs	WET	The County participates in the state level workforce, education and training funded Mental Health Loan Assumption Program. Administered by the Office of Statewide Health Planning and Development, this program makes annual payments of up to \$10,000 to an educational lending institution on behalf of an employee who has incurred debt while obtaining education. The recipient is required to work in the public mental health system for each year (up to five years) in a capacity that meets the employer's workforce needs. Contra Costa County has been allocated \$309,733 from the state level WET fund to apply toward this program. The County plans to maximize the impact of this retention strategy by incrementally increasing the number of awards provided yearly for county and contract agency employees who work in the Contra Costa Behavioral Health Services system of care.	http://cchealth.org/men/ta/health/mhsa/	(925) 957-5150

SB 82 Funded						
Contra Costa	SB 82	Investment in Mental Health Wellness Act (SB 82) Grant Project	SB 82	Contra Costa utilizes the Mental Health Wellness Act (SB-82) funds it was awarded in response to a competitive bid process in 2014 to operate a crisis mobile support team. The emphasis of the mobile crisis support team in the adult system of care has shifted to be co-responders with law enforcement personnel to evaluate consumers who have been discharged from Psychiatric Emergency Services (PES) and for whom there is a history of domestic violence or weapons possession. This enhanced collaboration with law enforcement has resulted in increased cooperation among consumers when offered appointments at the outpatient clinics or full service partnerships. In the children's system of care, the mental health clinical specialist continues to link the children admitted to psychiatric emergency services to the mobile response team contracted for with a private provider.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Adult Mental Health Clinic Support	CSS-FSP	Contra Costa Mental Health has dedicated clinicians at each of the three adult mental health clinics to provide support, coordination and rapid access for full service partners to health and mental health clinic services as needed and appropriate. Rapid Access Clinicians offer drop-in screening and intake appointments to clients who have been discharged from the County Hospital or Psychiatric Emergency Services but who are not open to the county mental health system of care. Rapid Access Clinicians will then refer clients to appropriate services and, when possible, follow-up with clients to ensure a linkage to services was made. If a client meets eligibility criteria for Full Service Partnership services, the Rapid Access Clinician will seek approval to refer the client to Full Service Partnership services. Clinic management act as the gatekeepers for the Full Service Partnership programs, authorizing referrals and discharges as well as providing clinical oversight to the regional Full Service Partnership programs. Full Service Partnership Liaisons provide support to the Full Service Partnership programs by assisting the programs with referrals and discharges, offering clinical expertise, and helping the programs to navigate the County systems of care.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Forensic Team	CSS - General Systems Development	Authorized for Fiscal Year 2011-12 four clinical specialists were funded by MHSA to join a multi-disciplinary team that provides mental health services, alcohol and drug treatment, and housing services to individuals with serious mental illness who are on probation and at risk of re-offending and incarceration. These individuals were determined to be high users of psychiatric emergency services and other public resources, but very low users of the level and type of care needed. This team works very closely with the criminal justice system to assess referrals for serious mental illness, provide rapid access to a treatment plan, and work as a team to provide the appropriate mental health, substance abuse and housing services needed.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Quality Assurance and Administrative Support	CSS - General Systems Development	In 2008, the County first added needed positions via MHSA funding to perform various administrative support and quality assurance functions for statutory, regulatory and contractual compliance, as well as management of quality of care protocol. County staff time and funding to support the community program planning process are also included here. Utilizing the state's allowance guide of 15% of total MHSA budget for this support element, the County's total percentage has varied from 10% to 12% each year. County positions have been incrementally justified, authorized and added each year as the total MHSA budget has increased.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150
Contra Costa		Administrative support and evaluation of prevention and early intervention	PEI	A program supervisor and two planner/evaluator positions have been allocated by the County to provide administrative support and evaluation of programs and plan elements that are funded by MHSA.	http://cchealth.org/men/tahealth/mhsa/	(925) 957-5150

Contra Costa		Early Intervention	PEI	The County operated First Hope Program serves youth who are at risk for, or show early signs of psychosis. Referrals are accepted from all parts of the County, and through a comprehensive assessment process young people, ages 12-25, and their families are helped to determine whether First Hope is the best treatment to address the psychotic illness and associated disability. A multi-disciplinary team provides intensive care to the individual and their family, and consists of psychiatrists, mental health clinicians, occupational therapists and employment/education specialists. These services are based on the Portland Identification and Early Referral (PIER) Model, and consists of multi-family group therapy, psychiatric care, family psycho-education, education and employment support, and occupational therapy.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Reluctant to Rescue	INN	1) Community Violence Solutions contracts with the County to provide outreach and engagement to exploited youth who engage in street socialization, commercial sex work or survival sex. Staff adapt their outreach to engaging youth where they are located, providing safe, accessible drop-in centers, and providing mental health and support services. This project is developing promising practices to identify exploited and at-risk youth, coordinate with and educate public entities, such as law enforcement, and mobilize resources to assist youth leave exploited situations.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Recovery through Employment Readiness	INN	The community program planning process has placed an urgent priority on the County providing pre-vocational and employment services to a large number of mental health consumers who are not currently receiving this service. An analysis indicates that Contra Costa Vocational Services currently partners with the California Department of Rehabilitation to provide a "place and train" model of employment services. This model screens applicant for readiness to enter competitive employment, and then provides job placement and supported employment services to facilitate job retention. However, a large number of individuals who need training, education and other pre-employment services are being screened out. A new and innovative model is being developed to combine a "train and place" approach with the existing "place and train" approach in order to serve a larger number of consumers who represent a broader spectrum of readiness for employment.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Workforce Staffing Support	WET	Workforce education and training staff are designated to develop and coordinate all aspects of this component. This includes conducting a yearly workforce needs assessment, coordinating education and training activities, acting as an educational and training resource by participating in the Greater Bay Area Regional Partnership and state level workforce activities, providing staff support to County sponsored ongoing and ad-hoc workforce workgroups, developing and managing the budget for this component, applying for and maintaining the County's mental health professional shortage designations, applying for workforce grants and requests for proposals, coordinating intern placements throughout the County, and managing the contracts with various training providers and community based organizations who receive funding for graduate level interns.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Contra Costa		Mental Health Career Pathway Programs	WET	Funding is annually allocated to enable a designated Contra Costa County high school to develop and deliver a mental health class curriculum and provide stipend work experiences. By introducing high school students to mental health through this curriculum, students increase their knowledge of mental health concepts and potential careers in the public mental health system. Staff assist students connect with colleges that support a career ladder in the public mental health system.	http://cchealth.org/mentalhealth/mhsa/	(925) 957-5150
Contra Costa		Information Technology	CFTN	Contra Costa received approval from the State in 2010 to utilize up to \$6 million in MHSA funds to develop and implement an electronic mental health record system. The approved project is intended to transform the current paper and location-based system with an electronic system where clinical documentation can be centralized and made accessible to all members of a consumer's treatment team, with shared decision-making functionality. It would replace the existing claims system, where network providers and contract agencies would be part of the system and be able to exchange their clinical and billing information with the County. The proposed system would allow doctors to submit their pharmacy orders electronically, and permit sharing between psychiatrists and primary care physicians to allow knowledge of existing health conditions and drug inter-operability. It would also allow consumers to access part of their medical record, make appointments, and electronically communicate with their treatment providers. Subsequent to approval for this project Contra Costa Health Services, to include Contra Costa Regional Medical Center, the ambulatory care clinics and the Contra Costa Health Plan, converted existing systems to an integrated electronic medical record system, entitled EPIC. This conversion of the larger health care system initiated an analysis to determine the feasibility of using the EPIC system for behavioral health services. The analysis indicated significant functionality gaps in the clinical documentation and billing for specialty mental health services, as it utilized a different billing format. Closing the gap required significant development efforts by EPIC system staff. Initiation of the electronic mental health record system was delayed until EPIC was fully operational in Contra Costa's Health Service Division, and functionality between EPIC's capacity and the electronic mental health record's objectives could be determined. This was solved by the certification of EPIC's Tapestry module, and work began in FY 2013-14. The Epic Tapestry project will have the capacity to communicate and share information with EPIC and other systems currently in use by contract providers and other entities involved in the treatment and care of clients. The project is scheduled to be completed in two years. As per the 2010 proposal, funding from the County's Health Services Department would be sought for any costs that exceed the originally approved \$6 million.	http://cchealth.org/men-talhealth/mhsa/	(925) 957-5150
Del Norte County						
Crisis Support						
Del Norte		Adult Full Service Partnership Programs	CSS-FSP	Helps identified individuals achieve their desired outcomes through the delivery of individualized, consumer/family-driven mental health services and supports, providing a "whatever it takes" approach to help these individuals move toward recovery and live successfully in the community. Services include traditional mental health services (psychiatry/medication support, therapeutic interventions), as well as services and supports including transitional and permanent supportive housing, vocational and employment opportunities, necessities of daily living (food, clothing), and peer support. We will expand services to include more options for individual counseling, life skills training and linkages to adjunct services and community resources.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us

Del Norte		Children's System of Care/Wraparound Services	CSS-FSP	To be implemented - Works with our priority population of children ages 0-15 with serious emotional disturbance at risk of out-of-home placement and/or uninsured at risk of out-of-home placement. Expands the program for better coordination with our county Wraparound program to include schools, local service agencies, Hmong, Latino, and Native American communities, and faith-based organizations to provide linkages for all available services. Expands the program to provide additional family treatment.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Bridge Team	CSS-OESD	The Bridge Team will continue to deliver integrated services providing expanded Outreach and Engagement activities and intensive case management for all clients entering our Mental Health system as a consequence of crisis. The Team monitors progress toward goals over a 20-90 day period, adjusting services to meet consumer needs, while creating linkages to our Service Center programs and all other available community supports in order to prevent "decompensation," which places clients at risk of higher levels of care, incarceration, homelessness, and inpatient hospitalization.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Peer/Family Support Specialists						
Del Norte		Service Center Programs	CSS-OESD	The Center offers daily activities and supports that allow staff to assist consumers using a wellness focus in an alternative setting. Many consumers have recently returned to the community from long-term care facilities; others are at risk of higher levels of care without staff intervention. The concepts of recovery and resilience provide the foundation to develop independence and achieve goals in stable living, personal and community functioning, dual diagnosis substance abuse. Additional peer self-help groups and linkages to other community resources empower consumers, allowing them to remain in the community in a successful manner. Services address the individual's known risks, utilize and strengthen available resources, and open opportunities to help consumers develop personal potential and self sufficiency.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Adult Service Center	CSS-OESD	Provides the foundation to develop independence and achieve goals in stable living, personal and community functioning, education, and employment. Provides education and resources in the areas of social skills, stress management, coping skills, healthy relationship choices, basic health care and hygiene, and cultural appreciation. Includes individual counseling options and clinical and dual- diagnosis groups. Vocational rehabilitation/return to work program identifies and trains employment skills based on consumer strengths. Expands outreach and engagement efforts to the outlying communities, tribal, Hispanic, and Hmong communities.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Strengthening Families	PEI	The Strengthening Families program will be focused on youth who are at risk of developing low level mental health and behavioral problems that affect the health of the family. This voluntary program is intended for children and youth ages 6-18 and their families. the ability to reach a more diverse age group allows for customization of the sessions, and better utilization of staff time. These parenting classes, which also involve children and youth in separate and joined sessions with the parents, provide a unique and rich opportunity for life skills and relationship building.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us
Del Norte		Reach for Success	PEI	The Reach for Success program is voluntary and will be held during school hours to facilitate access and participation for youth where transportation is a barrier. Programs held within tribal organizations or community centers would be in a familiar environment that is not routinely used for provision of mental health services. As a result outcomes are enhanced through a sense of trust and safety. The program is designed to provide prevention and early intervention to youth at risk of developing low level mental health and behavioral problems that affect the health of the family as well as transition age youth in foster care. Youth will learn relationship building, life and coping skills and resiliency. With the development of significant support systems and role models they will have the ability to make better life choices, including school participation and success, following rules, and understanding consequences. As a result they will have better opportunities for success in life, preventing further generational traumas of domestic violence, child abuse, and substance abuse.	http://www.co.del-norte.ca.us/departments/health-human-services/mental-health-branch	Marcus Padilla 707-464-7224 mpadilla@co.del-norte.ca.us

Glenn		SMART	INN	Innovation Project-System-wide Mental Health Assessment and Response Treatment Team (SMART). The System-wide Mental Health Assessment and Response Treatment Team (SMART) is a collaborative multi-agency team that responds quickly and efficiently to critical school incidents such as school threats, suicidal behavior, violence, and bullying. SMART uses proven practices to address school threats and suicidal behavior; prevent bullying; and provides ongoing services to resolve identified issues. The SMART Team responds to situations across the county and conducts a comprehensive mental health and crisis evaluation. An evidence-based practice, MOSAIC, is used to determine the level of risk for each child. This data also helps to identify the most effective strategy in each situation, and provides protocols to help respond and evaluate the situation to support a positive outcome for each situation. The SMART team includes Mental Health staff, law enforcement, probation, and school designees. Each school is in the process of developing school response teams. These teams include school counselors, school psychologists, principals, vice principals, and other key staff. Services offer a wide array of prevention activities and support, crisis response, community threat response, screening, assessment, early identification of school violence, case management monitoring and clinical services.	http://www.countyofglenn.net/govt/departments/mental_health	Roxann Baillergeon rbaillergeon@glenncountyhealth.net (530)934-6582

Glenn		Parent-Child Interaction Therapy (PCIT)	PEI	<u>Parent-Child Interaction Therapy (PCIT)</u> is an evidence-based practice which utilizes a specially equipped treatment room to train parents in parenting and behavioral management skills. PCIT provides families with very direct and individualized parenting skills that are developed through a process in which parents receive instruction through an earpiece that is linked to a therapist/intern. The therapist/intern, from behind a one-way mirror, observes interactions between the parent and child, coaches the development of relationship enhancement techniques, and gives behavioral interventions for how to respond to difficult parent/child situations. Each training session lasts about 1 hour; occurs for approximately 15-20 weekly visits; and shows very strong outcomes for both parents and children. Case Managers may provide in-home support to generalize the skills learned in the home setting, including replacement skills.	http://www.countyofglenn.net/govt/departments/mental_health	Cheri Berge (530) 934-6582 cberge@glenncountyhealth.net

Glenn		Welcoming (Warm) Line	PEI	The Welcome Line is designed to improve access to unserved and underserved community members by immediately connecting the caller to an individual who is knowledgeable about resources within the community, and is willing to listen to the caller and determine the need for services. The Welcome Line is utilized by many different community members and older adults. By offering immediate interactions and supportive responses to callers, we provide support and welcoming conversation to help individuals remain stable and prevent escalation in symptoms. The Welcome Line also provides outreach to community members, which includes weekly phone contact for community members who are in need of extra support. Outreach activities can help reduce stigma and increase awareness of our programs. Glenn		See It, Speak It, Change It	PEI	In addition, we offer a Bullying Prevention program called "See It, Speak It, Change It." Bullying was identified as a significant issue in our community by youth, schools, and our adult clients, who experienced bullying as children and as adults. This program helps to identify bullying behavior and develops skills and strategies for changing the behavior. We utilize our Peer Mentors using a Say It Straight model to help stop bullying. This program is delivered to freshmen at the high schools, during Freshmen Orientation week, and throughout the year. We also give teachers the skills to address bullying and help to change it.	http://www.countyofglenn.net/govt/departments/mental_health/	Cindy Ross (530) 934-6582 cross@glenncountyhealth.net

Imperial		Adult and Older Adult Services Full Service Partnership Program	CSS-FSP	<p>The Adult and Older Adult Services Full Service Partnership (Adult-FSP) Program is consumer-driven, community focused, and promotes recovery and resiliency. The Adult-FSP Program provides a "whatever it takes" approach to ensure that all consumers receive the services and assistance that are needed. Services provided by the Adult-FSP Program staff include case management, rehabilitative services, "wrap-like" services, integrated community mental health, alcohol and drug services, crisis response, and peer support.</p> <p>This program serves unserved and underserved adults and older adults, ages 26 and older. To be eligible for these services, individuals must meet the following criteria:</p> <ul style="list-style-type: none"> • Adults 26 years of age and older who have a co-occurring disorder of severe emotional disturbance and substance abuse/dependence; or, • Severely Mentally Ill (SMI) adults between the ages of 26 and 59 who are incarcerated in the adult criminal justice system or have been incarcerated in the past year and are transitioning back into the community; or, • Older adults, ages 60 and older, who are diagnosed with a severe mental illness and are homeless or at risk of being homeless, or isolated and homebound. These individuals may also be diagnosed with a substance use disorder. <p>The Adult-FSP Program provides a variety of services, in a culturally competent environment, to adults and older adults, ages 26 and older. Individuals eligible to receive services under the Adult-FSP Program benefit from receiving medication support, therapy, and mental health rehabilitation/targeted case management services, if needed. Additionally, the program's mental health rehabilitation technicians will assist consumers with the reintegration process back into the community through linkage of the following applicable services: emergency shelter; permanent housing; emergency clothing; food baskets; SSI/SSA benefits application and/or appeal; DSS Cash Aide Application; Section 8 Housing Application; substance abuse treatment and/or rehabilitation referral; finding a general physician and/or dentist; and driver license/ID application and/or immigration paperwork.</p>	http://www.imperial.net/workofcare.org/mh/home/index.cfm http://www.co.imperial.ca.us/behavioralhealth/index.asp	<p>Francisco Ortiz FranciscoOrtiz@co.imperial.ca.us 760-482-2144</p>
Imperial		Resource Center	CSS-OESD	<p>The main focus of the Resource Center Program (RCP) is to provide engagement and education, and promote wellness, recovery, and self-sufficiency. Program staff serve the unserved and underserved adults and older adults, ages 26 and older, who are Severely Mentally Ill and have a diagnosis that includes Bipolar Type I and II disorders, Psychotic Disorders, Delusional Disorders, and/or Schizophrenic Disorders. RCP staff offer daily structured activities that assist consumers in their recovery from their mental illness, as well as assist them with rebuilding a healthy and more independent lifestyle.</p> <p>The RCP has partnered with outside agencies such as the Department of Rehabilitation/Work Training Center (DOR/WTC), Imperial Valley College (IVC), Fitness Oasis Gym, Imperial Valley Regional Occupation Program (IVROP), and Clinicas De Salud Del Pueblo. These agencies offer consumers educational classes and pre-employment readiness and employment training, as well as assist them in obtaining a high school diploma. Consumers also have access to computers and the internet to aid them in completing school assignments (i.e. research, homework, and projects). Program staff provide bus vouchers and/or arrange transportation through ICBHS based upon the consumer's specific transportation needs. Through the aforementioned agencies, consumers are also offered the opportunity to attend classes on English as a Second Language; arts & crafts; photography; self-esteem; life skills; cooking (such as baking and/or cake decorating); and quilting and/or sewing. Additionally, consumers are offered the opportunity to participate in various support groups, such as medication education, wellness groups, and health and fitness classes. Consumers also have an individualized Wellness and Recovery Action Plan (WRAP) to assess their specific level of recovery and plan appropriate recovery goals.</p> <p>The RCP staff offer an array of services through the RCP Outpatient Clinic to assist SMI consumers in reaching and maintaining their recovery goals. The program offers the following services:</p> <ul style="list-style-type: none"> • Medication Support • Targeted Case Management Services • Crisis Intervention Services • Individual Therapy 	http://www.imperial.net/workofcare.org/mh/home/index.cfm http://www.co.imperial.ca.us/behavioralhealth/index.asp	<p>Francisco Ortiz FranciscoOrtiz@co.imperial.ca.us 760-482-2144</p>

Imperial		Trauma- Focused CBT Program	PEI	The TF-CBT Program utilizes Trauma Focused-Cognitive Behavioral Therapy as the intervention to treat children and adolescents, ages 4 to 18, who have been exposed to a traumatic experience. This therapy model is being implemented as an early intervention activity aiming to prevent the development of mental illness and from symptoms from becoming severe and disabling. TF-CBT was designed to help children, youth, and their parents overcome the negative effects of traumatic life events such as child sexual or physical abuse; traumatic loss of a loved one; domestic, school, or community violence; or exposure to natural disasters (earthquakes), terrorist attacks, or war trauma. TF-CBT incorporates cognitive and behavioral interventions with traditional child abuse therapies that focus on enhancement of interpersonal trust and empowerment. Under the TF-CBT program, staff also conduct preventive activities by participating in outreach activities in the community and by providing presentations in schools.	http://www.imperial.net/workofcare.org/mh/ho/me/index.cfm http://www.co.imperial.ca.us/behavioralhealth/index.asp	Leticia Plancarte LetyPlancarte@co.imperial.ca.us 442-265-1696

Imperial		Innovation	INN	The Innovation Plan consists of developing and establishing a unique type of collaborative relationship between behavioral health and education that can be replicated and expanded to other school districts county-wide. This unique collaborative will be developed in the process of implementing a system to provide services to early school-age children who are an underserved population. This Innovation Plan consists of ICBHS staff delivering services in the school settings where they have daily interaction with school personnel. Staff from both agencies attends training and work together in the implementation of an intervention program. The benefits of this collaborative will be the early identification of at risk behaviors in young children and timely interventions and information are provided to both the child and the parents. Through the process of delivering services, staff introduces information about mental illness to parents and teachers in order to facilitate dialogue, problem solving, and referrals. The implementation of Innovation Plan requires the training of ICBHS and Education on staff conducting age-appropriate comprehensive assessment and age-appropriate interventions. These trainings enhance the skills of staff which assists in the early identification of behavioral and emotional problems in kindergarten-age children and the timely use of appropriate interventions that will prevent the development of serious behavioral problems and mental illness. The evidenced-based behavior intervention model being implemented is First Step to Success (FSS). FSS is an early intervention program that historically has been implemented by school personnel and its major goal is to prevent an antisocial path as a consequence of unaddressed mental illness. FSS consists of three interconnected modules: (1) proactive, universal screening of kindergartners; (2) school intervention involving the teacher, peers, and the target child, and (3) parent/caregiver training and involvement to support the child's school adjustment. ICBHS staff, rather than school personnel are providing some of these interventions along with teachers at school, serving as the behavior coach or interventionist. By embedding behavioral health staff in kindergarten classrooms in different elementary schools countywide, a new working relationship is being developed and it serves as a bridge to providing information on mental illness and providing services in a non-traditional setting. This in turn, assists in the reduction of stigma related to mental illness and increase access to services. The innovation lies in defining how the implementation of the evidence-based model contributes to the success of developing and sustaining a collaborative relationship between these two agencies. By establishing this collaboration, both agencies share a common mission when working with young children and their parents. CFLC provides recovery-based classes and support groups, computer lab access, and opportunities for outreach to peers and to the community. SET provides consultation and assistance from professional staff, training in peer supports for those who self-identify as having lived experience with recovery from mental illness. RAWC teams provide recovery-oriented treatment approaches, including psychiatric medication support, solution-focused brief therapy, and case management services.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Jeffrey Kaya (661) 868-5048 jkaya@co.kern.ca.us
Kern		Volunteer Senior Outreach	PEI	Serves older adults who isolate due to loss, illness, grief, loneliness, and/or substance abuse; at high risk for mental decompensation and requiring specialty services. As this particular population is increasing in number with prolonged longevity, additional services are needed to prevent hospitalization and institutionalization. Uses community volunteers to make contact with the at-risk older adults and use peer counseling techniques to socialize with the senior and watch for early signs of problems or decompensation. Based on the Santa Monica Peer Counseling for Seniors model Provides for comprehensive training of volunteers and other involved persons in peer counseling for a variety of cultural populations.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Liliana Galvan (661) 868-5050 LGalvan@co.kern.ca.us
Reducing Disparities						
Kern		Recovery Supports Administration	CSS-OESD	Serves children, youth, and adults of all ages; consumers and family members of mental health services; mental health providers and the general public. Provides enhanced access for consumers and families to self-help and support services throughout Kern County. Programs focus on recovery and outreach activities, training of staff consumers and family members, and dissemination of recover- based education and anti-stigma information. Three types of programs: Consumer Family Learning Centers (CFLC), Self-Empowerment Team (SET), and the Recovery and Wellness Center (RAWC). CFLC provides recovery-based classes and support groups, computer lab access, and opportunities for outreach to peers and to the community. SET provides consultation and assistance from professional staff, training in peer supports for those who self-identify as having lived experience with recovery from mental illness. Consumers often suffer from co-occurring disorders, criminal justice system involvement and are homeless or at risk of homelessness. Provides integrated support services, including mental and physical health, medication management support, substance use treatment, vocational/educational, life skills, housing, and social opportunities to improve and expand peer support and personal outcomes and recovery.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Cecilia Martinez (661) 868-1881 cmartinez@co.kern.ca.us
Kern		Transition Aged Youth - Full Service Partnership	CSS-FSP	Serves youth ages 16-25 with serious mental illness. Many are nearing or have recently emancipated from the foster care system and are at risk for hospitalization, incarceration, and homelessness. Uses the Transitions to Independence Process (TIP) evidence-based model, addressing such needs as education, employment, housing, and transition to the community or the adult mental health system of care.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Brenda Story (661) 868-6465 bstory@co.kern.ca.us
Kern		Multi Agency Integrated Services Team (MIST) - Youth Full Service Partnership	CSS-FSP	Serves youth ages 0-21 who have more than one inpatient hospitalization in the past year; multiple emergency room visits which have not led to hospitalization; one placement failure or at risk for placement failure. Collaborative program targets youth who are at risk of losing their foster home, group home, or biological home placement. An intensive family centered, strength-based approach, incorporates group, individual, and family contacts to preserve the family unit. Youth in need of high-level residential placement are treated in foster care settings when possible.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Vija Turjanis (661) 868-8343 vturjanis@co.kern.ca.us
Kern		Youth Wraparound - System Development	CSS-OESD	Serves youth ages 0-21 years with severe emotional disorders deemed eligible for mental health services and needing intensive services to transition effectively to community living; youth at risk for inpatient psychiatric hospitalization or who have recently been discharged from an inpatient hospital. Stabilizes and maintains children in the least restrictive safe environment. Assists families who are experiencing the transition of a child back into the home, or foster families receiving a child, who may need more interventions than can be provided by clinic-based services. Also provides mental health services to children who reside in group homes.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Janice Medrano (661) 868-6470 jmedrano@co.kern.ca.us
Kern		Adult Wraparound - System Development	CSS-OESD	Serves transition-aged youth, adults, and older adults at imminent risk for homelessness, substance abuse, criminal justice involvement, and/or psychiatric hospitalization. Provides outreach to individuals prior to discharge from inpatient psychiatric hospitalization to assure the supports necessary for successful transition to community living are in place. Services include medication support, home visits, crisis services, transportation, housing and living skills assistance, substance abuse services, and family support.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Stephanie Heintz (661) 868-1817 sheintz@co.kern.ca.us
Kern		Community Outreach and Education	CSS-OESD	Serves children and families, transition aged youth, adults, and older adults who receive mental health services or might benefit from services; the community at large; elected and appointed office holders; the business community. Outreach increases community awareness and understanding of mental illness and works to reduce stigma. Collaborates with community agencies on special events and educational opportunities. Educates and trains law enforcement agencies and other community partner agencies to improve understanding of mental illness and its impacts.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Estela Padilla (661) 868-6674 epadilla@co.kern.ca.us

Kern		Housing Program	CSS-OESD	The purpose of these projects is to offer affordable housing linked to supportive services needed for MHSA-eligible individuals and their families to live independently. Desert Willow Apartments opened in November 2008, in the City of Ridgecrest. DWA consists of 14 rent-subsidized, one-bedroom apartments, including 3 handicapped units, a two-bedroom manager's residence, a community center and covered patio area built around a central courtyard. Haven Cottages opened in September 2011 in south Bakersfield. Haven Cottage (HC) consists of four single-story buildings built around a central courtyard. Haven Cottages features 23 one-bedroom apartments, including 4 handicapped accessible units, a two-bedroom manager's unit, a laundry room, case management offices, and a group room. The Residences at West Columbus (RWC) is a 56-unit, multi-family housing project which includes 20 rent subsidized, one-bedroom units for transition age youth (TAY) and 36 two-bedroom units for low-income families. The KCMH TAY Team will certify eligible youth (18-24 years old), who have exited the foster care or juvenile justice systems, and also provide treatment and case management on-site. Additionally, a partner agency, Covenant Community Services, will offer tenants a full range of supportive services on site, including linkage with educational and employment resources.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Steve Devore (661) 868-6818 sdevore@co.kern.ca.us
Kern		Youth Brief Treatment	PEI	Provides same-day, walk-in assessment and immediate care and treatment to children, ages 0-21 years, mild to moderate mental health impairments. Specifically, the program will address general psychosocial, situational, and adjustment stressors in order to prevent mental illness from becoming severe and persistent, and lessen the need for more intensive, long-term mental health treatment.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Joy Quiton (661) 868-6755 jqiton@co.kern.ca.us
Kern		Transition Aged Youth Career Development Program	PEI	Provide "at risk" youth, ages 16-25, with the unique opportunity to partner with professionals from both Employers Training Resource and Kern County Mental Health's Transitional Age Youth team to develop the necessary skills to enter the workforce. Special emphasis is given to youth who may be exiting the juvenile justice or youth foster care system, and have minimal to no support to help them make a successful transition from childhood into adulthood. The youth are at higher risk for homelessness, depression and suicide, substance abuse and other types of illegal behavior when they lack the foundational tools for living as an independent adult.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Brenda Story (661) 868-6465 bstory@co.kern.ca.us
Kern		PEI Statewide Training and Technical Assistance	PEI	Provides statewide training, technical assistance, and capacity building programs in partnership with local community partners. Promotes prevention and early intervention activities in our local communities and uses training methods that have demonstrated capacity to increase skills and promote positive outcomes consistent with the MHSA and PEI proposed guidelines.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Alexis Stokes (661) 868-6681 astokes@co.kern.ca.us
Kern		Personal Health Record	CFTN	Empowers consumers by developing functionality that provides them and their family members more visibility into and control over their medical records. Provides an internet-based client portal to the client's PHR as well as a provider portal that allows external providers to access selected portions of the client's electronic record and to post entries (medication notes, progress notes, lab results, etc.) into the PHR.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Dan Walters (661) 868-6710 dwalters@co.kern.ca.us
Kern		Recovery Oriented Treatment Plan	CFTN	Establishes an interoperability standard for treatment plans throughout the California public Mental Health System. A state-wide workgroup of counties collaborates with the California Institute of Mental Health (CIMH) to develop common criteria and common tools for recovery-based treatment plans that address MediCal documentation standards and reflect goals of client-centeredness, wellness and recovery, and cultural competence. Implements the common criteria, content and format in EHR systems being used across all counties and throughout their universe of community-based programs.	http://www.co.kern.ca.us/artman2/kcmh/public/sh/mhsa/index.asp	Lamar Kerley (661) 868-6831 lkerley@co.kern.ca.us

Summer Day Camp helps to reduce the impact of living with serious mental illness and/or emotional disturbance for children and youth by conducting four (4) camps.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444

Kings		Therapeutic Activity Groups	CSS-OESD	Therapeutic Activity Groups (or TAGs) are being developed to integrate therapeutic youth development, media literacy, social skills development, and social justice frameworks into a 20-week intensive program designed to foster individual and collective psychosocial development of Transition Age Youth (TAY) with serious emotional difficulties and/or serious mental illness.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Youth Researching Resiliency (YPR) Project	INN	The YRR project is being developed as a new model that promotes interagency and community collaboration and increased access to underserved Transition Age Youth through direct engagement in mental health training, youth-led participatory research, and decision-making. Project outcomes will inform the County's understanding of what community and cultural resiliency factors contribute to the success of individuals in these communities, and how these factors can be leveraged to implement strengths-based, culturally competent approaches to mental health programming.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Community Capacity Building Program	PEI	Provides a mechanism to make funds available to community providers and stakeholders for the purpose of their capacity to address mental health in their communities. Projects to be funded are meant to encourage collaboration amongst community-based organizations (CBOs) and other stakeholders with KCBH to educate, train, and prepare small CBO's for future engagements in the provision of mental health services.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Community Wide Prevention Strategies	PEI	Provides community wide prevention strategies to keep people healthy and get people the treatment they need early on in the onset to prevent negative consequences that can occur if mental illness is undiagnosed and/or untreated. These efforts uses four strategies: stigma and discrimination reduction; outreach, education, and training; suicide prevention; and referrals and linkages.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Early Intervention Services	PEI	Provides three different types of services aimed at children, youth, and their parents. Truancy Intervention Prevention Program (TIPP) is a collaborative partnership among the School Attendance Review Board, the Office of Education, the District Attorney's Office, and County Behavioral Health. TIPP was formed to provide families and youth with tools and linkages to resources to address the factors that contribute to truancy and chronic absenteeism; Life Steps is a component of TIPP and is a one-day course that provides psycho-education to families with truant or chronically absent students; and Parent Child Interactive Therapy (PCIT) is an innovative and effective early intervention therapy for young children with emotional and behavioral disorders that places emphasis on improving the quality of the parent-child relationship and changing parent-child interaction patterns.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Prevention and Wellness Services	PEI	Provides confidential counseling and case management services in the Hanford office. Services, which are available in English and Spanish, range from individual, group and family counseling. Kings County provides individualized case management, linkages to other departments, and referrals to outside agencies for both children and adult clients. The services provided are non-crisis, and are rendered using a brief treatment model.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Promotores de Salud	PEI	Promotores de Salud program is being developed in response to the unique cultural and geographical diversity in Kings County. Promotores de Salud is a proven culturally relevant program in Latino/Hispanic communities that shows great promise to enhance the monolingual Spanish speaking communities' capacity to address mental health in areas such as Avenal, Kettleman City, and Corcoran.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Respite for Caregivers	PEI	Provides periodic support and relief to primary caregivers from the responsibility and stress of caring for older adults with mental illness. Caregivers accessing this service must live in a non-licensed setting and are non-paid. This service allows primary caregivers to meet in scheduled and unscheduled events and have time away from caring for the individual. Respite for caregivers may include in and out-of-home services, and other activities in community locations. The program also provides some assistance to primary caregivers on the supervision/caregiving of his/her family member.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		School-Based Services	PEI	Provide two different types of services aimed at school aged children and youth including Therapeutic School Based Services (TSBS) and Coping and Support Training (CAST). TSBS provides therapeutic school based services to eligible alumni of the Circle of the Horse program who attend Central Union School. CAST is a 12-week program that focuses on building young people's coping skills and talking about the real life challenges of youth life in today's increasingly complex world.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Senior Access for Engagement (SAFE)	PEI	Provides outreach and engagement for isolated older adults ages 60 and older. SAFE brings services and referrals with an emphasis on promoting wellness and independence to seniors/older adults in the home, at senior centers, nursing homes, assisted living facilities, and other events targeted at older adults. SAFE providers promote psychosocial supports and identify possible signs and symptoms of mental illness and assist them into the appropriate referral for mental health treatment. SAFE also allows seniors/older adults to live independently in the community for as long as reasonably possible.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Universal Developmental Screening	PEI	Trained staff use the Ages & Stages Questionnaire (ASQ-3) and the Ages & Stages Questionnaire: Social-Emotion (ASQ-SE) to detect developmental, social, and emotional variations or delays in children ages 0 - 5 and the Pediatric Symptoms Checklist for children ages 6 - 16.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Youth Mentoring/Ambassador Program	PEI	The Youth Mentoring/Ambassador Program is being developed and will match youth in Hanford and other areas of Kings County with caring adults as mentors. Through these relationships, as well as recreational and group activities, mentors will provide friendship, support, and guidance to local youth.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Mental Health Workforce Pathways: Youth and Tribe	WET	The Pathways Program is being developed to create a Mental Health Workforce Pathways program targeting education and outreach to local youth and members of the Tachi-Yokut tribe.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Housing						
Kings		Community Integration	CSS-FSP	Provides a full spectrum of community services in order to reduce incidents of psychiatric hospitalization, encourage placements in a lower level of care and into a community-based living environment. Services include multidisciplinary treatment teams, Wellness Recovery Action Plans (WRAP), case management, group and individual counseling, group substance abuse treatment services, nursing and psychiatric services, including medication management, and group support and socialization activities.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444

Kings		Full Service Partnership: Adults	CSS-FSP	Provides an intensive service and support delivery system for adults with serious mental illness, and when appropriate, family members, utilizing a "whatever it takes" approach".	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Full Service Partnership: Children & Youth	CSS-FSP	Provides an intensive service and support delivery system for children and youth with psychiatric disabilities, serious emotional disturbance, and those with unmet or under-met mental health treatment needs utilizing a "whatever it takes approach".	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Full Service Partnership: Children & Youth	CSS-FSP	Provides an intensive service and support delivery system for older adults with serious mental illness, and when appropriate, family members, utilizing a "whatever it takes" approach.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
Kings		Full Service Partnership: Transition Age Youth (TAY)	CSS-FSP	Provides an intensive service and support delivery system for TAY with psychiatric disabilities and/or serious mental illness and may be experiencing homelessness or at-risk of homelessness, emancipating from the foster care system or juvenile hall, involved with or at-risk of involvement with the criminal or juvenile justice system, or experiencing a first episode of serious mental illness, utilizing a "whatever it takes approach".	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444
SB 82 Funded						
Kings	SB 82	Crisis Residential Treatment Facility	SB 82	Kings County is in the process of developing its first crisis residential treatment facility. The facility will be open 24 hours per day/7 days per week and operated by a contracted provider who is yet to be determined. It is anticipated to open for services in the Fall/Winter of 2016.	http://www.kcbh.org/mental-health-services-act.html	(559) 852-2444

Lake County						
Crisis Support						
Lake		Crisis Access Continuum	CSS-GSD	Provides increased access and an introduction to mental health recovery concepts at the earliest opportunity for consumers experiencing challenges. Provides a local crisis hotline, a warm line, and outreach and engagement services for consumers who have recently been hospitalized or released from a crisis evaluation, and respite in a supported transitional housing setting.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Statewide and Regional Projects	PEI	Lake County is contributing 7% of its PEI funds to support the continuation of the Statewide Projects: Suicide Prevention, Stigma and Discrimination Reduction, and the Student Mental Health Initiative. The County is also continuing to support the regional suicide prevention hotline by providing sustainability funding beginning in fiscal year 2015-16.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Regional Suicide Prevention	PEI	Funding to support the regional suicide prevention hotline and local suicide prevention task force formerly funded by the statewide projects initiative.	http://mhsa.lakecounty.ca.gov	(707) 274-9101

Lake		SB 82	SB 82	The SB82/Triage grant services are an enhancement to our current crisis services and include mobile crisis services that can work hand-in-hand with frontline law enforcement, navigation services to assist consumers with finding the best referrals for their situations, and a crisis wellness center (to be named) staffed with crisis, peer support, and prevention staff members. Through planning with law enforcement and local hospitals in conjunction with Crisis Intervention Training, efforts will be made to avoid taking a consumer to the local emergency departments and/or preventing an acute psychiatric hospitalization. A consumer in crisis, but not meeting criteria for a 5150 hold, can be taken to the crisis wellness center, where consumers can receive respite, peer support services and/or other crisis intervention to help with stabilization, including linkages to other resources. Crisis workers are available 24/7.	http://mhsa.lakecounty.ca.gov	(707) 994-7090
Peer/Family Support Specialists						
Lake		Full Service Partnership	CSS-FSP	Consumers of all ages (children 0-15, transition age youth 16-25, adults 26-59, and older adults 60+) who meet eligibility requirements are provided "whatever it takes" services. A full array of recovery- oriented mental healthcare, including psychiatric services, is provided to consumers enrolled in an FSP. Services and supports include funding for housing, food, clothing, primary healthcare, transportation, education, and vocational opportunities.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Older Adult Access	CSS-GSD	Provides outreach and engagement services, linkage to resources, mental health interventions, and FSP programming to seniors who may be experiencing mental health challenges. The Senior Peer Counseling program provides peer-aged volunteer support to older adults who may be isolating or experiencing mild mental health concerns.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Peer Support	CSS-GSD	Supports staffing to serve both transition age youth and adult consumers in the TAY and Adult Peer Support Centers. Programs provide access to services (including non-mental health related), peer support, socialization, and companionship to these two age groups. The concepts of wellness, recovery, and resiliency are imbedded in the programming in both locations.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Parent Partner Support	CSS-GSD	Supports families involved with community mental health. A Parent Partner with "lived experience" as a family member assists families with navigating the system, service coordination, group support, and, as an FSP team member, assists the family through the FSP process.	http://mhsa.lakecounty.ca.gov	(707) 274-9101
Lake		Community Outreach and Engagement	CSS-OE	Serving specifically the Tribal and Latino communities in the corresponding Peer Support Centers serving each population. Lassen		Full Service Partnerships	CSS	Full Service Partnerships	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Outreach & Engagement	CSS	Outreach and engagement to identify unmet needs of the Seriously Mentally Ill (SMI) / Severely Emotional Disturbed (SED) population across Lassen County. It will establish an integrated delivery system with clinicians, consumers and family members and existing community resources. Its goal is to involve families and individuals in an array of appropriate services tailored to the rural culture. Unserved and inappropriately served SMI / SED individuals and families in areas of Lassen County which have not had consistent mental health services.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Wellness Activities	CSS	Through a comprehensive stakeholder process in Lassen County, the stakeholders supported the idea of having Wellness and Recovery activities implemented within Susanville and all One Stop locations. Also known as Wellness and Recovery Workgroup: This workgroup develops, supports, promotes Wellness and Recovery initiatives within the mental health division. Funding for organized consumer and family member groups to work in partnership with LCMH to develop a service infrastructure to engage, identify and provide peer support services to MHSA eligible Seriously Mentally Ill / Severely Emotionally Disturbed individuals and families. This program embraces central concepts of wellness and recovery and promotes consumer employment. The program engages vulnerable and at-risk individuals who might not otherwise seek mental health services. Individuals experiencing mental distress can be assessed and supported with brief interventions or appropriate referrals to community resources. Also offers mental health clients a place to meet, socialize, and participate in client-centered and client-directed activities. These activities have included wellness activities, self-care programs consisting of life skill training, support, recovery techniques, self-management skills and strategies in order to manage symptoms, promote resiliency, recovery and hope.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		School and Juvenile Hall	CSS	Created infrastructure in the Lassen County Juvenile Hall and at selected school sites to identify and engage Seriously Mentally Ill (SMI) / Severely Emotional Disturbed (SED) individuals with unmet mental health needs. At the three One Stop locations (Fort Sage, Westwood and Big Valley), Lassen County Behavioral Health case managers and therapists screen children for mental illness at the local schools who could be identified as un-served and underserved. Lassen County Behavioral Health staff provides students with basic pro-social skills from the Skill Streaming curriculum.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Screening/Assessment and Counseling	PEI	Lassen County Behavioral Health established a 3-element program to provide prevention and early intervention efforts for children age 0-17 and their families. Early intervention can occur when screening of children indicates the likelihood of behaviors and conditions that create multi-problems, serious symptoms and troublesome behaviors in children and their families. This PEI proposal will: 1) support and augment existing screening and identification efforts, including developing a staff position to provide consultation and support to collaborating partners that identify families and children in difficulty; 2) financially support and expand direct family education and support programs; and 3) develop clear protocols for referring children and families that need and want early intervention, adding an evidence-based practice that provides that intervention. PEI provides Lassen County Behavioral Health case managers and therapists screening of children who could be identified as un-served and underserved. The stakeholders requested the need to expand these services to other community schools, such as Shaffer school. Behavioral Health staff have also provided students with basic pro-social skills from various evidenced based programs. Prevention and Early Intervention one time funding was used in 2010-2011 for the two programs listed below Pathways & Early Intervention expanded their use of the screening tool known as Ages and Stages Questionnaire-Social Emotional (ASQ-SE). The expansion would include all children between the ages of 0-5 years in Lassen County. The use of the screening tool will help identify concerns within children and help refer them to appropriate services. Lassen Indian Health Center (LIHC) trained their psychologists in trauma focused cognitive based therapy programs and implement an Indian Country Child Trauma Center (ICCTC). The program will provide culturally appropriate Cognitive Behavioral Therapy services to children (Age 4-12) and their families.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Assessment Tools	PEI	Through a comprehensive stakeholder process in Lassen County, the stakeholders supported the idea of having one time funding used for Prevention Early Intervention in 2010-2011 for the two programs listed below. Pathways & Early Intervention expanded their use of the screening tool known as Ages and Stages Questionnaire-Social Emotional (ASQ-SE). The expansion would include all children between the ages of 0-5 years in Lassen County. The use of the screening tool will help identify concerns (i.e. mental illness) within children and help refer them to appropriate services. Lassen Indian Health Center (LIHC) trained their psychologists in trauma focused cognitive based therapy programs and implemented an Indian Country Child Trauma Center (ICCTC). The program will provide culturally appropriate Cognitive Behavioral Therapy services to children (Age 4-12) and their families. In 2013-2014 Lassen County stopped funding the AIM program and instead provided funding for the BRIDGES out of Poverty program.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Innovation	INN	This project intends to improve the quality of care for those individuals with serious mental health issues who have difficulty accessing health care, have chronic medical issues or who do not access regular primary health care. It will test whether an innovative, holistic approach to empowering consumers to access health care while ensuring coordinated care between mental health, physical health and other providers leads to improved physical and mental health outcomes for individuals with serious mental illness. The Virtual Coordinated Care Team proposes an innovative collaboration between an existing mental health clinic and local primary care (PC) clinic to create a new patient centered medical home for SMI individuals. This structure will provide clients with a unique, innovative continuum of care, depending on the acuity of their illness – ranging from specialty mental health services in the MH clinic when they are acutely ill, to medication maintenance and recovery-oriented chronic disease management. The Virtual Coordinated Care team will meet the mental health needs of underserved community who typically present in the primary care setting.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us

Lassen		Outreach & Engagement	CSS	Outreach and engagement to identify unmet needs of the Seriously Mentally Ill (SMI) / Severely Emotional Disturbed (SED) population across Lassen County. It will establish an integrated delivery system with clinicians, consumers and family members and existing community resources. Its goal is to involve families and individuals in an array of appropriate services tailored to the rural culture. Unserved and inappropriately served SMI / SED individuals and families in areas of Lassen County which have not had consistent mental health services.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Wellness Activities	CSS	Through a comprehensive stakeholder process in Lassen County, the stakeholders supported the idea of having Wellness and Recovery activities implemented within Susanville and all One Stop locations. Also known as Wellness and Recovery Workgroup: This workgroup develops, supports, promotes Wellness and Recovery initiatives within the mental health division. Funding for organized consumer and family member groups to work in partnership with LCMH to develop a service infrastructure to engage, identify and provide peer support services to MHSA eligible Seriously Mentally Ill / Severely Emotionally Disturbed individuals and families. This program embraces central concepts of wellness and recovery and promotes consumer employment. The program engages vulnerable and at-risk individuals who might not otherwise seek mental health services. Individuals experiencing mental distress can be assessed and supported with brief interventions or appropriate referrals to community resources. Also offers mental health clients a place to meet, socialize, and participate in client-centered and client-directed activities. These activities have included wellness activities, self-care programs consisting of life skill training, support, recovery techniques, self-management skills and strategies in order to manage symptoms, promote resiliency, recovery and hope.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		School and Juvenile Hall	CSS	Created infrastructure in the Lassen County Juvenile Hall and at selected school sites to identify and engage Seriously Mentally Ill (SMI) / Severely Emotional Disturbed (SED) individuals with unmet mental health needs. At the three One Stop locations (Fort Sage, Westwood and Big Valley), Lassen County Behavioral Health case managers and therapists screen children for mental illness at the local schools who could be identified as un-served and underserved. Lassen County Behavioral Health staff provides students with basic pro-social skills from the Skill Streaming curriculum.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Screening/Assessment and Counseling	PEI	Lassen County Behavioral Health established a 3-element program to provide prevention and early intervention efforts for children age 0-17 and their families. Early intervention can occur when screening of children indicates the likelihood of behaviors and conditions that create multi-problems, serious symptoms and troublesome behaviors in children and their families. This PEI proposal will: 1) support and augment existing screening and identification efforts, including developing a staff position to provide consultation and support to collaborating partners that identify families and children in difficulty; 2) financially support and expand direct family education and support programs; and 3) develop clear protocols for referring children and families that need and want early intervention, adding an evidence-based practice that provides that intervention. PEI provides Lassen County Behavioral Health case managers and therapists screening of children who could be identified as un-served and underserved. The stakeholders requested the need to expand these services to other community schools, such as Shaffer school. Behavioral Health staff have also provided students with basic pro-social skills from various evidenced based programs. Prevention and Early Intervention one time funding was used in 2010-2011 for the two programs listed below Pathways & Early Intervention expanded their use of the screening tool known as Ages and Stages Questionnaire-Social Emotional (ASQ-SE). The expansion would include all children between the ages of 0-5 years in Lassen County. The use of the screening tool will help identify concerns within children and help refer them to appropriate services. Lassen Indian Health Center (LIHC) trained their psychologists in trauma focused cognitive based therapy programs and implement an Indian Country Child Trauma Center (ICCTC). The program will provide culturally appropriate Cognitive Behavioral Therapy services to children (Age 4-12) and their families.	http://www.lassencounty.org/dept/mental-health/mental-health	(530) 521-2627 tarmstrong@co.lassen.ca.us
Lassen		Assessment Tools	PEI	Through a comprehensive stakeholder process in Lassen County, the stakeholders supported the idea of having one time funding used for Prevention Early Intervention in 2010-2011 for the two programs listed below. Pathways & Early Intervention expanded their use of the screening tool known as Ages and Stages Questionnaire-Social Emotional (ASQ-SE). Crisis Support

Los Angeles		Children's FSPs	CSS-FSP	<p>The Children's Full Service Partnership (FSP) is a mental health service program for children ages 0 – 15 and their families who would benefit from an intensive in-home program designed to address the total needs of the child, including his or her family, who is experiencing significant, emotional, psychological and behavioral problems that are interfering with the child's well being.</p> <p>Children ages 0 – 15 who have a serious emotional disturbance (SED) and are at risk of being removed from the home, who have extreme behavior problems at school, whose parents or caregiver have a substance abuse problem or who are moving back home or into the community after being in an out-of-home placement are the ideal candidates for an FSP program. Children's FSP programs are capable of providing an array of services 24 hours per day, seven days a week that are well beyond the scope of traditional clinic-based outpatient mental health services.</p> <p>A children's FSP consists of a team of mental health professionals and other service providers dedicated to working with the child and family and providing comprehensive, intensive services in the family's home and community. Services may include:</p> <ul style="list-style-type: none"> • Individual and family counseling • Peer support from people experiencing similar issues • Transportation • Access to physical health care • Help finding suitable housing for children and families enrolled in FSP programs • Help getting the financial and health benefits the child and family are entitled to • Assisting family members with substance abuse and domestic violence counseling as needed. 	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v
Los Angeles		Children's Family Support Services	CSS-GSD	<p>Family Support Services (FSS) provide access to mental health services such as individual psychotherapy, couples/group therapy, psychiatry/medication support, crisis intervention, case management linkage/brokerage, parenting education, domestic violence and Co-Occurring Disorder services to parents, caregivers, and/or other significant support persons of Full Service Partnership (FSP) enrolled children who need services, but who do not meet the criteria to receive their own mental health services.</p>	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v
Los Angeles		Transition Age Youth (TAY) FSPs	CSS-FSP	<p>Intensive services with 24/7 staff availability to help individuals address emotional, housing, physical health, transportation, and other needs to help them function independently in the community. FSP have several defining characteristics, including providing a wide array of services and supports, guided by a commitment by providers to do "whatever it takes," to help individuals within defined focal populations make progress on their particular paths to recovery and wellness.</p>	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v
Los Angeles		Transition Age Youth (TAY) Drop in Centers	CSS-GSD	<p>Drop-In Centers provide temporary safety and basic supports for Seriously Emotionally Disturbed (SED) and Severe and Persistently Mentally Ill (SPMI) TAY who are living on the streets or in unstable living situations. Drop-In Centers provide "low-demand, high tolerance" environments in which TAY can make new friends, participate in social activities, access computers, books, music, and games. As the youth is ready, staff persons can connect them to the services and supports they need in order to work toward stability and recovery. Drop-In Center services include the following: Showers, Meals, Clothing, Computer/Internet Access, DVD and Games, Social Activities, Peer Support Groups, Linkage to Mental Health and Case Management Services, Linkage to Substance Abuse Treatment Information, Educational Services, Employment Assistance, Housing Assistance and more.</p>	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v
Los Angeles		Transition Age Youth (TAY) Probation Camps Services	CSS-GSD	<p>Probation Camp Services provides services to youth ages 16 to 20 who are residing in Los Angeles County Probation Camps; particularly youth with SED, SPMI, those with co-occurring substance disorders and/or those who have suffered trauma. Services in the Probation Camps are critical in assisting this population to reach their maximum potential and eventually transition back to the community rather than continue their involvement in the criminal justice system as adults. Multidisciplinary teams, including parent advocates, clinicians, Probation staff, and health staff provide an array of on-site treatment and support services that include the following:</p> <p>Assessments Substance-abuse treatment Gender-specific treatment Medication support Aftercare planning Transition services (including FSP and other intensive community-based mental health services)</p> <p>A key component of the planned services is outreach and engagement to the incarcerated youth's family providing transportation to the camps to ensure opportunities to participate in the youth's treatment during camp placement and through the transition back into the community.</p>	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v
Los Angeles		Adult Full Services Partnerships (FSPs)	CSS-FSP	<p>Adult Full Service Partnership (FSP) programs are designed for adults ages 26-59 who have been diagnosed with a severe mental illness and would benefit from an intensive service program. The foundation of Full Service Partnerships is doing "whatever it takes" to help individuals on their path to recovery and wellness. Full Service Partnerships embrace client driven services and supports with each client choosing services based on individual needs. Unique to FSP programs are a low staff to client ratio, a 24/7 crisis availability and a team approach that is a partnership between mental health staff and consumers.</p> <p>Adult FSP programs assist with housing, employment and education in addition to providing mental health services and integrated treatment for individuals who have a co-occurring mental health and substance abuse disorder. Services can be provided to individuals in their homes, the community and other locations. Peer and caregiver support groups are available. Embedded in Full Service Partnerships is a commitment to deliver services in ways that are culturally and linguistically competent and appropriate. Adult Full Service Partnership programs will provide services to 2,611 individuals.</p>	http://dmh.lacounty.gov/vwps/portal/dmh/mhs	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.go v

Los Angeles		Alternative Crisis Services	CSS-GSD	<p>Residential and Bridging Program:</p> <p>Involves psychiatric social workers and peer advocates assisting in the coordination of psychiatric services and supports for TAY, Adults, and Older Adults with complicated psychiatric and medical needs. The program ensures linkages to appropriate levels and types of mental health and supportive services through collaboration with Service Area Navigators, Full Service Partnerships, residential providers, self-help groups, and other community providers. Peer advocates provide support to individuals in IMDs, IMD step-down facilities, and intensive residential programs to successfully transition to community living.</p> <p>The County Hospital Adult Linkage Program is part of the Residential and Bridging program and has a mission to assist in the coordination of psychiatric services for Department of Mental Health (DMH) clients at Department of Health Services (DHS) County Hospitals in order to ensure linkage of clients being discharged with the appropriate level and type of mental health, residential, substance abuse, or other specialized programs. The County Hospital Adult Linkage Program promotes the expectation that clients must be successfully reintegrated into their communities upon discharge and that all care providers must participate in client transitions.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIgomberg@dmh.lacounty.gov v
Los Angeles		Adult IMD Step-Down Services	CSS-GSD	IMD Step-Down Facility programs are designed to provide supportive on-site mental health services at selected licensed Adult Residential Facilities (ARF), and in some instances, assisted living, congregate housing or other independent living situations. The program also assists clients transitioning from acute inpatient and institutional settings to the community by providing intensive mental health, health, substance abuse treatment and supportive services.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIgomberg@dmh.lacounty.gov v

Los Angeles		Integrated Peer-Run Model	INN	The Integrated Peer-Run Model supports people with mental health needs who also have additional health and/or substance abuse treatment needs to become well and stay well by providing new programs that are designed and run by people with lived experience of mental health issues. This model incorporates two innovative strategies: Peer-Run Integrated Services Management (PRISM) and Alternative Peer-Run Crisis Houses. PRISM is a client-driven, holistic alternative to traditional community mental health services that allows uninsured peers to secure needed physical health, mental health, and substance abuse options as part of a program designed to support and empower people to take responsibility for their own recovery. PRISM is based upon a "whatever it takes" philosophy in a context of personal choice. It consists of innovative specially-trained peer teams that share features of ISM teams in the Community- Designed ISM Model. As in the ISM model, the teams work clients to ensure service access, coordination, understanding, follow-up, and inter-provider clinical communication. Also as with ISM teams, PRISM teams meet regularly with clients and provide information, transportation, motivation and encouragement, and help with provider communication. However, unlike the teams in the ISM model, PRISM teams consist entirely of specially-trained peers who will coordinate the provision of clinical services and coordinate and deliver peer-run/self help services. Peer-Run Crisis Houses are client-driven, holistic alternatives to hospitalization and are designed to provide a warm, safe, welcoming environment for uninsured people in psychiatric distress who are not a danger to others. These houses are located in two places in Long Beach and in the San Gabriel Valley.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.gov

Los Angeles		Adult Jail Linkage and Transition Services	CSS-GSD	Jail Transition and Linkage Services are designed to outreach and engage individuals involved in the criminal justice system and receiving services from jail or jail related services (e.g. court workers, attorneys, etc.) and successfully link them to community-based services upon their release from jail. The program addresses the needs of individuals in collaboration with the judicial system by providing identification, outreach, support, advocacy, linkage, and interagency collaboration in the courtroom and in the jail. Jail Transition and Linkage staff work with the MHSA Service Area Navigators as well as service providers to assist incarcerated individuals with accessing appropriate levels of mental health services and supports upon their release from jail, including housing, benefits and other services as indicated by individual needs and situations. The goal of these services is to prevent release to the streets, thus alleviating the revolving door of incarceration and unnecessary emergency/acute psychiatric inpatient services.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.gov

Three are located within Service Area 4 (Metropolitan Los Angeles) and one is located in Service Area 6 (South Los Angeles). In addition, 10 programs have been funded across the county that provide similar integrated services, adding non-traditional outreach and engagement strategies to engage and serve individuals with a serious mental illness and a medical condition who self-identify as either Latino, African/African American, Asian Pacific Islander, Native American/American Indian or Middle Eastern/Eastern European.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.gov
Los Angeles		Improving Access for Underserved Populations	PEI	The Improving Access for Underserved Populations Project provides an array of evidence-based practices that will (1) build resiliency and increase protective factors among monolingual and limited English-speaking immigrants and underserved cultural populations, lesbian/gay/bisexual/transgender/questioning (LGBTQ) individuals, deaf/hard of hearing individuals and their families; and blind/visually impaired individuals and their families; (2) identify as early as possible individuals who are a risk for emotional and mental problems; and (3) provide culturally and linguistically appropriate early mental health intervention services. The programs will provide outreach and education as well as promote mental wellness through universal and selective prevention strategies.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.gov
Los Angeles		American Indian Project	PEI	The American Indian Project will (1) build resiliency and increase protective factors among children, youth and their families; (2) address stressful forces in children/youth lives, teaching coping skills, and divert suicide attempts; and (3) identify as early as possible children and youth who have risk factors for mental illness. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; offer early mental health intervention services at comfortable, non-stigmatizing localities; and involve multi-generations in the American Indian children and youth's lives. An important emphasis is on preventing suicide among American Indian youth, given the high rate among this population.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DI.Gomberg@dmh.lacounty.gov

Los Angeles		Children's Field Capable Clinical Services	CSS-GSD	<p>The Children's Full Service Partnership (FSP) is a mental health service program for children ages 0 – 15 and their families who would benefit from an intensive in-home program designed to address the total needs of the child, including his or her family, who is experiencing significant, emotional, psychological and behavioral problems that are interfering with the child's well being.</p> <p>Children ages 0 – 15 who have a serious emotional disturbance (SED) and are at risk of being removed from the home, who have extreme behavior problems at school, whose parents or caregiver have a substance abuse problem or who are moving back home or into the community after being in an out-of-home placement are the ideal candidates for an FSP program. Children's FSP programs are capable of providing an array of services 24 hours per day, seven days a week that are well beyond the scope of traditional clinic-based outpatient mental health services.</p> <p>A children's FSP consists of a team of mental health professionals and other service providers dedicated to working with the child and family and providing comprehensive, intensive services in the family's home and community. Services may include:</p> <ul style="list-style-type: none"> • Individual and family counseling • Peer support from people experiencing similar issues • Transportation • Access to physical health care • Help finding suitable housing for children and families enrolled in FSP programs • Help getting the financial and health benefits the child and family are entitled to • Assisting family members with substance abuse and domestic violence counseling as needed. 	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Transition Age Youth (TAY) Field Capable Clinical Services	CSS-GSD	Field Capable Clinical Services, delivered under the Mental Health Services Act, are intended to address the needs of individuals who are SED/SPMI. FCCS are direct interventions; evidence-based services are the preferred strategies whenever they can be identified. While FCCS clients do not have the intensive service needs characteristic of individuals who qualify for Full Service Partnerships, they may serve as a way of transitioning former FSP clients to less intensive programs as they meet their recovery goals. Most important, FCCS enables providers to reach unserved, underserved or inappropriately served individuals who will not or cannot access mental health services in traditional settings – due to preference, stigma, physical limitations, or multiple demands on families and systems that provide their care.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Adult Field Capable Clinical Services	CSS-GSD	The Adult Field Capable Clinical Services (FCCS) program provides an array of recovery-oriented, field-based and engagement -focused mental health services to adults. Providers will utilize field-based outreach and engagement strategies to serve the projected number of clients. The goal of Adult FCCS is to build the capacity of DMH to serve this significantly underserved population with specifically trained professional and paraprofessional staff working together as part of a multi-disciplinary team. Services provided include: outreach and engagement, bio-psycho-social assessment, individual and family treatment, evidence-based practices, medication support, linkage and case management support, treatment for co-occurring disorders, peer counseling, family education and support. FCCS will directly respond to and address the needs of unserved/underserved adults by providing screening, assessment, treatment, linkage, medication support, and consultation.	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Older Adults Field Capable Clinical Services	CSS-GSD	<p>The Field Capable Clinical Services, also known as FCCS, are the first system-wide DMH programs focused exclusively on Older Adults and designed to improve access to needed mental health services for this traditionally underserved population. FCCS offers a range of field-based services to older adults who may be reluctant or unable to access needed mental health services due to impaired mobility, frailty, geographic limitations or stigma associated with receiving services in a traditional mental health clinic.</p> <p>Key Components</p> <p>FCCS provides specialty mental health services designed to meet the unique biopsychosocial needs of older adults ages 60 and above.</p> <p>FCCS are provided in settings that are often preferred by older adults, for example in the home of the older adult, or in other community settings such as senior centers or senior housing complexes, or primary care settings.</p> <p>FCCS are provided by multi-disciplinary teams of professional, paraprofessional and volunteer providers who have received specialized training preparing them to work effectively with older adults.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v

Los Angeles		Service Area Navigators	CSS-GSD	<p>Service Area Navigator Teams assist individuals and families in accessing mental health and other supportive services and network with community-based organizations in order to strengthen the array of services available to clients of the mental health system. Such networking creates portals of entry in a variety of settings that would make the Department's long-standing goal of "no wrong door" achievable. The Service Area Navigators increase knowledge of and access to mental health services through the following activities:</p> <ul style="list-style-type: none"> • Engaging in joint planning efforts with community partners, including community-based organizations, other County Departments, intradepartmental staff, schools, health service programs, faith-based organizations, self-help and advocacy groups, with the goal of increasing access to mental health services and strengthening the network of services available to clients in the mental health system. • Promoting awareness of mental health issues and the commitment to recovery, wellness and self-help. • Engaging with people and families to quickly identify currently available services, including supports and services tailored to a client's particular cultural, ethnic, age and gender identity. • Recruiting community-based organizations and professional service providers to become part of an active locally-based support network for people in the service area, including those most challenged by mental health issues. • Following up with people with whom they have engaged to ensure that they have received the help they need. 	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Family Wellness/Resource Centers	CSS-GSD	<p>Family Wellness/Resource Centers (FWRC) are designed to act as a welcoming and family-friendly center within the community where families with children in need of mental health services can go to obtain information and resources to navigate the mental health, physical health and educational systems and participate in self-help meetings and workshops. FWRCs include a resource library and computer stations for families within the community and offers peer counseling, parent support groups and educational classes. FWRCs are located within established community organizations (e.g. Integrated School Health Centers, parks and recreational centers, children's mental health clinics, health clinics, etc.) and work in partnership with other community non-profit and government agencies. Los Angeles		School-Based Services Project	PEI	<p>The School-Based Services Project provides an array of evidence-based practices that will (1) build resiliency and increase protective factors among children, youth and their families; (2) identify as early as possible children and youth who have risk factors for mental illness; and (3) provide on-site services to address nonacademic problems that impede successful school progress. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; foster a positive school climate; offer early mental health intervention services on school sites; and provide training in mental health evidence-based programs to school personnel and providers working with youth and children.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Family Education and Support Project	PEI	<p>The Family Education and Support Project provides an array of evidence-based practices that will build competencies, capacity and resiliency in parents, family members and other caregivers in raising their children by teaching a variety of strategies. Services will be offered to a diverse population throughout the county. The project utilizes universal and selective intervention as well as early intervention approaches for children/youth in stressed families. The programs will address the risk factors and protective factors that promote positive mental health, concentrating on parental skill-building through a variety of training, education, individual, group parent, and family interaction methods.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		At-Risk Family Services	PEI	<p>The At-Risk Family Services Project will provide an array of evidence-based practices that (1) provide training and assistance to families whose children are at risk for placement in foster care, group homes, psychiatric hospitals, and other out of home placements; (2) build skills for families with difficult, out of control or substance abusing children who may face the juvenile justice involvement; and (3) provide support to families whose environment and history renders them vulnerable to forces that lead to destructive behavior and the disintegration of the family.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Primary Care and Behavioral Health Services	PEI	<p>Develops mental health services within primary care clinics in order to increase primary care providers' capacity to offer effective mental health guidance and early intervention through the implementation of screening, assessment, education, consultation, and referral. Another purpose is to prevent patients at primary care clinics from developing severe behavioral health issues by addressing their mental health issues early on. Behavioral health professionals skilled in consultation and primary care liaison will be integrated within the primary care system. It is the intent of the Project to build resiliency and increase protective factors among children, youth, adults and older adults and their families and other caregivers through the PEI programs. By offering assistance in identifying emotional and behavioral issues at a clinic setting, the stigma associated with seeking out mental health services will be minimized.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Early Care and Support for Transition Age Youth (TAY)	PEI	<p>The Early Support and Care for Transition-Age Youth Project provides an array of evidence-based practices that will (1) build resiliency, increase protective factors, and promote positive social behavior among TAY; (2) address depressive disorders among the TAY, especially those from dysfunctional backgrounds; and (3) identify, support, treat, and minimize the impact for youth who may be in the early stages of a serious mental illness. The programs will provide outreach and education; promote mental wellness through universal and selective prevention strategies; offer early mental health intervention services on school sites, youth centers and other youth-friendly sites; and provide training in mental health evidence-based programs to school personnel and providers working with TAY. Emancipating, emancipated, and homeless TAY are a special focus of this project.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Juvenile Justice Services	PEI	<p>The Juvenile Justice Services Project provides an array of evidence-based practices that will (1) build resiliency and protective factors among children and youth who are exposed to risk factors that leave them vulnerable to becoming involved in the juvenile justice system; (2) promote coping and life skills to youths in the juvenile justice system to minimize recidivism; and (3) identify mental health issues as early as possible and provide early intervention services to youth involved in the juvenile justice system. Services will be provided at probation camps throughout the County, residential treatment facilities, health clinics, community settings, and other non-traditional mental health sites.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v
Los Angeles		Early Care and Support for Older Adults	PEI	<p>The Early Care and Support Project for Older Adults provides an array of evidence-based practices that will (1) establish the means to identify and link older adults who need mental health treatment but are reluctant, are hidden or unknown, and/or unaware of their situation; (2) prevent and alleviate depressive disorders among the elderly; and (3) provide brief mental health treatment for individuals. The stigma of mental illness is a significant barrier for the older generation who often do not seek treatment until the illness has progressed significantly. Services are directed at older adults, their family members, caregivers, and others who interact with and provide services to this senior citizen population.</p>	http://dmh.lacounty.gov/wps/portal/dmh/mhs_a	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov v

Los Angeles		Capital Facilities	CFTN	Los Angeles County's Department of Mental Health's (LAC-DMH) Capital Facilities Component Proposal funds will be utilized to increase and improve the existing capital facilities infrastructure to accommodate the implementation of the MHSA plans. The proposal addresses the current and anticipated needs that will arise during the implementation of the various MHSA plans. LAC-DMH Capital Facilities Component Proposal will produce long-term impacts with lasting benefits that will move its mental health system toward the goals of wellness, recovery, and resiliency. The \$39 million allocation will fund acquisition of land(s) and building(s); construction of mental health service facilities and administrative space; and renovation and expansion of existing County owned facilities which require modernization and transformation to provide an environment for the clients and families of empowerment, reduce disparities, and increase access and appropriateness of care. The MHSA Capital Facilities Component Proposal was approved by the State on May 27, 2010. Preliminary research for acquisition, construction, and/or renovation of various sites has started. Los Angeles		Consumer/Family Access to Computer Resources	CFTN	Mental health consumers, and family members need access to computer resources and they should have access to computer training and technical assistance. Computer skills training, and technical assistance are essential to ensure that consumers and family members are able to effectively use computer resources made available to them. Through this project LAC-DMH plans to set-up one or more consumer/family dedicated computer workstations in service settings and secure residential settings. Other settings are being considered. Videoconferencing is being explored in at least one service location in each of 8 Service Planning Areas. This project also includes implementation of a computer skills training program and providing technical assistance during normal business hours to consumer/family users.	http://dmh.lacounty.gov/wps/portal/dmh/mhsa	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov Y
Los Angeles		Personal Health Record	CFTN	Through the stakeholder process, LAC-DMH received considerable feedback suggesting that many mental health consumers have limited awareness of PHR(s) and how a PHR may be used as a recovery and wellness tool. LAC-DMH is requesting MHSA Information Technology funds to support the development of written and online PHR awareness and education materials. Online materials will include both written and video content. Content will be developed with two specific target audiences, consumer/family and mental health service providers.	http://dmh.lacounty.gov/wps/portal/dmh/mhsa	Debbie Innes-Gomberg (213) 251-6817 DIGomberg@dmh.lacounty.gov Y

Crisis Support						
Marin		Crisis Continuum of Care	CSS-OESD	<p>Crisis Planning aims to (1) increase clients' knowledge, skills and network of support to decrease crises; (2) provide crisis plans to Psychiatric Emergency Services that increase the role of the client and their network of support in case of a crisis; and (3) to engage and support clients who are residing in the Crisis Residential in the completion of a crisis plan.</p> <p>PES Family Partner is an integral member of the PES team. They are on site 11am-7pm, five days a week, and take referrals from the PES staff when a family arrives with a loved one in crisis or PES receives a call from the community from a family in crisis. The family partner assists families in navigating the mental health system and advocating for families to find the appropriate resources.</p> <p>Casa Rene is a 10-bed Crisis Residential facility administered by Buckelew Programs. The program aims to reduce unnecessary acute psychiatric hospitalizations by giving clients the choice to recover from a psychiatric crisis in a home-like setting rather than a locked, involuntary inpatient unit. The program consists of further integrating peer and professional staffing as well as client centered programming focused on wellness and recovery principles. In addition the SBIRT model (Screening Brief Intervention Referral and Treatment) is used to provide screening and referral on-site for substance use issues. Currently all referrals to this program come through Marin County Psychiatric Emergency Services in collaboration with Buckelew Programs. This program is a key component of the crisis continuum of care in that it offers clients a voluntary recovery-focused residential option to recover from a crisis.</p>	https://www.marinhhs.org/mhsa	<p>Kasey Clarke kclarke@marincounty.org 415.473.7465</p>
Marin		Mobile Crisis Teams	SB 82	<p>Two teams consisting of trained mental health professionals: one Licensed Mental Health Practitioner and one Peer Provider on each team. They will be responsive to people in the community who present in psychiatric crisis and could benefit from crisis intervention. The teams will be in operation 7 days a week from 1-9pm. The teams will provide field based crisis intervention, thereby reducing the need and amount of time for law enforcement to intervene in a mental health crisis. There will be two vehicles and the teams will have the capacity to respond to all of Marin County.</p>	https://www.marinhhs.org/mhsa	<p>Kasey Clarke kclarke@marincounty.org 415.473.7465</p>

Marin		Enterprise Resource Center Expansion	CSS-OESD	<p>This Outreach and Engagement project involved expanding and enhancing Marin's consumer-staffed Enterprise Resource Center by adding consumer positions and establishing a Wellness/Recovery Center in central Marin through enlarging and co-locating the Enterprise Resource Center with housing, employment and clinical services at the new Health & Human Services Health and Wellness Campus. Known for its low-barrier access and welcoming environment, the Enterprise Resource Center plays a key role in Marin's efforts to outreach to and engage with adults with serious mental illness in the county who are disenfranchised and reluctant to seek help and services. Managed and staffed entirely by mental health consumers, the center promotes a strengths-based, harm-reduction approach and offers participants a one-stop central location to access and receive services such as socialization activities, peer counseling, mentoring, psycho-educational activities, and support groups. The goals of the program are to promote recovery and self-sufficiency, improve the ability to function in the community, increase social supports and reduce isolation.</p>	https://www.marinhhs.org/mhsa	<p>Kasey Clarke kclarke@marincounty.org 415.473.7465</p>
Marin		ASOC (Adult System of Care) Development	CSS-OESD	<p>This System Development expansion project was designed to expand and enhance supports and services available in Marin's system of care for adults with serious mental illness and their families by: 1) increasing peer specialist services on the Adult Case Management team; 2) providing outreach and engagement and support services to Hispanics/Latinos; 3) increasing Vietnamese outreach and engagement services; 4) adding family outreach, engagement and support services to the ASOC at large; and 5) providing short-term housing assistance. The goals of the project are to promote recovery and self-sufficiency, improve the ability to function in the community, reduce isolation, and provide low-barrier access which welcomes unserved clients of Vietnamese and Hispanic/Latino origin, 6) ASOC Outreach and Engagement Team will provide outreach and engagement services to those at-risk individuals in the community who are unable/unwilling to engage in mental health treatment despite the severe negative consequences they experience because of their untreated mental illness and despite the efforts of family, friends, and other in the community to convince them to seek treatment.</p>	https://www.marinhhs.org/mhsa	<p>Kasey Clarke kclarke@marincounty.org 415.473.7465</p>
Marin		Co-Occurring Capacity	CSS-OESD	<p>The Alliance in Recovery (AIR) Program provides intensive outreach and engagement services for adults whose co-occurring mental health and substance use disorders have resulted in treatment failure in one or both treatment systems. Staffed by a County mental health clinician, a contracted substance abuse counselor, and a contracted peer specialist—all who are a co-located team—the goal of the program is to provide flexible outreach and support services that build trust and relationships with these individuals, increase their motivation to change, and support them to access and participate in formal treatment services.</p> <p>Co-Location of Substance Use Specialist offers staff consultation and training, and services such as screening, assessment, linkage, collaborative treatment planning and care management for seriously mentally ill clients with substance use issues. Services are provided at various locations and across Community Services and Supports (CSS) programs in the Mental Health System of Care.</p> <p>Peer to Peer Tobacco Cessation Services uses the evidence-based Peer-to-Peer Tobacco Dependence Recovery Program to train and supervise peer cessation specialists. In addition to the peers providing ongoing cessation support to consumers in the Marin Mental Health System of Care, project staff work concurrently with County and contractor agencies and clinics serving mental health consumers to adopt policies and practices that integrate sustainable tobacco cessation support into their programs.</p>	https://www.marinhhs.org/mhsa	<p>Kasey Clarke kclarke@marincounty.org 415.473.7465</p>

Crisis Support						
Mendocino		AB 1421 Assisted Outpatient Treatment (AOT)		The Assisted Outpatient Treatment program was implemented January 1, 2016. Four (4) clients at a time will be designated as Assisted Outpatient Treatment (AOT) clients. Candidates for this program will be for those over 18, with severe and Persistent Mental Illness (SMPI), and that meet other AOT criteria. Services include triage, referral to specialty mental health services, wrap around support, crisis support, transportation to medical appointments, linkage to counseling and other supportive services, access to immediate transitional permanent housing or a combination of these, food, support for life skills development, support for education, support for managing finances, and other appropriate integrated services according to individual client needs and minimize risk for incarceration, hospitalization, and other forms of institutionalization. This program will have fluid and transitional services working most intensively with those most at risk, and when participants become lower risk they will be transitioned to other outpatient services.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Dual Diagnosis	CSS	This program provides Substance Use Disorder Treatment (SUDT) for those with severe emotional disturbance and severe and persistent mental illness. The program is designed to assist the client in substance use education and prevention and to overcome abuse and dependence issues that may be impediments to social and vocational rehabilitation. Priority will be given to Full Service Partners and consumers from underserved populations. Individual and group treatment will be offered to consumers and sessions may be focused on assessment, treatment planning, crisis prevention & intervention, collateral sessions with family and support people, and ultimately discharge planning. The Dual Diagnosis Program will endeavor to help consumers create and maintain a healthy, balanced lifestyle, free of alcohol and other drug abuse in relation to the consumers mental health needs. Dual Diagnosis Program Providers will use outcome measures to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement and will report service delivery and outcomes by CSS age categories, (Child, TAY, Adult, and Older Adult).	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Peer/Family Support Specialists						
Mendocino		Senior Peer Counseling	PEI	Senior Peer Counseling program is a project to decrease client risk factors for depression, decrease isolation, decrease risk for psychiatric hospitalizations, and identify and appropriately respond to client indicators of suicide risk through training and clinical supervision. Mendocino County Health Plan Providers provide these services inland and on the coast. Supervision and training is provided by licensed clinicians experienced in the Senior Peer Counseling model to at least twenty (20) Senior Peer Counselors to recognize signs of self neglect, elder abuse, substance abuse, medication misuse/nonuse, suicide risk, depression, anxiety, and other mental illness. Through the Peer support model the volunteer counselors can help the at risk seniors to overcome barriers, reduce risk factors, and become more involved in self-care and wellness. Currently there are Senior Peer Counselors serving Ukiah, Willits, and Fort Bragg area. Supervision of Peer Counselors is provided by licensed clinicians experienced with the Senior Peer Counseling model who provide training and support.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Mendocino		Wellness and Recovery Centers	CSS-OESD	Centers are currently located in Ukiah, Willits, and Fort Bragg. Resource Centers are available in Laytonville and Gualala, thus covering most of the County. The centers provide services for Full Service Partners and other Adults and Older Adults with serious and persistent mental illness (SPMI). The centers also provide Outreach and Engagement and some prevention and early intervention services for those not already identified and engaged in services for the SPMI population. Services include linkage to counseling and other support services, life skills training, nutritional and exercise education and support, finance management support, patient navigation, dual diagnosis support, vocational education, educational support, health management support, self-esteem building and developing healthy social relationships. The Wellness Centers provide a safe environment that promotes peer support, self-advocacy, and personalized recovery.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Reducing Disparities						
Mendocino		Full Service Partnerships for Transition Age Youth (TAY)	CSS-FSP	Transition Age Youth (TAY) 16-25 up to the 26th birthday. Programs provide services to build resiliency and promote independence and recovery in the transition age youth population. Services include: Full Service Partnerships, the TAY Wellness program (which includes supported housing and wraparound components), therapeutic and clinical services for the County's bicultural, bilingual, and remotely located community through Mental Health Providers. This segment of the CSS program will include the implementations of an outcome measure (for example ANSA or CANS depending on age and/or other outcome measure tools) for all Mental Health Providers to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Full Service Partnerships for Adults	CSS-FSP	Adult Services Program focuses on providing services for adults to ensure consumers receive an array of services to support their recovery from severe and persistent mental illness (SPMI), build resiliency, and promote independence. Services include Full Service Partnerships, Wellness and Recovery Centers, Integration with Primary Care, therapeutic and clinical services for the county's bicultural, bilingual, and remotely located, and other underserved populations. This segment of the CSS program will include the implementation of outcome measures (for example ANSA, and/or other outcome measure tools) for all Mental Health Plan Providers to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Full Service Partnerships for Children, Youth, and Families	CSS-FSP	The Children and Family Services Program includes services to children of all ages, with a focus on the underserved 0-5 age group, a focus on the underserved Latino and Native American children. Services offered are broad screening and assessment of very young children, family respite services, Full Service Partnerships, and therapeutic services to children and families, in particular from Tribal and Latino Communities, are the primary services. This population of the CSS program will include the implementation of an outcome measure (for example CANS and/or other outcome measure tools), for all Mental Health Plan Providers. The use of outcome measure tools will allow for evidence based decision making and review of treatment services, as well as identifying areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Full Service Partnerships for Older Adults	CSS-FSP	Older Adult Services Program will focus on the Older Adult Services Program continuing to provide services for the improvement of the aging population's quality of life, resiliency, and independence. These services are provided by a network of Mental Health Plan Providers. Bicultural and bilingual outreach and engagement will be among the highest priorities of services to be provided to older adult consumers. This segment of the CSS program will include the implementation of an outcome measure (for example ANSA, and/or other outcome measure tools), for all Mental Health Plan Providers, to allow for evidence based decision making and review of treatment services. In addition, the outcome measure will allow for identification of areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Behavioral Health Court	CSS	This program is a Full Service Partnership Program for adults 18 and over, (TAY, Adult, and Older Adults) that focuses on those who are incarcerated, on supervised release, on parole or probation, or at risk of incarceration. Ten (10) clients at a time can be served through this program. Clients are identified and referred by the criminal justice system. Mental Health providers assess and review the referrals. Those that qualify for the Full Service Partnerships are approved by the Mendocino County MHSA Team. Priority is given to the homeless or those at risk of becoming homeless. The object of this program is to keep eligible individuals with mental illness from moving further into the criminal justice system by using a Full Service Partnership model of intensive and integrated care management. This program will have fluid services working for those most at risk for incarceration, and when participants become lower risk they will be transitioned to other outpatient services. Behavioral Health Court hopes to reduce arrests, the number of days in jail, and the number of days in psychiatric hospitals for the individuals who participate. Mental Health Providers will use outcome measures & reporting by Full Service Partnership Age categories, (Child, TAY, Adult, Older Adult) to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Outreach and Engagement	CSS-OESD	Mendocino County Mental Health Plan Providers will attempt to reach out to, identify, and engage un-served & underserved populations in the community that may be suffering from severe emotional disturbance or severe and persistent mental illness, but may be unable or unwilling to seek out services and support. The outreach and engagement program of CSS will seek to develop rapport and engagement from these consumers that without special outreach would likely continue to be un-served or underserved, or without intervention would likely end up placed in a higher level of care such as jail, hospitalization, or long term placement. This program will develop rapport and engagement in order to determine appropriate services for client and refer and support consumer in engaging with appropriate services that support recovery, independence, resiliency, and reduce risk factors for higher institutionalization, homelessness, and serious harm to the consumer. Priority will be given to those clients that are underserved due to language or cultural barriers. Mental Health Plan Providers will use outcome measures & reporting by Full Service Partnership Age categories (Child, TAY, Adult, Older Adult) to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Bilingual/Bicultural Therapy for Latino Children and Families (CFSOC)	CSS-OESD	Bilingual and bicultural services to our remote, Tribal, and Latino communities are provided through Mental Health Plan Providers. A clinical team provides services to tribal members and families throughout the county. This team also provides services to individuals and groups incarcerated at our county jail.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Mendocino		Prevention Collaboration	PEI	The PEI Prevention Collaboration provides education, destigmatization, peer support, and support services to youth in schools. Groups in Schools are a project of the Mendocino County Behavioral Health and Recovery Services in cooperation with a Mental Health Provider and various schools and school districts throughout Mendocino County. The project's goal is the early identification and treatment of young people experiencing the first signs of a serious mental illness. The PEI Groups in schools are led by Mental Health providers. These groups provide therapy, rehabilitation, and possibly alcohol and other drug treatment and prevention. These groups are designed to meet the particular needs of the students and to fit with the skills of the clinicians, rehabilitation specialists and prevention specialists. The group leaders use the Brief Screening Survey that was developed jointly with local pediatric psychiatrists and the MHSA PEI workgroup for the detection of symptoms of psychosis or serious mental illness.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Prevention: Older Adults	PEI	The goal of the Adult & older Adult PEI Program is to work to decrease client risk factors and isolation, decreasing psychiatric hospitalizations, and to identify and appropriately respond to client indicators of suicide risk and depression.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Housing						
Mendocino		MHSA Housing Program	CSS	The MHSA Housing Program is in its development stage. The County completed a Request for Proposal (RFP) process to select a development company, which was awarded to Rural Community Housing Development Corporation (RCHDC). Community program planning processes are occurring regarding the size, type, and location of this program. The MHSA Housing Program will serve adults & older adults with severe and persistent mental illness who are homeless or are at risk of becoming homeless, or are coming back home to Mendocino County from higher levels of care, (hospitals and out-of-County Board and Care). A secondary component of the housing support program is for provision of Medi-Cal funded supportive services for the tenants. Support services will be provided by a Mental Health Providers. Mental Health Providers will use outcome measures and reporting by Full Service Partnership Age categories, (Child, TAY, Adult, Older Adult) to allow for evidenced based decision making and review of treatment services, as well as identifying areas for improvement	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Mendocino		Suicide Prevention Program	PEI	The goal of the project is to actively engage the community to promote mental health, prevent suicide, and reduce stigma across the lifespan. Suicide Prevention is addressed in MHSA Forums to determine the community's unique needs and develop action plans tailored to fit the needs of the community, with an emphasis on reaching out to the bilingual, culturally diverse and remote populations. This project includes collaboration with the North Bay Suicide Prevention Hotline. During FY 2014/15 the Mendocino County MHSA Coordinator obtained the certification to facilitate Applied Suicide Intervention Skills Training (ASIST) and safeTALK trainings. These are evidenced based suicide intervention and prevention techniques for the community and workforce. Mendocino County is committed to provide a minimum of three of each of these trainings per year during the three year cycle. In these training efforts we have made special efforts to invite and provide these trainings to linguistically and culturally diverse groups.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Mendocino		Capital Facilities and Technology	CFTN	This component plan will provide an overview in the current technological needs of the mental health program that will be required to meet Meaningful Use Standards as set by the California Health Information Technology (HIT) Executive Order. The goal of the Capital Facilities and Technological Needs (CFTN) plan is to assess the needs and issues facing the Mendocino County Behavioral Health and Recovery Services Program (BHRS). During FY 15/16 a timeline for implementation was established and implementation of the Electronic Health Records (EHR) is in process. The identified need for use of CFTN is for system redevelopment to include an overhaul of the current electronic health record and subsequent billing system of Mendocino County. The County has contracted with XPIO to conduct an assessment of the entire EHR, billing and reporting system to determine the County's needs to meet the Meaningful Use requirements.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Mendocino		Early Intervention, Katie A., Wraparound	CSS-OESD	Mental Health and Child Welfare Services (CWS) work in collaboration to provide Mental Health services when a child qualifies for services based on the Katie A. subclass criteria. Mendocino County has redesigned the service delivery through collaboration with the Social Services Department, the Safety Organized Practices (SOP) Program. This redesign of the existing service expands and introduces a proactive component in the investigation, assessments, and care plan development of the Foster Care placement program. This is a key component that has been introduced by the Core Practice Model as required by Katie A. legislation.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Support Services	CSS-OESD	Mental Health Plan providers provide outreach and support services for Children, Youth, and Families throughout Mendocino County who have been screened using the Brief Screening Survey for Adolescents and Young Adults for symptoms of serious Mental Illness, have been determined to show early signs for serious mental illness, and are in need of Mental Health treatment services but are not eligible for Medi-Cal other covered services.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Innovations	INN	The Innovation Project Proposal goal is to learn how a small isolated rural community can work together with Mendocino County providers to increase access to Crisis Response Systems in these targeted rural communities and build on their community cultural strengths to create crisis response systems in partnership with BHRS that meet the needs of each remote isolated community. We will evaluate the project's effectiveness; determine how to sustain the project and determine what recommendations could be made to other communities or counties wishing to initiate a similar project.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Mental Health Loan Assumption Program	WET	Funds from this component will provide scholarships and loan assistance to those willing to make a commitment to work with the public mental health system. Funded coursework must be applicable to a certificate or degree related to the mental health field (e.g. human services, counseling, social work, psychology, etc.) Students receiving scholarships or loan assistance will commit to seeking work with the County Health and Human Service Agency or with a nonprofit contracted with the County to provide mental health consumer services. Internships required for the degree will be accomplished in one of the settings mentioned above. Anyone employed with behavioral health services organizations in Mendocino County may apply for assistance, with priority given to consumers and family members, persons of Latino or Native American descent, and working directly with cultural and bi-lingual populations. This component was prompted by our identified need to encourage local people to enter and advance in fields related to public mental health.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us
Mendocino		Workforce Education and Training Staffing Workgroup and Subcommittees	WET	The WET Coordinator will convene a regular work group meeting with community stakeholders and parties interested in mental health workforce development. The Coordinator will assist with the work group in identifying training priorities. Work Group meetings occur as a part of MHSA Forums in order to include all geographic areas in the Community Planning Process. The work group will establish subcommittee(s) as needed to carry out targeted projects or special actions of the WET component plan are: Training for Co-Occurring Disorders: trainings related to the identified priority of training for the treatment of co-occurring disorders. Scholarship and Loan Assumption: develop application and interview scoring, develop marketing and outreach plan to priority population of consumers/family members, persons of Latino/Native American descent, employees of public mental health systems including community partners; recruit screening panel and finalize approval process. Electronic Resources: evaluate existing effectiveness of the County's MHSA webpage; establish objectives for providing web based WET information to consumers, community partners, and county staff and determine role of electronic learning for informational hub of the community.	http://www.co.mendocino.ca.us/hhsa/mhsa.htm	Robin Meloche MHSA Coordinator (707) 472-2332 melocher@co.mendocino.ca.us

Merced		Wraparound, Empowerment, Compassion and Needs (WeCan) - Youth/TAY Full Service Partnership	CSS-FSP	The WeCan program is a WRAP program which was and is able to provide services to children and families outside of the "office" environment. Services are delivered in the clients' home, school, and community, thereby reducing stigma of coming to a facility and reaching many of the unserved and underserved population by reducing obstacles such as transportation, service location, standard "office hours" etc. WeCan provides services to family when and where services are needed anywhere in Merced County based on the client's own involvement and reports. Culturally and ethnically the WeCan program is made up of male and female English, Spanish, and Hmong speaking staff in order to address these threshold languages within Merced County. Services are also available in other languages through the use of interpreters and or Language Line when needed. The WeCan program collaborates with other Merced Community partners and attends to the Cultural Competency Oversight Committee to stay in touch with disparities and how to further overcome them.	http://www.co.merced.ca.us/index.aspx?NID=486	Rebecca Hunwardsen Program Supervisor (209) 726-3090 ext. 5024 RHunwardsen@aspiranet.org

Merced		Community Assistance Recovery Enterprise (CARE) - Adult and Older Adult Full Service Partnership	CSS-FSP	CARE implements a 24 hours a day/ 7 days a week intensive case management approach. The multidisciplinary team comprised of case worker, clinicians, substance abuse specialist, housing and employment specialist, nurses, and psychiatrists to assist members with their psychiatric disabilities. The approach emphasis on integrated/wraparound service that follows an ACT (Assertive Community Treatment) model). Each case manager carries a caseload of 10 clients with primary goals of reducing hospitalization, reducing incarceration, reducing homelessness and institutionalization and increasing community integration. The program assists members with full service partners in different domains of their lives. These areas include education, family reunification, transitions into lower levels of care, life skills, drug and alcohol support, applying for SSI, general assistance, spiritual support, legal affairs, access to primary health care are so on. CARE participates in the TAY Subcommittee and has ongoing meetings with TAY clinicians and other TAY providers to identify referrals. In addition CARE works with Spanish speaking clinicians to target individuals that may meet criteria for services.	http://www.co.merced.ca.us/index.aspx?NID=486	Vong Chang Program Manager (209) 723-6559 ext. 2802 VongChang@tcp.org
Merced		Community Outreach Program Engagement and Education (COPE)	CSS-OESD	COPE provides outreach to engage the unserved and/or racially disparate populations through: Community Access to Recovery Services (CARS), Crisis Stabilization Unit (CSU), general Outreach and Engagement. Priority populations to be served include children, youth (TAY), adults and older adults. The continued aim of COPE is on developing and maintaining a collaborative system that relies on community based organizations to engage individuals in racially and ethnically diverse communities. These individuals may not seek services at traditional MH sites. The emphasis of outreach is to engage homeless individuals, Hispanic, Southeast Asian populations as well as the Gay, Lesbian, Bisexual and Transgender communities. The intent is to identify children and youth who are seriously emotionally disturbed and adults with severe mental illness. Additional priority populations served are: Hispanic and SEA incarcerated youth, wards of the court and inmates released from jail who have mental illness and/or co-occurring disorders.	http://www.co.merced.ca.us/index.aspx?NID=486	C.A.R.S. Merced		Westside Transitional Center	CSS-OESD	Component of the Los Banos outpatient mental health treatment program. The aim of the program is to serve mentally ill adults of Los Banos and the surrounding area including Santa Nella, Gustine, and Dos Palos. While the Westside Transitional Center is still evolving in its practical and philosophical direction, it is guided by the Recovery Principles as espoused by the MHA Village of Long Beach. Consistent with the Village Recovery Model is the notion that people coming in to the Westside Transitional Center will be offered an integrated program of services aimed at helping them improve their quality of life. This starts with providing a safe, supportive setting for consumers of the program to begin working on their personalized plan of recovery. Staff will ultimately assist consumers in establishing a greater sense of hope and empowerment in their lives. Hopeful and empowered consumers are more inclined to take reasonable risks in challenging themselves and have a greater sense of self-determination with regard to the future.	http://www.co.merced.ca.us/index.aspx?NID=486	Jon Masuda Program Manager (209) 710-6127 ext. 6125 JMasuda@co.merced.ca.us

Napa		The Collaborative Project (Innovations Round 1)	INN	The primary purpose of the Napa County Mental Health Division's Innovations Plan is to develop a model, the Mental Health Equity Partnership, composed of stakeholders and providers, which is intended to change the relationship between the Mental Health Division, local mental health providers and identified underserved/underserved communities and to increase the perceived and actual value of collaboration for all parties. Secondary purposes will be to increase access to underserved groups, increase the quality of services, and to increase access to services. This project is being implemented by On the Move, Inc. and was initiated in March 2013 and scheduled to end by June 30, 2017.	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org
Housing						
Napa		Hartle Court Permanent Supported-Living Housing Project	Housing	After an extensive RFP process, the Mental Health Division awarded CSS Housing funds to Progress Foundation, which has partnered with the Gasser Foundation to finance acquisition and construction of the Hartle Court Housing Project, which includes 18 one-bedroom units of permanent supportive housing for homeless or at risk of homeless adults with mental illnesses and 6 two-bedroom units of transitional housing for homeless transition-aged youth (18 to 26 years) with mental illnesses. The Hartle Court Apartment complex is located on the south side of the town of Napa on a .68-acre plot next to the existing 59-bed South Napa Homeless Shelter. The land was donated through a 99-year \$1 per year lease by the Gasser Foundation. The total value of the project is approximately \$4 million with \$1,218,600 in CSS Housing funds and an additional \$609,300 in CSS Housing funds for operating subsidies.	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org
SB 82 Funded						
Napa	SB 82	Community Connection Network	Crisis Triage (SB 82)	The Community Connections Network is a collaborative Crisis Triage project operated by Progress Foundation Family Service of Napa Valley (FSNV) to provide site-based crisis intervention services, mental health support, and linkages to stabilize individuals who would otherwise escalate to needing higher levels of care such as the Crisis Clinic, emergency room services, or inpatient hospitalization. Community Connection Network staff is available to all ages and demographics who are experiencing an emerging mental health crisis. Community Connection's short term mental health services are provided for an average of 30 days.	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org
Napa	SB 82	Crisis Stabilization Services	CHFFA (SB 82)	With funding from the California Health Facilities Finance Authority (CHFFA), the Napa County Mental Health Division will develop Crisis Stabilization Services (CSS). The CSS (4-bed) will be the first one in the County and will fill in existing gaps in the County's continuum of care by providing access to emergency psychiatric services complimentary to current resources. The goals of the proposed CSS are to: - Offer the first emergency psychiatric crisis service in Napa County; - Expand access to early intervention and treatment services to improve the consumer experience, and help them to achieve recovery and wellness; - Divert mental health consumers from hospitalization and other institutional care to more appropriate, less restrictive levels of care; - Reduce the negative impacts of extended hospital emergency room stays upon consumers and local hospital emergency departments; and - Enable first responders to quickly transition consumers to crisis mental health services.	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org

Napa		Technological Needs (TN)	CFTN	The Mental Health Division's TN Project was identified with input from local stakeholders who were involved in the local TN planning process. The following items will enable the Mental Health Division to improve the delivery of mental health services to its clients regardless of whether they are seen at county facilities or at one of the many organization providers and/or members of the individual provider network. These items are required to achieve a more integrated Electronic Health Record (EHR) and include the following: 1. E-prescribing (Doctor's Home Page)/Upgrade to Personal Health Records 2. Wellness/Recovery Technology Project 3. Anasazi rollout to organizational providers 4. Additional modifications to current EHR system as needed	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org
Napa		Purchase and renovation of a local facility for the Adult Resource Center	CFTN	The Adult Resource Center is located at 3281 Solano Avenue in the City of Napa. The facility is known as the People Empowering People Center and supports individuals with personalized socialization, relationship building, assistance with maintaining benefits, employment and educational referral opportunities, educational support sessions provided by County staff and community volunteers, and a range of social activities. The ultimate goal is to reduce dependence on the mental health system and increase self-reliance by building a healthy network of support systems. A key element of the program is the engagement and support offered by individuals recovering from mental illness.	http://www.countyofnapa.org/Pages/DepartmentContent.aspx?id=4294967939	MHD Project Manager, Felix Bedolla at (707) 299-1759 or Felix.Bedolla@countyofnapa.org

Orange		Children's In-Home Crisis Stabilization	CSS-OESD	Provides in-home crisis response, short term in-home therapy, case management and rehabilitation services with a focus on maintaining family stabilization and preventing hospitalization and/or out of home placement.	https://www.brightfuture4kids.org/learn/programs/	(714) 543-4333 (855) OC- LINKS
Orange		Children's Crisis Residential Program	CSS-OESD	With the goal of reducing at-risk behaviors, peer and family problems, out-of-home placement, and involvement in the child welfare and juvenile justice system among adolescents, the Crisis Residential Program of the Children Provider-CSP offers a temporary, short-term, six-bed crisis stabilization home to adolescents who are in crisis. Admissions are voluntary and available on a 24/7 basis depending on bed availability. The program facilitates, educates coping strategies and promotes resiliency in diverse youth and their families. Staff involved in evaluating possible inpatient admissions or the Family Stabilization Teams (FST) identify youth who do not require hospitalization but will benefit from additional assessment and therapeutic respite.	http://www.cspinc.org	(949) 494-4311 (855) OC- LINKS
Orange		Children's Centralized Assessment Team	CSS-OESD	Children & Youth Behavioral Health staff provide crisis evaluations for minors under the age of 18 to determine if psychiatric hospitalization is required or if the minor can be safely referred to a lower level of care. This 24/7 mobile crisis team consists of psychologists, social workers, and marriage and family therapists. The program serves the unfunded and Orange County Medi-Cal Recipients. CYS CAT also has a rotations of Service Chiefs and Psychiatrists available 24/7.	http://ochealthinfo.com/bhs/about/amhs/ces	(949) 494-4311 (855) OC- LINKS
Orange		TAY Crisis Residential Services	CSS-OESD	South Coast Children's Society – Transitional Age Youth (TAY) Crisis Residential Program is a six-bed program for TAY who have experienced a mental health crisis but do not meet the criteria for inpatient hospitalization. Orange		Adult and TAY In-Home Crisis Stabilization	CSS-OESD	Provides 24/7 in-home crisis response, short term in-home therapy, case management, and rehabilitation services, with a focus on maintaining family stabilization and preventing hospitalization and/or out-of-home placement. The target population is adults aged 18 and older who are being considered for psychiatric hospitalization, but who don't meet criteria for admission. An evaluation will be provided by Adult services to determine if the individual meets the target population. The crisis stabilization team will come to the site of the evaluation and begin to (1) work out a plan to identify causes of the current crisis and (2) begin to work on healthful ways of avoiding future crises. The team will target a brief intervention period usually three weeks, occasionally extending to six. The In-Home Crisis Stabilization Team will help the family and individual develop coping strategies and linkages to on-going support.	http://ochealthinfo.com/bhs/	(714) 543-4333 (855) OC- LINKS
Orange		Adult Centralized Assessment Team	CSS-OESD	The Centralized Assessment Team (CAT) provides 24 hour mobile response services to any adult who has a psychiatric emergency. This program assists law enforcement, social service agencies, and families in providing crisis intervention services for the mentally ill. CAT is a multi-disciplinary program that conducts risk assessments, initiates involuntary hospitalizations, provides resources and linkage, and conducts follow up contacts for individuals evaluated. Bilingual/bi-cultural staff works with family members to provide information , referrals, and community support services. Psychiatric Evaluation and Response Team (PERT) is a partnership with law enforcement, which includes designated police officers and mental health staff that respond to calls from officers in the field. Mental health consultations are provided for individuals in an apparent mental health crisis. The program also provides outreach and follow up services to ensure linkage to ongoing services.	http://ochealthinfo.com/bhs/	(866) 830-6011 (855) OC- LINKS
Orange		Adult Crisis Residential	CSS-OESD	The T.R.E.E. House (Total Recovery Enriching Experience) is an adult crisis residential program, offering a safe environment for adults experiencing a mental health crisis who need additional support to avoid hospitalization, to stabilize symptoms, and return to their previous level of functioning. The program also provides co-occurring services for people who are experiencing a mental health crisis and also have substance abuse issues. The T.R.E.E. House offers short-term, voluntary services, typically lasting 7 to 14 days with a client-centered, recovery focus and an underscored concept of personal responsibility for one's own illness and independence. The program is designed to enhance social connection with family or community so that program participant can move back into the community and prevent an inpatient stay. Services include crisis intervention, development of a Wellness Recovery Action Plan (WRAP), individual and family therapy, group rehabilitation treatment, assistance with self-administration of medications, case management and discharge planning.	http://www.telecarecorp.com/programs/116	(714) 289-3936 (855) OC- LINKS
Orange		Crisis Prevention Hotline	PEI	The Crisis Prevention Hotline is an accredited 24-hour, toll-free suicide prevention service available to anyone in crisis or experiencing suicidal thoughts. Services include immediate, confidential over-the-phone assistance for anyone seeking crisis and/or suicide prevention services for themselves or someone they know. Hotline counselors will also conduct follow-up calls for individuals who give their consent to ensure their continued safety. Orange		Adult and Older Adult Peer Mentoring	CSS-OESD	The program provides peer support activities and peer counseling in collaboration with the Regional Adult Outpatient Mental Health Clinics and Older Adult programs. Peer Mentors work with consumers in the community and in the consumer's homes in order to reduce any barriers to access services. Referrals are currently accepted from the Regional Adult Outpatient Mental Health Clinics, Older Adult programs, Telecare General Population FSP, and Recovery Centers.	http://www.pathways.org/california/	(855) OC- LINKS
Orange		Survivor Support Services	PEI	Survivor Support Services provides support for those who have lost a loved one to suicide, and educates the community on suicide prevention and intervention. These services include outreach, crisis support, bereavement groups, individual support, and training. Trainings on suicide prevention and survivor support groups are available to Orange County residents and serve a broad range of people whose lives have been impacted by mental illness and, in particular, suicide. Culturally appropriate follow-up care, education, referrals and support target those who have attempted suicide and those who have lost someone to suicide. Through a peer-led group support model, this program aims to provide education and information regarding the personal and social impact of suicide, and to address survivors' emotions and needs. The service is also designed to improve family functioning/communication, identify and understand the factors that promote a survivor's resilience and strength, provide bereavement services and support, and address issues of stigma and shame.	http://ochealthinfo.com/bhs/	(714) 547-0885 (855) OC- LINKS
Orange		Family Support Services	PEI	Provides ongoing support for families struggling with behavioral health issues. The focus is on supporting and educating families about behavioral health and parenting issues to prevent the development of behavioral health problems in other members of the family. Services include group and individual support, weekly peer mentor support, educational workshops, a volunteer family mentor network, family matching and parenting classes.	http://ochealthinfo.com/bhs/	(714) 547-0885 (855) OC- LINKS
Orange		Warmline	PEI	WarmLine is telephone-based, non-crisis support for anyone struggling with mental health and substance abuse issues. The staff providing the services has been through a similar journey, either as a mental health or substance abuse services consumer, or as a family member of an individual receiving these services. The WarmLine operates Monday through Friday 9am-11pm and Saturday and Sunday 10am-11pm. Additional funding (\$76,552) has been budgeted to continue the extended WarmLine hours from 11pm to 3 am as it is anticipated that the previous funding source will discontinue.	http://ochealthinfo.com/bhs/about/pi/crisis	(714) 991-6412 (855) OC- LINKS
Reducing Disparities						
Orange		CSS Outreach and Engagement	CSS-OESD	Community Services and Supports (CSS) Outreach and Engagement Services (OES) focuses their efforts on children, TAY, and adults who are Seriously Emotionally Disturbed and Mentally Ill (SED/SMI), and also homeless or on the verge of homelessness. CSS OES assists the unserved or underserved populations with accessing culturally and linguistically appropriate full service partnerships, mental health services, and/or linkages with other needed community resources.	http://ochealthinfo.com/bhs/	(714) 954-2900 (855) OC- LINKS
Orange		Outreach and Engagement Collaborative	PEI	Provides mental health preventative services to unserved and underserved populations at risk of mental illness and behavioral health problems. It is designed for those people who have had life experiences that may make them vulnerable to mental health problems, but who are hard to reach in traditional ways because of cultural or linguistic barriers. Identification with potential target groups or individuals is accomplished through already established relationships with community organizations, (e.g., non-profits, schools, community agencies, health care providers, first responders, judicial system, correctional system, etc.) that have developed trust with the community and have contact with the individuals, families or groups who require assistance in accessing prevention and/or early intervention services. Staff asks respected members of the community organization to introduce them to those needing information and assistance and maintain the contact with that individual or family until no further assistance is needed. Mental health interventions and wellness activities at community sites focus on coping with the impact of trauma and provide easy and immediate access, information, and referral assistance to culturally competent, early intervention services as needed.	http://ochealthinfo.com/bhs/	(714) 954-2900 (855) OC- LINKS
Orange		Community-Based Stigma Reduction	PEI	Provides artistic events and activities that support self-confidence and hope in consumers and their family members and educate the general public about the abilities and experiences of those living with a behavioral health issue. Activities include art workshops and exhibits, musical and dance performances representing many cultures, and other activities as approved. These events provide a creative outlet and entertainment with consistent messages aimed at ending the silence of mental illness.	http://ochealthinfo.com/bhs/	(855) OC- LINKS
Orange		Professional Assessors	PEI	Provides services to individuals who may be experiencing untreated depression and/or anxiety, or who may have been exposed to trauma to determine whether further evaluation and referrals to behavioral health services are needed. Services include screening, assessment, case-management and referral/ linkages to community resources. Professional Assessors are currently placed at community sites including Veterans Treatment and Family Court, family health clinic and senior centers. The Veteran's Court Services provides case management to the Veterans Treatment Court and the Veterans Non-Criminal Domestic Violence Family Court. This service provides case management for court-assigned Veterans who are in need of professional support, referral and linkage to community resources.	http://www.occourts.org/directory/collaborative-courts/	(855) OC- LINKS

Orange		College Veterans Program (The Drop Zone)	PEI	The College Veterans' Program is a collaborative with local community colleges. The program provides services to veteran students on campus at the Veterans' Resource Center. Veteran students have access to appointments with a BHS clinician who is a veteran. Some of the direct interventions available include behavioral health screening and assessment, individualized case management, referrals and linkage to appropriate community resources. The clinician also provides outreach and engagement on Orange County campuses using veteran specific events and support groups to encourage discussion of barriers to successful transition to college and civilian life.	http://ochealthinfo.com/bhs/about/pi/crisis/drozone/	(714) 824-1996 (855) OC- LINKS
Orange		Statewide Projects	PEI	Statewide Prevention and Early Intervention (PEI) Projects include the Suicide Prevention, Stigma and Discrimination Reduction, and Student Mental Health initiatives. Suicide Prevention activities include social marketing and training to support helpers and gatekeepers identify and respond to suicide risk and work with local suicide prevention partners to respond to individuals in crisis through hotlines. Stigma and Discrimination Reduction activities include implementation of best practices to support help-seeking behavior, build knowledge and change attitudes through development of policies, protocols, and procedures; informational/online resources; training and educational programs; and media and social marketing campaigns, including cultural adaptations to engage and inform underserved racial and ethnic communities. Student Mental Health activities include partnerships from Kindergarten through Higher Education to change school climate and campus environments by promoting mental health, engaging peers, providing student screening and providing technical assistance and social media campaigns to support efforts, increase awareness and engage community locally.	http://ochealthinfo.com/bhs/	(714)-834-2077 (855) OC- LINKS
Orange		OC ACCEPT (OK to Be Me)	PEI	Provides community-based mental health and supportive services to individuals struggling with and/or identifying as LGBTIQ (Lesbian, Gay, Bisexual, Transgender, Intersex or Questioning) and the people important in their lives. The program specializes in addressing issues that are common in the LGBTIQ community, such as confusion, isolation, grief and loss, depression, anxiety, suicidal thoughts, self-medicating with drugs and high risk behaviors, self-esteem challenges, victims of bullying, trauma, homelessness, and lack of familial support. OC ACCEPT seeks to provide a safe environment with acceptance and compassion for individuals to express their feelings, build resilience, become empowered and connected with others for support. The program also raises awareness and reduces stigma by providing education about the LGBTIQ population to the community at large.	http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation	(714) 517-6100
Orange		OC4Vets (formerly known as Vet Connect)	PEI	Examines whether co-locating services for veterans with the Veterans' Services Office will increase access to health and supportive services for veterans with post-traumatic stress disorder (PTSD), traumatic brain injury (TBI), and severe depression, including those dually diagnosed with substance abuse disorders. It facilitates access to a comprehensive array of treatment and supportive services for veterans and their families and provides assistance (a warm hand-off) to help those veterans who are too fragile to integrate into the VA system. Uses peer veterans to provide service system navigation and solid connection with existing community resources. This program provides an integrated, holistic approach to veteran behavioral health, recognizing that medical, as well as basic shelter, food, and job issues impact behavioral health.	http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation	(714) 480-6476 (855) OC- LINKS
Orange		Veteran Services for Military Families	INN	Serves military family members of Veterans involved in a behavioral health program, such as court, OC4Vets, or outpatient counseling. The Veteran Services for Military Families program will seek to address the family component of the issues facing Veterans, such as PTSD, TBI, substance use, and other mental health issues. By addressing these issues, the goal is to prevent or provide early intervention by training family members to communicate using non-confrontational techniques with improving knowledge of PTSD symptoms and developing resiliency and coping skills that will facilitate resolution of family issues. The program seeks to enhance the Veterans' support system through strengthening the family unit, which will in turn decrease the trauma symptoms that affect the Veterans.	http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation	(855) OC- LINKS
Housing						
Orange		Housing for Homeless	CSS-OESD	Provides interim housing (three to 18 months) for up to six individuals who are identified as severely and persistently mentally ill and homeless. Additionally, these individuals may have co-occurring medical issues that make them more fragile and at greater risk if left on the streets. Residents will have case management and psychiatric services provided by county or county-contracted programs attached to each participant. A nurse would visit the facility to ensure compliance with medication and other health regimens. The financing would be used to secure a residence and furnishings, hygiene and living necessities, and basic stocks of food. The treatment emphasis would be on medical and psychiatric stabilization and life skills/independent living.	http://ochealthinfo.com/bhs/	(714)796-0200 (855) OC- LINKS
Orange		Children's Full Service Partnership	CSS-FSP	The four Children's Full Service Partnership (FSP) programs focus on the areas prescribed in the original legislation and several areas of local need within the broader targets. One FSP focuses on the more general community. This program takes referrals from the Outreach and Engagement teams, Centralized Assessment Team, and County and contract clinics. Prominent among their referrals are the homeless or those who are at risk of homelessness. Parents frequently need job assistance, especially when the needs of their Seriously Emotionally Disturbed (SED) child impact their ability to maintain employment. The second FSP program focuses on the culturally and linguistically isolated, particularly those in the Vietnamese and Korean Communities. The third program serves a small number of children who entered the juvenile justice system at a younger age and, after in-custody rehabilitation, need support reintegrating into the community. The fourth children's FSP is a program for those young people who come to the attention of the Juvenile Court, especially those who require the services of specialized collaborative courts.	http://www.cspinc.org/	(714) 842-6600 (855) OC- LINKS
Orange		TAY Full Service Partnerships	CSS-FSP	The target groups for these programs are youths who are 16-25 who are homeless or at risk of homelessness, who are culturally or linguistically isolated, and/or who are at risk of incarceration or psychiatric hospitalization because of mental illness, frequently complicated by substance use. There are four programs in this category. One serves a broad spectrum of youths in the community including youths experiencing a first psychotic break and former foster youth, almost all of whom are at some risk of homelessness. A second focuses on the unique needs of the Asian Pacific Islander community with particular focus on the Korean and Vietnamese populations. The third is a program designed to meet the needs of youths who have been exposed to significant rehabilitation attempts while in the custody of the Orange County Probation Department. This program focuses on maintaining the gains the youths have made and on integrating back into the community. Learning how to obtain and maintain employment despite significant mental health issues is a particular focus. The fourth program was designed to meet the needs of a variety of youths involved with the Juvenile Court. This program works with the Juvenile Drug Court, particularly, to provide services once they graduate from the Court and are released from Probation. This program also serves youths who are Dual status (i.e. both wards and dependents of the court). These are multi-problem youths who may require services well into early adulthood. This FSP also works with children and families who come to the attention of the Truancy Court.	http://www.cspinc.org/Full%20Service%20Partnerships	(855) OC- LINKS

Orange		Adult Full Service Partnership	CSS-FSP	These programs provide a full array of services from outreach and engagement to community-based, client- centered care. Psychiatric services including medication and case management, housing, education, employment and community integration activities. All FSPs have been focused on data and outcomes as a way of assessing effectiveness and are now implementing best practices and measuring outcomes to ensure positive results. Integration of co-occurring disorders treatment and medical/health has been a primary focus in these programs. Adult FSPs primarily serve members from 18-59. The target population is the chronic mentally ill who are homeless or at risk of homelessness, and may also be diagnosed with co-occurring substance abuse or dependence disorder. These programs are linguistically and culturally responsive in providing services to the underserved multi-ethnic populations in Orange County, such as Latinos, Vietnamese, Iranians, Koreans, monolingual non-English speakers, and the Deaf and Hard of Hearing.	http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/adult	(855) OC- LINKS
SB 82 Funded						
Orange	SB 82	SB 82 Triage Program	CSS	Licensed triage staff will be located at hospital emergency rooms to provide assessment, crisis intervention, education, referral, and targeted case management to adults and youth. Their focus will be on coordinating patient placement to non-hospital settings whenever possible and appropriate. They will also provide telephonic follow up within 30 days to ensure that discharged patients have received appropriate and effective assistance. Peer Mentors will focus on providing assistance to identified consumers to ensure linkage to necessary community-based services. They will meet face to face with identified adult clients and licensed staff in emergency rooms or at the County's Crisis Stabilization Unit for a warm hand-off. For up to 30 days, the Peer Mentors will provide field-based services including on-going support, advocacy, education, resources and linkage assistance. Psychiatrists will focus on providing timely assessment and crisis stabilization, diverting from inpatient whenever possible and appropriate. Services will include providing telephonic and/or face to face consultation to emergency department physicians and face to face assessment and crisis intervention services to emergency department clients upon request.	http://ochealthinfo.com/bhs/	(714) 842-6600 (855) OC- LINKS

Orange		Children and Youth Outpatient Services Expansion	CSS-OESD	This program expands services to children and youth from birth through 20 in the 15 contracted outpatient clinics serving Medi-Cal beneficiaries throughout Orange County. Children and youth who suffer from a wide variety of behavioral health disorders will be provided services that include individual, collateral, group and family therapy, medication management, and case management. These funds will act as a "match" to allow for drawdown of Federal Financial Participation funds, which will essentially double the number of youth served for the MHSA funds spent.	http://ochealthinfo.com/bhs/	(855) OC- LINKS
Orange		Medi-Cal Match: Mental Health Services	CSS-OESD	In reviewing service gaps, a need to provide additional services to youth who were experiencing both SED and Substance Use Disorder (SUD) was identified. These youth were participating in residential substance abuse programs but their SED was interfering with them getting maximum benefit from rehabilitation. These dollars purchase additional group, family and individual treatment that supplement their residential services.	http://ochealthinfo.com/bhs/	(855) OC- LINKS
Orange		TAY Program for Assertive Community Treatment	CSS-OESD	The TAY Program for Assertive Community Treatment (TAY PACT) provides voluntary, community based recovery mental health services to individuals age 18-25, who are living with a serious and persistent mental illness. The TAY PACT program was designed to specifically meet the unique developmental needs of young adults who are dealing with a mental illness, who are transitioning into adulthood. The PACT teams emphasize a "whatever it takes" approach, which values individual consumer needs, strengths, choice, and involvement in service planning and implementation. PACT provides intensive case management services, including linkage to entitlements, community social support, linkage to housing programs, and linkage/collaboration of services with primary medical care. The majority of these services are provided in the community in order to reduce any barriers to accessing services.	http://orange.networkofcare.org/mh/services/agency.aspx?pid=TransitionalAgeYouthProgramforAssertiveCommunityTreatmentTAYPACTCountywide_348_2_0	(714) 517-6300 (855) OC- LINKS
Orange		Supported Employment	CSS-OESD	Employment WORKS of Orange County Goodwill offers individuals who are seriously and persistently mentally ill the opportunity to participate in a supportive, competitive employment service. Orange		Wellness Center	CSS-OESD	The Wellness Centers are designed for those members with lived experience who have achieved a high level of recovery in their treatment. The center offers programming that is culturally responsive and linguistically appropriate. Many groups and classes are focused on personalized socialization, relationship building, employment goals, exploration of educational opportunities and assistance to maintain benefits. The Wellness Center is grounded in the recovery model and facilitates and promotes recovery and empowerment through their staff and their interaction with members. The Wellness Center is a space for people to develop opportunities for socialization and growth in other areas of life outside the mental health system. It is a safe place where people can explore their potential in ways that have been either inaccessible or perceived as impossible in the past. The members and staff are proof of recovery and represent a step towards a more transparent and transformative system.	https://media.ocgov.com/gov/health/bhs/about/pi/mhsa/default.asp	714-361-4860 (855) OC- LINKS

Orange		Recovery Centers	CSS-OESD	Adult Recovery Centers provide a lower level of care for consumers who no longer need traditional outpatient treatment but still need to continue receiving medication and episodic case management support. This program allows diverse consumers to receive distinct, mostly self-directed services that focus on consumer-community reintegration and linkage to health care. To a great extent, the program relies on client self-management. In addition, an important feature is a peer-run support program where consumers are able to access groups and peer support activities.	http://orange.networkofcare.org/mh/services/agency.aspx?pid=AdultRecoveryCenterNorthRegion_348_2_0	(714) 780-0750 (855) OC- LINKS
Orange		Mental Health Court - Probation Services	CSS-OESD	The Collaborative Court Programs use a team approach to decision making, and include the participation of a variety of different agencies, such as Probation and mental health treatment providers. They involve active judicial monitoring and a high level of treatment. This program provides support to the probation department for their participation in the mental health collaborative courts. The probation officers provide evaluations, drug testing, field visits and searches, participate in treatment meetings, and offer Cognitive Behavioral Training.	http://ochealthinfo.com/bhs/	(855) OC- LINKS
Orange		Older Adult Mental Health Recovery Program	CSS-OESD	Older Adult Outpatient Mental Health Recovery Program provides voluntary, community based recovery mental health services to individuals who are living with a serious and persistent mental illness. The individuals served by this program are primarily home bound with little access to other resources or supports. The majority of these services are provided in the individual's home or in the community to reduce any barriers to access services. The team provides in-home mental health assessment, hospital diversion, crisis intervention, medication management, individual therapy, collateral therapy, substance abuse assessment and treatment. They provide case management services, including linkage to entitlements, community social support, linkage to housing programs, and linkage/collaboration with primary medical care.	http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older	(855) OC- LINKS
Orange		Older Adult FSP Older Adult Support and Intervention System (OASIS)	CSS-OESD	Older Adult Support and Intervention System (OASIS) Is an Older Adult Full Service Partnership Program that follows the Wellness, Recovery, and evidence-based model. The program focuses on the person rather than the illness, the consumer strengths, self-identified goals and objectives. Individuals from all ethnicities and cultures are served with an emphasis on client centered care. The program is comprised of an interdisciplinary staff of peer counselors/ life coaches, Personal Services Coordinator (PSC), a therapist, nurses, a nurse practitioner, a geropsychiatrist, and a pharmacist. All staff members are familiar with the specialized needs of older adults.	http://ochealthinfo.com/bhs/about/pi/mhsa/fsp/older	(714)-399-3480 (855) OC- LINKS
Orange		Older Adult Program of Assertive Community Treatment	CSS-OESD	The program focuses on delivering culturally competent services to seniors in the community, so that individuals may achieve their maximum level of functioning and independence. The program provides consumer-focused, recovery-based services and provides intervention, primarily in the home and community, to reduce access or engagement barriers. Collaboration with primary physical health care and providers of community and family supportive services is a priority in this multidisciplinary model of treatment.	http://ochealthinfo.com/bhs/	(949)-643-6930 (855) OC- LINKS
Orange		Integrated Community Services	CSS-OESD	Integrated Community Services (ICS) provides outreach into the medical community to facilitate bi-directional services to fully integrate both physical and mental health care. This collaboration with community medical clinics and county mental health programs is a healthcare model that will prove to bridge the gaps in service for the underserved low-income community and increase better overall health outcomes for the patients involved. In the ICS Community Home project a Mental Health Team (Psychiatrist, BHS Clinician and Mental Health Caseworker) will be brought into existing community health clinics: Asian Health Center and Korean Community Services. Bringing in each team to complement existing patient services allows full integration of patient care in each location.	http://ochealthinfo.com/bhs/about/pi/mhsa/components/innovation	(714)-517-6100 (855) OC- LINKS
Orange		Early Intervention Services for Stress Free Families	PEI	The Stress Free Families Program serves families that have been reported and/or investigated by Child Protective Services for allegations of child abuse and/or neglect. The program is designed to reach and support these families whose stressors make the children and parents more vulnerable to behavioral health conditions. Services consist of short term interventions including brief counseling, parent education and training, case management and referral and linkage to community resources. Staff is co-located at a Social Services Agency (SSA) site to provide consultation and receive referrals from SSA staff.	http://ochealthinfo.com/bhs/about/pi/early/stressfree	(714) 480-4678

Riverside		Stress and Your Mood (SAYM) [Previously known as Depression Treatment Quality Improvement (DTQI)] (TAY Project)	PEI	Provides evidence-based early intervention to treat depression, based on the concepts of Cognitive-Behavioral Therapy (CBT). Services provided in multiple locations in each service delivery region through organizations that serve youth and young adults in a setting where the youth feel comfortable. Services targeting LGBTQ youth are provided at an organization that serves LGBTQ youth and young adults.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Families and Schools Together (Early Intervention for Families in Schools)	PEI	The FAST program is an outreach and multi-family group process in schools designed to build protective factors in children, empower parents to be the primary prevention agents for their children, and build supportive parent-to-parent groups. The overall goal is to intervene early to help at-risk youth succeed in the community, at home, and in school, thus avoiding problems such as school failure, violence, and other delinquent behaviors.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org

Riverside		Active Minds (TAY Project)	PEI	This national organization works to use the student voice to change the conversation about mental health on college campuses. Increases student awareness of mental health issues, provides information and resources regarding mental health and mental illness, encourages students to seek help as soon as it is needed, and serves as a liaison between students and the mental health community. The student-run chapters organize campus-wide events to remove the stigma that surrounds mental health issues and create an environment for open conversations about mental health issues.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Cognitive-Behavioral Therapy for Late-Life Depression (First Onset for Older Adults)	PEI	This program focuses on early intervention services that reduce suicidal risk and depression through an active, directive, time-limited, and structured problem-solving approach. A highlight of this model is its portability, which allows implementation in a variety of settings, including places where older adults are likely to go (senior centers and senior workforce centers).	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Cognitive Behavioral Intervention for Trauma In Schools (Trauma Exposed)	PEI	CBITS is a cognitive and behavioral therapy group intervention to reduce children's symptoms of Post Traumatic Stress Disorder (PTSD) and depression caused by exposure to violence.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Dare to be Aware Conference (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	This is a full-day conference for middle and high schools from across the county that began in 2002 to address stigma against individuals with mental illness, which was preventing them from seeking early intervention and treatment. The goal of the conference is to present an accurate picture of mental illness to the youth of Riverside County in order to reduce stigma. Our intervention efforts target high-risk youth and the community to teach them what stigma means, how it negatively impacts individuals, take steps to minimize stigma at school, home and community. We strive to bring awareness of available community resources and how to access services. We also strive to raise awareness about mental illness, which will make it easier for those with mental illness to seek appropriate help.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Outreach Activities (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	Outreach and engagement staff provide community outreach and engagement activities targeting those populations that are currently receiving little or no service. Increases awareness and knowledge of mental health and mental health resources, such as the PEI programs, increases community readiness to address mental health issues, and eliminates stigma associated with mental health issues. Staff provide community education, referral and linkage.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Network of Care (Mental Health Outreach, Awareness and Stigma Reduction Project)	PEI	The Network of Care for Behavioral Health is a user-friendly website that serves as a resource for consumers, community members, community-base organizations and providers interested in behavioral health. The website provides easy access to information regarding behavioral health services, laws, news, education, recovery management tools, and resources to increase mental health awareness. The Network of Care for Behavioral Health is a practical tool that hopes to ensure that there is "No Wrong Door" for those who need mental health information or services.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org

Riverside		Families and Schools Together (Early Intervention for Families in Schools)	PEI	The FAST program is an outreach and multi-family group process in schools designed to build protective factors in children, empower parents to be the primary prevention agents for their children, and build supportive parent-to-parent groups. The overall goal is to intervene early to help at-risk youth succeed in the community, at home, and in school, thus avoiding problems such as school failure, violence, and other delinquent behaviors.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Caregiver Support Groups (First Onset for Older Adults)	PEI	Partners with local community-based organizations and social service agencies to provide support groups for caregivers. Specific outreach, engagement, and linkage to the support groups for individuals and caregivers/family members of individuals receiving prevention and early intervention services, caregivers of seniors with mental illness, and caregivers of seniors with dementia.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Seeking Safety (Trauma Exposed)	PEI	This program is a present-focused, coping skills program designed to simultaneously help people with a history of trauma and substance abuse. Can be conducted in group or individual format; for female, male or mixed gender groups; for people with both substance abuse and dependence issues; and for people with PTSD and for those with a trauma history that do not meet criteria for PTSD.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Children's Outpatient Program Consolidation Project	CFTN	Children's Consolidation: Project included the purchase of two existing structures at a combined capacity of 78,116 square feet, centrally located at 3075 & 3125 Myers Street, Riverside, CA 92503. Renovations consisted of program operational and administrative needs and required updates to the data communications system.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Western Administration and Adult Consolidation Project	CFTN	Western Administration and Adult Consolidation: The building at 2085 Rustin with a capacity of 147,000 square feet will house a multitude of programs including: Western Out-Patient Clinic Services, Western Children's Treatment Services Expansion, Older Adult Services, Transition Age Youth Integrated Services Recovery Center, Peer Outreach, Family Advocate, Consumer Affairs, MHSA Administration, Workforce Education and Training, Prevention and Early Intervention, Cultural Competency, CARE lines, and Technology and Research. A staggered move-in schedule began April 2015.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org
Riverside		Behavioral Health Information System (BHIS) and Electronic Health Record (EHR)	CFTN	The county has replaced the older antiquated software applications with a fully integrated BHIS for Practice Management, Managed Care, and Clinical EHR (Electronic Health Record). The new BHIS has been implemented in phased releases. Phase 1 included Practice Management, Administrative Workflow, Managed Care, Billing & Accounting, and all state mandated reporting. Phase 2 involved the implementation of a Clinical EHR function. Basically, it replaced all of RCDMH's hard copy charts with electronic charts.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcmhd.org

Riverside		Older Adult Self Management	INN	Enables the psychiatrist, along with a team of mental health professionals, to improve the overall functioning and sense of well-being of older adults with serious and persistent mental illness receiving medication management. Older adults receive assistance in the following areas: coordinating their own care, developing skills to better communicate with physicians, effectively monitor and self-report their own general health and skills to improve their social activities and community supports.	http://www.rcdmh.org/MHSA	Bill Brenneman MHSA Administrator (915) 955-7122 bman@rcdmh.org

SAFE advocates promote family member as well as youth consumer involvement and partnership in the mental health system through system advocacy, direct client support services and advocacy.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Reducing Disparities						
Sacramento		Supporting Community Connections	PEI	As part of the PEI Suicide Prevention Project, the Supporting Community Connections program is a constellation of community based agencies working collaboratively throughout the County to provide culturally and linguistically appropriate support services designed to increase access to and linkage with needed services; improve self-reported life satisfaction and well-being; reduce risk factors and enhancement of protective factors; diversion from crisis services or decreased need for crisis services; decreased suicide risk; increased knowledge of available resources and supports; and enhanced connectedness and reduced isolation. Each program is specifically tailored to meet the needs of their respective communities. Supporting Community Connections consists of nine (9) programs targeting twelve (12) specific communities/populations: (1) Consumer-Operated Warm Line; (2) Hmong, Vietnamese, Cantonese-Speaking; (3) Slavic/Russian-Speaking; (4) Youth/Transition Age Youth; (5) Older Adult; (6) African American; (7) Native American; (8) Latino/Spanish-Speaking; and (9) Lu-Mien.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		Transcultural Wellness Center	CSS-FSP	Designed to increase penetration rates and reduce mental health disparities in the Asian/Pacific Islander communities in Sacramento County. The program serves children, families, transition age youth, adults, and older adults. It is staffed by clinicians, consumers, family members, and community members and provides a full range of services with interventions and treatment that take into account the cultural and religious beliefs and values, traditional and natural healing practices, and associated ceremonies recognized by the API communities. Services, including psychiatric services, are provided in the home, local community and school with an emphasis on blending with the existing cultural and traditional resources so as to reduce stigma. Staff assignments are made taking into consideration the gender and specific cultural and linguistic needs of the client. The goals of the TWC are to increase timely and appropriate mental health services to API populations and to decrease the number of individuals utilizing social services, acute care, or public safety providers as a component of untreated mental illness.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Suicide Prevention	PEI	Creates a system of suicide prevention through training, education, and system accountability. Housing						
Sacramento		Permanent Supportive Housing	CSS-FSP	Includes three programs: 1) PSH-Guest House is the front door and offers same-day access to service and limited temporary housing. Services include triage, comprehensive mental health assessments and evaluations, assessments of service needs, medication treatment, linkages to housing, and application for benefits. 2) PSH-New Direction provides permanent supportive housing and an FSP level of mental health services and supports for adults, including older adults, and their families. The program provides integrated, comprehensive services utilizing a "whatever it takes" approach to support consumers in meeting their desired recovery goals. New Direction provides services at two permanent supportive MHSA-financed housing developments, permanent supportive housing within TLCS permanent housing sites, and utilizes community-based housing vouchers and limited subsidies. Additionally, New Direction Palmer Apartments Brief Interim Housing provides services and supports in short-term housing, focuses on rapid access to permanent housing within 30 days once income is secured. Longer term temporary housing is available for individuals awaiting openings in MHSA-financed housing developments. 3) PSH-Pathways program provides permanent supportive housing and an FSP level of mental health services and supports for children, youth, adults, older adults and families. The program provides integrated, comprehensive services utilizing a "whatever it takes" approach to support consumers and their families in meeting their desired recovery goals. Pathways provides services at six permanent supportive MHSA-financed housing developments, community-based housing vouchers and utilizes limited subsidies.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		Transitional Community Opportunities for Recovery and Engagement (TCORE)	CSS-OESD	Expanded in FY2015-16, this workplan now consists of three previously approved and implemented program components: Adult Psychiatric Support Services (APSS) clinic, administered by DBHS, TCORE, administered by Human Resources Consultants (HRC) and TLCS, Inc. and the redesigned Regional Support Team (RST) service delivery system. These programs offer low to moderate intensity community-based services for individuals (age 18 and older) being released from acute care settings or who are at risk for entering acute care settings and are not linked to on-going mental health services.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Sierra Elder Wellness	CSS-FSP	Provides specialized geriatric services including psychiatric support, multidisciplinary mental health assessments, treatment, and intensive case management services with persons who have co-occurring mental health, physical health, and/or substance abuse and social service needs that require intensive services in order to remain living in the community at the least restrictive level of care. The goals of the program are to improve psychiatric and functional status, increase social supports, decrease isolation, reduce trips to the emergency room and/or hospital, reduce homelessness, and improve overall quality of life.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		Wellness and Recovery Centers	CSS-OESD	<p>Includes components:</p> <p>1) Wellness and Recovery Centers (WRCs) - Community-based multi-service centers that provide a supportive environment offering choice and self-directed guidance designed to support clients in their recovery goals. They provide psychiatric and medication support services and wellness activities. They employ consumers and train individuals for peer counseling, peer mentoring, advocacy, and leadership opportunities throughout Sacramento County. WRCs provides curriculum driven and evidence-based skill building activities, vocational supports, family education, self help, peer counseling and support and alternative therapies. Key assets include a library, a resource center, and a computer lab that can be utilized by center participants and the general public interested in learning more about mental health and recovery.</p> <p>2) Peer Partner Program (Peer Partners) - Provides peer support services to adults and older adults, from diverse backgrounds, linked to the APSS clinics. Peer Partners (consumers and family members) are integrated staff members of the APSS multidisciplinary team and provide peer-led services that support APSS participants and their family in their recovery process. Individual support, peer-led support groups, mentoring, and benefits acquisition are key strategies contributing to successful outcomes.</p> <p>3) Consumer and Family Voice Program - Promotes the DBHS mission to effectively provide quality mental health services. The consumer and family member advocates promote and encourage parent/caregiver, youth, adult, and older adult consumer involvement in the mental health system from program planning to program participation. This program provides a wide array of services and supports to all age groups including, but not limited to, advocacy, system navigation, trainings, support groups, and psycho-educational groups. This program also coordinates and facilitates the annual Consumer Speaks Conference.</p> <p>4) Sacramento Advocacy for Family Empowerment Program (SAFE) - Promotes the Division's mission to effectively provide quality mental health services to children, youth, transition age youth and families in Sacramento County. SAFE advocates promote family member as well as youth consumer involvement and partnership in the mental health system through system advocacy, direct client support services and advocacy.</p> <p>5) Mental Health Respite Programs - The Mental Health Crisis Respite Center promotes stabilization for adults experiencing a mental health crisis by providing voluntary 24-hour/7 day-a-week mental health crisis respite services that can be accessed on a drop-in basis in a warm and supportive community-based setting. Primary program goal is to provide a stable and supportive environment so the guest is better positioned to explore their crisis with a solution oriented mindset. Every guest leaves with an individualized resource plan. Abiding Hope Respite House provides a welcoming home-like environment for peer-directed recovery services for adults with psychiatric disabilities who need relief from the stresses of life. Five beds with a communal kitchen and living area are located in a neighborhood with nearby access to a psychiatric tech/registered nurse, therapist, and psychiatrist to attend to client needs. Individuals and their caregivers will develop new skills to help cope with future mental health challenges and avoid relapse. NAMI Sacramento provides support to family and community members.</p>	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Juvenile Justice Diversion and Treatment	CSS-FSP	Provides screenings, assessments and intensive mental health services and FSP supports to eligible youth and their families involved in the juvenile justice system. Preadjudicated youth are screened and given an assessment. With court approval, the youth have the opportunity to avoid incarceration and voluntarily participate in this program, as long as clinically necessary, up to their 26th birthday. Adjudicated youth are referred, assessed, and have the opportunity to receive intensive, evidence-based services that are delivered in coordination with a specialized probation officer. Family and youth advocates complement clinical services.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		TAY Full Service Partnership	CSS-FSP	This new program will be implemented in FY2016-17. Services will be designed to meet the needs of youth ages 16-25 who are unserved, underserved and/or inappropriately served. Services will be culturally and linguistically competent with sensitivity to and affirmation of gender identity, gender expression and sexual orientation. Services will be individualized based on age, development and culture. The program will provide core RSP services and flexible supports from at-risk populations and will include outreach, engagement, retention and transition strategies with an emphasis in independent living and life skills, mentorship and services that are youth and family driven.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Crisis Residential Program	CSS-OESD	This new 15-bed crisis residential treatment program will be implemented in late FY2015-16 and leverages a SB82 grant for capital funding. Services will be designed for persons who meet psychiatric inpatient admission criteria or are at risk of admission due to an acute psychiatric crisis, but can appropriately be served voluntarily in a community setting. Services will begin with an in-depth clinical assessment and development of an individual service plan. Staff will work the consumers to identify achievable goals including a crisis plan and a Wellness Recovery Action Plan (WRAP). Once admitted, structured day and evening services will be available seven days a week that include individual and group counseling, crisis intervention, planned activities that encourage socialization, pre-vocational and vocational counseling, consumer advocacy, medication evaluation and support and linkages to resources that are available after leaving the program.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Suicide Prevention	PEI	Creates a system of suicide prevention through training, education, and system accountability. Services include a suicide prevention crisis line, postvention services, mental health respite programs, field-based flexible services to community members experiencing a crisis and community support services targeting specific racial, ethnic, and cultural groups. This project also includes the SB82 Mobile Crisis Support Teams in partnership with law enforcement.	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Strengthening Families	PEI	<p>Includes five components:</p> <p>1) Quality Child Care Collaborative (QCCC) - Early Childhood Consultation to preschools and early care learning environments for children from birth to age five. Consultation is designed to increase teacher awareness about the meaning of behavior to ensure the success of the child while in a daycare and/or preschool setting.</p> <p>2) HEARTS for Kids - Provides a comprehensive menu of services (health exams, assessments, referrals and treatment services) for children ages birth to five (5) who come to the attention of Child Protective Services or are placed into protective custody.</p> <p>3) The Bullying Prevention Education and Training Project – A Training of Trainer (TOT) model uses evidence-based practices to train school staff, who then educate other school staff, students, and parents/caretakers on anti-bullying strategies. The project is primarily being implemented at elementary school demonstration sites; however, it is intended to expand to other grades by leveraging school district resources. The long-term goal is to change school climates across all 13 school districts.</p> <p>4) Early Violence Intervention Begins with Education (eVIBE) – Uses universal and selective evidence-based prevention approaches to target children and youth ages six (6) to eighteen (18) and their family members/caregivers to improve social skills, increase protective factors, prevent youth violence, and reduce or eliminate family conflict.</p> <p>5) Adoptive Families Mental Health Respite - Offering planned respite through events for adoptive parents of children with complex mental health needs</p>	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		Integrated Health and Wellness	PEI	<p>Includes three programs:</p> <p>1) Assessment and Treatment of Onset of Psychosis - Sacramento Early Diagnosis and Preventative Treatment (SacEDAPT) – focuses on early onset of psychosis. It is a nationally recognized treatment program utilizing an interdisciplinary team of physicians, clinicians, support staff, consumers and family advocates to provide assessment, early identification and treatment of the onset of psychosis. The program continues to engage in outreach services throughout Sacramento County with a particular focus on underserved populations.</p> <p>2) SeniorLink – Provides community integration support for adults aged 55 and older who are demonstrating early signs of isolation, anxiety and/or depression. Paraprofessional Advocates outreach to individuals in their homes or other community-based settings. Based on participant needs, program services include home visits; collaboration with and linkage to health care providers, socialization opportunities, transportation, service coordination, advocacy, information and referral, skill-building groups and liaison to community services.</p> <p>3) Screening, Assessment and Brief Treatment - This program is administered by four Federally Qualified Health Centers. This program works to integrate medical and behavioral health services in a community health care setting. Services can include: (1) screening and assessment in a primary care clinic setting designed to increase early detection and treatment of depression, anxiety, substance use/abuse and symptoms related to trauma; (2) brief treatment when clinically indicated; (3) case management and follow-up care; and (4) linkages to individual counseling, support groups and other kinds of supports, as needed. Due to the implementation of the Affordable Care Act and changes in Medi-Cal, this program will be re-assessed in FY2015-16.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Mental Health Promotion	PEI	<p>Increases community awareness about mental health issues and reduces stigma and discrimination toward individuals and families living with mental illness. This project, known as "Mental Illness: it's not always what you think," includes a culturally and linguistically appropriate multi-media campaign with specific efforts toward educating and engaging unserved and underserved cultural and ethnic communities, as well as a Speakers Bureau. The County is partnering with Consumer and Family Member advocacy groups, system partners, agencies and groups that work with culturally and ethnically diverse communities, as well as other stakeholders who can be instrumental in increasing awareness of mental health issues and reducing stigma and discrimination in Sacramento County. The project also includes the microsite, www.StopStigmaSacramento.org.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Workforce Staffing Support	WET	<p>The WET Coordinator assists in the facilitation and implementation of previously approved WET Actions. The Coordinator attends and participates in statewide WET Coordinator Meetings; twice monthly WET Coordinator Conference Calls; and the WET Central Region Partnership, including the Transitional Age Youth (TAY) Workgroup, Training Sub-Committee, and the Community College Workgroup. The WET Coordinator will continue to assist in the evaluation of WET plan implementation and effectiveness; coordinate efforts with other MHSA and Division/Department efforts; and participate in the implementation of WET activities.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		System Training Continuum	WET	<p>This Action expands the training capacity of mental health staff, system partners, consumers, and family members through a Training Partnership Team, Train the Trainer models, and training delivery. A Crisis Responder Training Workgroup was established as the first Training Partnership Team and resulted in the development of a 2 hour mental health training education program that trained Sacramento City Police Department (SPD) and Citrus Heights Police officers and supervisors. In 2012, the training program was updated and now meets Police Officer Standards and Training (POST) certification requirements. The two-hour mental health education module is designed to provide information and resources as well as increase the safety of patrol officers, consumers, family members and other citizens in the community by providing a basic overview of mental illness symptomology and strategies for communicating with individuals who suffer from mental illness, thereby reducing the potential for use of deadly force tactics when LE encounter individuals who suffer from mental illness in the field. The Sacramento County Sheriff's Department requested that the training be part of their 2012-13 and 2013-14 Advanced Officer Training (AOT) schedule. During that time 92 training sessions were provided to all deputies and Sheriff Office staff who were required to attend AOT. On January 1, 2015, the two-hour mental health education training was discontinued, as Sacramento County Sheriff's Department began providing Crisis Intervention Training (CIT) to its deputies and later in the year began partnering deputies in the field with behavioral health specialists to assist with calls involving individuals who are mentally ill. DBHS participates in CIT training, by providing local resource information to support the education component of the training curriculum.</p> <p>DBHS was recently contacted by the California Highway Patrol (CHP) with requests to provide mental health education training to their field officers and dispatch staff. Plans for further communication with CHP are underway. Additionally, in an effort to assist first responders with identifying and assisting individuals with mental illness, DBHS plans to formally extend the training to other local law enforcement agencies that have expressed interest. As we move forward, DBHS will continue to look for opportunities to partner with local law enforcement on educational/training activities.</p> <p>Mental Health First Aid (MHFA) is another training that is provided to our community and system partners as part of the System Training Continuum at no cost to them. Since beginning to offer MHFA, Sacramento County has found that class size remains fairly consistent, but slightly increases during certain times of year, depending on other activities occurring in the community.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		System Training Continuum (Continued)	WET	<p>Through our established relationship with California State University, Sacramento (CSUS), two professors in the CSUS Social Work Department participated in the WET Community Planning Process several years ago and have participated at various points in other MHSA planning processes. Since then, DBHS staff members have been invited to speak to graduate students who are recipients of the MHSA Stipend Program in the University's Social Work Department. In August 2015, Sacramento DBHS had two additional staff successfully complete the five-day Adult MHFA Training 4 Trainers (T4T) training and are now a part of the existing pool of trainers who provide MHFA training to the diverse communities in Sacramento County. Additionally, in December 2015, three additional staff were certified as Youth MHFA trainers and are now a part of the existing pool of certified trainers. Since the initial roll out, some of the sessions have been provided to specialty groups (i.e., Sacramento Employment and Training Agency (SETA), Head Start, church and community organizations, etc.) but the majority of them were open to system partners and the general public, including those with lived experience. Participants in the general public courses included but were not limited to: Mental Health Board members, educators (both elementary and higher education), clergy, students in behavioral health programs, staff from supported housing providers, staff from supported employment sites, staff from local regional transit, probation officers, staff from both state and local government agencies that work with individuals who have mental health conditions, peer organizations, family members and others with lived experience. To expand the number of individuals receiving the YMHA training, in 2014, Sacramento County DBHS initiated a project that is funded through Action 2 and administered by the Sacramento County Office of Education, designed to educate teachers, school staff, and caregivers on how to help adolescents ages 12-18 who may be experiencing mental health or addiction challenges or other emotional crisis situations. The course introduces common mental health challenges for youth, reviews typical adolescent development, and teaches a 5-step action plan for how to help young people in both crisis and non-crisis situations. Topics covered include anxiety, depression, substance use, disorders in which psychosis may occur, disruptive behavior disorders (including Attention Deficit Hyperactivity Disorder), and eating disorders." In FY 2014-15, twenty-four (24) school district staff were trained. Future trainings for master trainers will train up to 30 additional school district staff that will then provide ongoing certified training to other teachers, school staff, and caregivers. Sacramento County, DBHS has continued to expand Action 2 by offering Wellness Recovery Action Plan (WRAP) Facilitators Training to system partners and community based organizations (CBO) at no cost to them. In November 2015, nineteen (19) individuals participated in and successfully completed a 5-day intensive WRAP Facilitator's training. Those 19 individuals are now certified WRAP Facilitators, providing WRAP groups to consumers, their family members and others throughout Sacramento County and surrounding areas. Built upon earlier efforts, and in partnership with Mental Health America of Northern California (Norcal MHA), in September 2015 DBHS held a two-day WRAP refresher course for identified individuals that attended prior year WRAP conferences. The two-day refresher was designed to prepare participants for the intensive five-day WRAP facilitator's training that took place in November 2015. This most recent cohort of recovery educators are now certified to facilitate WRAP groups within their respective communities, throughout Sacramento County, training others to use the concepts of prevention and wellness to get well, stay well and fulfill their life dreams and goals. Having attended the intensive five-day training, the new WRAP facilitators gained a much deeper understanding of the mental health recovery process and learned how to work more effectively with people who have mental health challenges.</p>	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		Office of Consumer and Family Member Employment	WET	<p>This Action was designed to develop entry and supportive employment opportunities for consumers, family members and individuals from Sacramento's culturally and linguistically diverse communities to address occupational shortages identified in the Workforce Needs Assessment.</p> <p>Due to budget reductions and lack of employment opportunities from 2008-2013, implementation of this Action was delayed. While employment was challenging across the state during this period, Sacramento County ranked second for the highest unemployment in the state.</p> <p>Efforts to train existing Consumers, Family Members, and Caregivers to ensure successful service delivery and employment have taken place through other initiatives and partnerships including leveraging funding from the Central Region Partnership and state agencies to provide training opportunities for persons with lived experience from diverse communities. Additionally the landscape has changed over the last years—both on the county and contract provider/community based organization side where program planning and design have included peers, consumer staff and family advocacy within the milieu. As we move forward on full implementation of this Action, we will consider these changes as well as data from a planned updated human resource and workforce needs assessment to ensure that our efforts are aligned with this new landscape.</p>	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net
Sacramento		High School Training	WET	<p>Currently two high schools are involved in this action and offer health-oriented career pathways for their student body. The participating high schools are Arthur A. Benjamin Health Professions High School and Valley High School-Health Tech Academy. The pilot curriculum for both schools was built upon a foundation developed through partnerships between Mental Health Plan providers and the Cultural Competence Committee, including community partners and other interested stakeholders. The curriculum focuses on introducing behavioral health to high school youth (9th through 12th grade) during the time they are typically considering career opportunities. Additional areas of focus include, but are not be limited to, addressing issues of stigma and discrimination toward individuals and family members living with mental illness; increasing understanding of mental health issues from diverse racial and ethnic perspectives; exploring mental health issues across age groups; exploring the various career opportunities in public mental health; and other areas. Students from Arthur A. Benjamin Health Professions High School were surveyed and analysis of data from this effort resulted in modification to the 2014/15 curriculum. The area of related activities was expanded to include more guest speakers with lived experience to present to students on topics such as stigma, discrimination and barriers that hinder consumers from seeking emotional support and services. In addition to curriculum modifications, the students were able to increase their knowledge of mental illness through work based learning experiences wherein they met with mental health professionals from local hospitals and mental health clinics to do project research on specific disorders such as Bipolar and Obsessive Compulsive Disorder. These learning opportunities helped students better understand how mental illness can interfere with a person's daily life and provided opportunities for them to explore their own mental health and emotional coping skills. By pairing students with local mental health professionals, the students were given greater exposure to a wide array of mental health careers in hopes they will pursue future careers in the field of mental health. Sacramento County continues to serve on the Community Advisory Committee and advises on student projects related to mental health and cultural competence delivery in healthcare services. Sacramento County works with the selected schools with on-the-job training, mentoring, existing Regional Opportunity Programs (ROP), and experiential learning opportunities for public high school youth who express interest in learning more about mental health and public mental health as a possible career option. Valley High School-Health Tech Academy and Arthur A. Benjamin Health Professions High School, have culturally and linguistically diverse student bodies and have participated in many community events throughout the year, including Stigma Free 2015 and the Health and Fitness Expo. Valley High Health Tech Academy (VHHTA) participated in a career seminar featuring primary care and mental/behavioral health professions. The career seminar increased the students' understanding of careers in mental/behavioral health field and provided a greater understanding of the importance of providing effective and sensitive treatment across the various cultures in our community. Through our efforts and works with VHHTA, they were able to expand opportunities toward educating students in the field of mental/behavioral health and increase student knowledge about mental health conditions and related careers. Academy staff can now be more deliberate in its mental/behavioral health activities and promotion of mental/behavioral health awareness, informing not only VHHTA students, but also the general public of important mental health issues and career possibilities. Partnering with both Arthur A. Benjamin Health Professions High School and Valley High Health Tech Academy and their feeder schools has continued to assist DBHS in our goal to recruit diverse staffs that are reflective of the cultural and linguistic make-up of the community.</p>	http://www.dhhs.saccounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@saccounty.net

Sacramento		Psychiatric Residents and Fellowships	WET	<p>This Action was implemented in fiscal year 2011/12 and continues to be administered through a partnership with UC Davis, Department of Psychiatry. Through this action the following two components have been implemented: Community Education Training for Residents and Fellows and Primary Care Collaborative. A third component, Residents and Post-Doctoral Fellows at Youth Detention Facility (YDF)--Special Needs Unit will be implemented in early 2016.</p> <p>Community Education Training for Resident and Fellows: Residents, fellows, and other team members receive on- going in-service trainings on wellness and recovery principles, culture competence including consumer movement and client culture, and an integrated service delivery system. Targeted activities to understand mental health programming and promote holistic services while coordinating services with the primary care needs of consumers are a part of this integrated service delivery experience. Since its implementation in academic year 2011/2012, a total of 53 psychiatric residents have participated in this action and attended the required Psychiatric Resident Fellowship Program (PRFP) trainings. Some of the participating psychiatric residents have dual interest in psychiatry and other areas such as primary care/family medicine or internal medicine. Below is a chart indicating the number of residents enrolled in the program since FY 2011-12.</p> <p>Primary Care Collaborative: Through this action, no less than two psychiatrists are placed in public/community mental health settings to assist in primary care collaboration with physicians through consultation and education on mental health/primary healthcare integration with staff and consumers. DBHS will continue to refine this component based on system needs.</p> <p>Residents and Post-Doctoral Fellows at YDF --Special Needs Unit: DBHS is in the process of expanding the contract with UCD to include Residents and Post Doctorate Fellows providing consultation and support related to diagnostic impressions, antecedent behaviors and behavioral interventions to better serve the youth residing at the Youth Detention Facility, Special Needs Unit. DBHS is continuing to explore current needs and additional functions that can be employed to advance this Action.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@sacounty.net
Sacramento		Multidisciplinary Seminar	WET	<p>This Action increases the number of psychiatrists and other non-licensed and licensed practitioners working in community mental health that are trained in the recovery and resiliency and integrated service models; improves retention rates; supports professional wellness by addressing work stressors and burn-out; and improves quality of care.</p> <p>Implementation of this Action was delayed due to budget reductions and the focus on billable services. We recognize this is an important strategy and have sent staff to training that supports them in the delivery of effective mental health services. Given clear indicators that the economy is stabilizing, DBHS is assessing the design of the program in light of current market trends and available resources and is moving towards formal implementation of this Action.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@sacounty.net
Sacramento		Consumer Leadership Stipends	WET	<p>This Action provides consumers and family members from diverse backgrounds with the opportunity to receive stipends for leadership or educational opportunities that increase knowledge, build skills, and further advocacy for consumers on mental health issues. Educational opportunities include, but are not limited to: the California Association of Social Rehabilitation Association (CASRA) social rehabilitation certificate and certification in group facilitation. During FY 2014/15, Sacramento County leveraged Central Region Partnership funds to pay for on-line Human Services courses using CASRA curriculum at Modesto Junior College (MJC) for individuals with lived experience. For the 2015 academic school year, Sacramento County has four (4) students enrolled in on-line classes through MJC. At the completion of their coursework, the students will be able to advance to the next level, eventually leading to a Certified Psychiatric Rehabilitation Practitioner (CPRP) credential. The CPRP credential is a test-based certification curriculum that fosters the growth of a qualified, ethical and culturally diverse workforce and is designed to provide wellness and recovery oriented services for individuals who are coping with mental health issues. During the 2015 academic year, Sacramento County had students who completed the required on-line coursework. DBHS continues to offer emotional support and financial assistance to those students who are pursuing the CPRP certification. The CPRP curriculum is specifically designed to meet the goal of developing a multicultural, diverse, and recovery-oriented mental health workforce. The courses provide core training in the values and principles of psychosocial rehabilitation and the skills necessary to provide hope-filled, values-driven services to consumers.</p> <p>Additionally Sacramento County continues to provide funding support for individuals with lived experience from diverse cultures to attend trainings/conferences that offer leadership training. Sacramento County is also exploring other strategies to further implement this Action to address logistics that are challenging for the county to manage. The county will continue to work with diverse stakeholders to determine an array of leadership and training opportunities that would be beneficial for consumers and also establish fair and equitable selection criteria for the awarding of Stipends.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@sacounty.net
Sacramento		Stipends for Individuals, Especially Consumers and Family Members for Education Programs to Enter the Mental Health Field	WET	<p>This Action supports efforts to develop a diverse, culturally sensitive and competent public mental health system by establishing a stipend fund to allow individuals to apply for stipends to participate in educational opportunities that will lead to employment in Sacramento County's mental health system. Sacramento County has a mechanism to provide stipends that leverages County WET and other related funds, as needed.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@sacounty.net
Sacramento		Technological Project	CFTN	<p>Consists of five phases over a five-year period which began in fiscal year 2010-11 to build the infrastructure necessary to meet Sacramento's goals of the Community Services and Supports Plan by improving integrated services that are client and family driven, meet the needs of target populations and are consistent with the recovery vision in Sacramento County. This project will also further the County's efforts in achieving the federal objectives of meaningful use of electronic health records to improve client care.</p> <p>Sacramento County is currently in phase 4 of the SacHIE project. All of our County Operated providers and those contracted outpatient providers that have chosen to use the County's electronic health record are utilizing an electronic health record that allows for electronic requests and responses for mental health services, collection of client demographics, completion of assessments, progress notes, client plans as well as electronic prescribing of medications and claiming for services provided. Sacramento County anticipates the completion of Phase 4 of the SacHIE project in the last quarter of FY 2015-16. The County will then move into Phase 5 of the project which addresses Health Information Exchange/Personal Health Record implementation and expansion.</p>	http://www.dhhs.sacounty.net	Jane Ann LeBlanc (916) 875-0188 leblancj@sacounty.net

San Benito		MSW Internship Program	WET	MSW interns from CSUMB to improve workforce to include bilingual/bicultural Latino/a mental health professionals. MHSA funding from San Benito, Monterey, and Santa Cruz Counties assisted to establish this MSW Program that focused on improving the local workforce to meet the demands of surrounding areas demographics.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. Quality Improvement Supervisor (831) 636-4020
San Benito		Primary Care Integration Project	INN	The Innovation Program helps to reduce the barriers to physical healthcare for individuals utilizing mental health and substance abuse services. Through partnership with the San Benito Health Foundation, one of our local Federally Qualified Health Centers, a mobile physical health care unit is brought to the Behavioral Health clinic. The behavioral health staff generate referrals for physical exams and dental exams. In addition, the Behavioral Health Nurses complete a health questionnaire to assess physical healthcare needs to improve the monitoring and coordination for their physical healthcare needs.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. Quality Improvement Supervisor (831) 636-4020
San Benito		Older Adult PEI Services	PEI	Our older adult program provides outreach, engagement, and group services to help seniors to reduce isolation and develop a social support network with their own community. A SBCBH mental health rehab specialist regularly visits the local senior center, Jóvenes de Antaño. Outreach and education meetings are held weekly, to provide information on health and wellness. The staff also provide informative materials, coordinates services with allied agencies (e.g., Health Foundation; visiting nurse), and offers supportive groups to caregivers. Services are available in English and in Spanish.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Rumi Saikia, LMFT (831) 636-4020
San Benito		Children and Youth PEI Services	PEI	The Youth Alliance provides prevention and early intervention activities in the schools and community. Youth and families involved in the Joven Noble program have achieved positive outcomes. These include youth developing leadership skills, staying in school, and reducing involvement in gangs. This program offers prevention and early intervention services to reduce cultural and ethnic disparities in our mental health system. This program also improves access to services for the Latino community.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. Quality Improvement Supervisor (831) 636-4020
San Benito		Homeless Shelter Outreach	PEI	Weekly engagement provided at local seasonal homeless shelter. Referrals for both mental health and substance abuse programs are generated from this outreach effort.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. Unspecified						
San Benito		Women's PEI Services	PEI	This PEI program offers supportive services to women who have experienced domestic violence. Services are provided at convenient locations in the community. A promising practice curriculum is utilized to engage and support these women in a group setting to help them learn key independent living skills, including budgeting, finding a job, and managing resources. These services also provide outreach and linkages to a traditionally underserved population. These services are available in English and Spanish.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. Quality Improvement Supervisor (831) 636-4020
San Benito		MHSA System Transformation Program	CSS	Provides services to all ages: children (ages 0-15), transition age youth (ages 16-25), adults (ages 26-59), older adults (ages 60+); all genders; and all races/ethnicities. Services include comprehensive assessment services; case management services; individual and group mental health service; education and employment support; crisis services; anti-stigma events; linkages to needed services; and housing support. Our programs embrace a 'whatever it takes' service approach in helping reduce ethnic disparities, offer peer support, and promote values-driven, evidence-based practices to clients and their families.	http://www.coshb.us/co-unity-departments/health/#.U2GYXo2YaM8	Lynda Yoshikawa, Psy.D. San Bernardino County						
Crisis Support						
San Bernardino		Crisis Walk-In Centers (CWIC)	CSS-OESD	Provides a location to conduct psychiatric assessment and crisis stabilization for those clients who are in acute psychiatric distress, or a danger to themselves or others, or gravely disabled. The CWIC provides a much needed location for County residents who are in need of emergency psychiatric services 24 hours a day, 7 days a week. Crisis Walk in Centers are located in Rialto, Victorville and Yuca Valley.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
San Bernardino		Psychiatric Triage Diversion Team	CSS-OESD	Provides screening and assessment services to clients who present to the County hospital, Arrowhead Regional Medical Center, psychiatric emergency room but do not require inpatient treatment. Services include crisis stabilization, placement, transportation, advocacy and case management. Every effort is made to maintain the client safely in the community and avoid unnecessary hospitalizations.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
San Bernardino		Community Crisis Response Teams (CCRT)	CSS-OESD	Serves adults, children and youth County-wide in the least intrusive, restrictive and disruptive manner to promote client resiliency and recovery. A multidisciplinary team of mental health professionals provides crisis intervention services where individuals are located, 24 hours a day, 7 days a week. Staff conduct clinical consultations, provide referrals and case management services for clients and families, in an effort to avoid hospitalization.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
San Bernardino		Crisis Residential Treatment (CRT)	CSS-OESD	The department has successfully been awarded by the California Health Facilities Financing Authority (CHFFA) to build three facilities, which will house the new Crisis Residential Treatment (CRT) program. The CRT program will deliver much needed crisis residential treatment facilities to the residents of San Bernardino County. It will provide structured recovery-based, enriched treatment services and activities such as housing, psychiatric/medication support, comprehensive clinical assessments and therapies, life skills coaching, peer and family support networks, coping techniques, recovery education and community resource linkages.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
San Bernardino		Coalition Against Sexual Exploitation (CASE)	PEI	A collaborative program between several child-serving agencies, targeted at diverse children/youth who have been sexually exploited or are at risk of sexual exploitation. The collaboration is intended to strengthen practices for systems serving this unique population, combining best practices in trauma care with local-collaborative expertise. Services include outreach and education to at risk populations and community organizations, assessments, crisis intervention, case management, placement, school enrollment assistance, transportation, and referrals to additional community resources.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478

San Bernardino		Triage Engagement and Support Teams (TEST)	SB 82	The Triage Engagement and Support Teams (TEST) program offers a necessary link between Crisis Services (Diversion, CWIC, CCRT), aimed at one time crisis intervention, and engagement to outpatient and community resources. The Triage Teams utilize case management services to link consumers with needed resources for ongoing stability, assisting for up to 59 days to ensure engagement. The teams are community based and placed in crucial points of access such as Hospital Emergency Departments, Jail Discharge, Family Resource Centers and Sheriff Stations. The Triage Teams aim to provide consumer stability in the least restrictive environment, sustained over time and avoiding inpatient services.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
Peer/Family Support Specialists						
San Bernardino		Comprehensive Children and Family Support Services (CCFSS)	CSS-FSP	The Comprehensive Children and Family Support Services (CCFSS) program is comprised of a continuum of services targeting three populations for inclusion in Full Service Partnerships (FSP) to provide "Wraparound" services to diverse children and youth with emotional disturbances and co-occurring disorders. Success First/Early Wrap was created to facilitate the success of children and youth who do not qualify for SB 163 Wraparound services. The Wrap informed Full Service Partnership culture was applied to youth in high levels of placement through the Residentially Based Services (RBS) program; and SB 163 Wraparound was incorporated into CCFSS program.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478
San Bernardino		Integrated New Family Opportunities (INFO)	CSS-FSP	This National Association of Counties (NACO) award-winning program serves minors coming out of the Central Valley Juvenile Detention and Assessment Center. INFO uses evidence-based models for reducing the involvement of mentally ill minors in the juvenile justice system by providing assertive family and community involvement in treatment, case management and support 24 hours a day, 7 days a week, behavioral therapy, and peer counseling.	http://www.sbcounty.gov/dbh/mhsa/mhsa.asp#	Access Unit (888) 743-1478

Crisis Support						
San Francisco		Prevention and Recovery in Early Psychosis (PREP)	CSS-OESD	PREP is an early intervention treatment program for schizophrenia and early psychosis for individuals between the ages of 16 and 30 to support symptoms remission, active recovery, and full engagement with coworkers, peers, and family members. PREP treatment services include: algorithm-based medication management, cognitive rehabilitation, cognitive behavioral therapy for early psychosis, multi-family groups (MFG), strengths-based care management, and neuropsychiatric and other advanced diagnostic services.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Trauma Recovery	CSS-OESD	The Trauma and Recovery Project addresses the need for community-based, client-driven behavioral health intervention for individuals, families and communities who are impacted by violence. Services include outreach, assessment, crisis and short-term counseling, case management and mental health consultation to community organizations. The focus of treatment is recovery from traumatic response and the symptoms that stem from chronic and/or complex trauma.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Emergency Stabilization Housing (50% FSP)	CSS-OESD	Emergency stabilization units (ESUs) provide short-term housing stability for clients who are homeless or have been discharged from the hospital or jail. The 25 ESUs are located within three single room occupancy (SRO) hotels in San Francisco. The units are available to clients referred by Full Service Partnership, Intensive Case Management clients and Central City Hospitality House.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Comprehensive Crisis Services	PEI	Comprehensive Crisis Services (CCS) is a multidisciplinary, multi-linguistic program that provides acute mental health and crisis response services to children and adults. In addition to responding to mental health crisis, the team also responds to incidence of gun violence. This program operates 24/7 and evaluates individuals for 5150 psychiatric holds or other crisis supportive interventions.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
Peer/Family Support Specialists						
San Francisco		Peer-to-Peer Supports: Clinic and Community-Based	CSS-OESD	Peer-to-Peer Support Services provides individuals with lived experience in the mental health system the opportunity to assist their peers in developing the skills necessary to pursue meaningful roles in their lives. Many peer-support staff are graduates of the Peer Specialist Mental Health Certificate, a 12-week program designed to prepare consumers and/or family members with the skills & knowledge for entry-level employment in the behavioral/mental health system. In addition to the peer certificate programs, MHSA also funds a peer-run drop-in center and NAMI peer-led support and education groups in various CBHS clinics.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Peer Response Team (part of Peer-to-Peer Support Services)	INN	The Peer Response Team (PRT) was created to provide peer support and assistance navigating the community and systems of care for individuals dealing with hoarding and cluttering challenges.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		MH Certificate for Outreach Paraprofessionals (part of Workforce Development)	INN	This plan includes a proposal for a NEW INN project. The Mental Health Outreach Workers (MHOW) Training program aims to train San Francisco street outreach workers, exposed to constant community trauma, on how to best meet the mental health needs of the clients that they encounter in the field, and also how to best deal with one's own experience with trauma. Three sub communities of outreach workers have been identified by our local CPP as frontline programs coming in contact with high rates of trauma. These are: Homeless Youth Outreach Workers Programs and Street Violence Outreach workers, and Asian Community Outreach workers. In total, a cohort of 60 outreach workers will be trained (20 per sub community).	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556

San Francisco		School-Based Mental Health Promotion (K-12)	PEI	School-Based Mental Health Promotion – a collaboration of community-based organizations and San Francisco K-12 campuses – applies school-based best practices that address non-academic barriers to learning. With public schools serving as hubs, this initiative offers a range of supports and opportunities for children, youth, and their families to support student success by combining the full spectrum of prevention, early intervention, and linkages to behavioral health services.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		School-Based Mental Health Promotion (Higher Ed)	PEI	Student support services are designed to increase university access and enrollment, enhance retention and maximize graduation rates among those at risk for mental illness, particularly members of underserved and underrepresented communities, and their family members who are preparing for careers in the public behavioral health field.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Mental Health Consultation and Capacity Building	PEI	The Mental Health Consultation and Capacity Building PEI subcategory is comprised of the following two programs: (1) Early Childhood Mental Health Consultation Initiative (ECMHCI) and (2) Youth Agency Mental Health Consultation (YAMHC). The ECMHCI is grounded in the work of mental health professionals who provide support to children, parents, and caregivers of San Francisco's youngest residents between the ages of 0-5. ECMHCI services are delivered in a variety of settings, including center-based and family child care, homeless and domestic violence shelters, permanent supportive housing facilities, family resource centers and substance abuse treatment centers. YAMHC provides consultation services to agencies who serve youth who are involved in the juvenile justice system or at-risk of being involved in the juvenile justice system.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Mini Grants	INN	A community-run grant making program modeled on the funding methodology commonly employed by venture capitalists in the for-profit sector and donor advised funds in a community foundation. Approved through the original INN Plan, this program has yet to be implemented.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Alleviating Atypical Antipsychotic Induced Metabolic Syndrome (AAIMS) (part of Vocational Services)	INN	This pilot program adapted an existing nutrition and exercise protocol into a community mental health setting and integrated shopping and cooking skills training. This program educates consumers on atypical antipsychotics about the connection between diet and health, how to shop based on what is locally available, healthy cooking, and how to exercise to improve fitness and health.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Building Bridges Clinic/School of Linking Project (part of Primary Care and Behavioral Health Integration)	INN	Building Bridges, now in its third year, was designed to test a staffing model to promote interagency collaboration between DPH Community Health Programs for Youth (CHPY) clinics and San Francisco Unified School District to develop a streamlined system for professional linkages and referrals for care to better meet the behavioral health needs of youth living in the southeast neighborhoods of San Francisco. Funding supports new mental health staff at Balboa Teen Health Center (BTHC), 3rd Street Youth Center and Clinic, and Hawkins Clinic.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		First Impressions (part of Vocational Services)	INN	First Impressions (FI) is a basic construction and remodeling vocational program that will assist mental health consumers in learning marketable skills, receive on-the-job training and mentoring, and secure competitive employment in the community.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Training and TA	WET	The MHSA supports trainings for health and social service providers to improve their capacity to provide high quality, culturally competent, recovery oriented services. Key components of this work include the implementation of Seeking Safety and Illness Management Recovery (IMR) groups, capacity building for providers serving youth and system-wide (12N) LGBTQ sensitivity training. This program also supports the Trauma Training Institute.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556

San Francisco		Career Pathways	WET	The Mental Health Career Pathways Program focuses on developing a workforce pipeline that will usher in the next generation of mental health and behavioral health practitioners and include members of underserved and underrepresented communities. Funded projects include a 'career exposure' program for high school students and a Community Mental Health Certificate program at City College.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Residency and Internships	WET	CBHS, in partnership with SFGH and UCSF, established a Public Psychiatry Fellowship Program to enable general psychiatry and child psychiatry fellows to work in CBHS community-based clinics, thereby providing experience and training on how to work in a community-based setting, with the goal of enticing them into future community-based employment. This program also includes funding for an Intern Coordinator to work collaboratively with CBHS staff, university and college graduate level (Master's level and PhD level) programs and graduate student interns to develop, implement and evaluate a centralized and coordinated public mental health internship/practicum program.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556

San Francisco		System Enhancements	CFTN	System Enhancements focus on improving the quality and efficiency of behavioral health services and include improving connectivity and IT infrastructure at behavioral health sites, supporting servers that host the Avatar application and other applications related to the delivery of services. System Enhancements also include the expansion of staff capacity to develop reports (clinical productivity, consumer outcomes, etc.) and maintain databases.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Southeast Health Center	CFTN	Renovation resulting in a new Southeast Health Campus that will provide integrated services, co-location of five CBHS mental health programs: Child Crisis, Foster Care Mental Health; Family Mosaic Project; Children's System of Care; and the Health and Environment Resource Center (HERC). MHSA is making a \$2M contribution of capital facilities funding to this project. The timeline for development and expenditures is still TBD.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		South of Market Mental Health Clinic	CFTN	Renovations at South of Market Mental Health Clinic to better serve MHSA populations and their families. Funds will be allocated to create a peer-run Wellness Center, a more welcoming environment, improve patient flow and increase clinical/staff space. Planning for this project has just begun.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Silver Avenue FHC/South East Child & Family Therapy Center	CFTN	Silver Avenue Family Health Center (SAFHC) was the first capital project to be completed, facilitating the co-location of mental health professionals in primary healthcare settings by adding six new private counseling rooms, a large group room, waiting and reception area, and administrative space.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Redwood Center Renovation	CFTN	The Redwood Center was identified in the original MHSA plan for capital projects as a potentially appropriate site as a dual diagnosis-ready residential treatment facility. The Redwood Center is located on property owned by the Public Utilities Commission (PUC) in San Mateo County. SFDPH was forced to terminate the renovation process in early fiscal year 2012-13 because of financial and operational challenges and limitations posed by the site's designation as "historical." In fiscal year 2014-15, we will reassign an estimated \$1.4 million that was originally slated for the Redwood Center. These unspent capital dollars will be used to augment renovations of the Southeast Health Center.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		Sunset Mental Health	CFTN	The Sunset Mental Health Services included an expansion of office space (e.g. new kitchen, meeting room) to accommodate growth in staff size. In addition, there were updates to the waiting room, such as an addition of digital media broadcasting mental health message and improvements to the interior design. The site also underwent increases in security to protect clients and staff, as well as in accessibility (e.g. meet current guidelines for the American with Disabilities Act). A new ventilation and heating system was installed.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556
San Francisco		IHHC at Central YMCA (Tom Waddell)	CFTN	Tom Waddell Urban Health Clinic In addition to MHSA-funded housing units, Kelly Cullen Community included a new 12,000-square-foot Integrated Housing and Urban Health Clinic (IHHC). Two federally qualified health centers, the Housing and Urban Health Clinic and Tom Waddell Clinic, were relocating to this site which will serve 25,000 people annually. The new IHHC includes offices for IHHC staff, 17 exam rooms, one group behaviorist office, two nursing/vitals offices, seven counseling spaces, three intake/benefits stations, a pharmacy, a phlebotomy lab, a large group meeting room and a waiting area with reception desk that can accommodate approximately 30 patients. The new clinic provides integrated physical, mental, and substance abuse services onsite with an emphasis on holistic services, wellness, and permanence.	https://www.sfdph.org/dph/comupg/oservices/mentalHlth/MHSA/default.asp	Kathleen Minioza MHSA Project Coordinator 415-255-3556

Crisis Support

San Luis Obispo		Enhanced Crisis and Aftercare	CSS-OESD	The Enhanced Crisis Response and Aftercare work plan features the Mental Health Evaluation Team, MHET, provided by Sierra Mental Wellness, to increase the county's capacity to meet the needs of individuals requiring specialized, critical intervention and aftercare. The goal and objectives of the work plan include the aim to increase access to emergency care, prevent further exacerbation of mental illness, and be available to all county residents, across all age, ethnic and language groups. A key to this work plan is the coordinated efforts which have been built between emergency rooms, law enforcement, jails, the local Hotline, and inpatient psychiatric health facility (PHF).	http://www.slocounty.ca.gov/health/mentalhealthservices/mhsa.htm	Frank Warren MHA Coordinator (805)788-2055 fwarren@co.slo.ca.us

San Luis Obispo		Latino Outreach and Engagement (Therapy Services)	CSS-OESD	Bilingual and bicultural therapists to provide culturally appropriate treatment services offered in both community and clinic settings. The target population is the unserved and underserved Latino community, particularly those in identified pockets of poverty in the north and south county areas and rural residents.	http://www.slocounty.ca.gov/health/mentalhealthservices/mhsa.htm	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Community School Mental Health Services	CSS-OESD	Behavioral Health and the San Luis Obispo County Office of Education have partnered with the community schools in the county to provide mental health services to seriously emotionally disturbed youth, engaging these youth and their families in services that enable them to stay in school.	http://www.slocounty.ca.gov/health/mentalhealthservices/mhsa.htm	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us
San Luis Obispo		Forensic Mental Health Services	CSS-OESD	<p>Behavioral Health Treatment Court (BHTC): The BHTC team serves adults, ages 18 and older, with a serious and persistent mental illness, who are on formal probation for a minimum of two years, and who have had chronic use of mental health treatment observed as a factor in their legal difficulties. BHTC clients volunteer for the program forming a contractual agreement as part of their probation orders. These individuals have been previously underserved or inappropriately served because of lack of effective identification by all systems, may be newly diagnosed, or may have been missed upon discharge from jail or Atascadero State Hospital. BHTC clients, in many cases, have little insight or understanding about having a mental illness or how enhanced collaborative services could meet their needs.</p> <p>Forensic Re-entry Services (FRS): A Forensic Re-entry Services team, is provided by TMHA and includes two Personal Services Specialist (PSS) that apply a "reach-in" strategy in the County Jail, adding capacity for providing aftercare needs for persons exiting from incarceration. The team is responsible for providing a "bridge" for individuals leaving the jail in the form of assessment and referral to all appropriate health and community services and supports in addition to short-term case management during this transition.</p> <p>Veterans Program: Behavioral Health has a Mental Health Therapist located in the Veterans Services Office in order to serve veterans referred directly from the VSO and those participating in the Veterans Treatment Court. The placement of the Therapist on-site at the VSO provides a culturally competent environment for veterans and their families to seek support and engage in behavioral health services.</p>	http://www.slocounty.ca.gov/health/mentalhealthservices/mhsa.htm	Frank Warren MHSA Coordinator (805)788-2055 fwarren@co.slo.ca.us

Crisis Support

Santa Barbara		CARES Mobile Crisis Team	CSS-OESD	A mobile crisis team available 24/7 was added to the ADMHS CARES (Crisis and Recovery Emergency Services) program to provide clients in crisis appropriate alternatives to hospitalization. Mobile crisis response teams collaborate with law enforcement crisis calls to reduce incarceration or involuntary care. The goal is to increase access to care by extending comprehensive services to underserved individuals.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Bridge to Care	SD	Program serves adults in the Lompoc area. Bridge to Care provides psychiatric medication evaluation, prescriptions and medication monitoring to stabilize people in treatment with drug and alcohol programs who have co-occurring mental illnesses or trauma.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Crisis Intervention Training (CIT)	WET	Intended for law enforcement officers who are often the first point of contact for people in crisis and psychiatric emergency. Training prepares law enforcement professionals to recognize the signs and symptoms of severe mental illness, with or without the co-occurring condition of substance abuse, and provides them with the skills and knowledge to respond effectively. Current efforts are conducted in partnership with the SB County Sheriff's Department. SB Sheriff is taking leadership of the endeavor for all law enforcement offices in SB county.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Tina Wooten TWooten@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		CARES (Crisis and Recovery Emergency Services)	PEI	Consolidates crisis stabilization, intake, mobile crisis response and access to service for mental health and alcohol and drug emergencies. Staffed by mental health professionals, CARES provides crisis support on a 24/7 basis, serves children and adults, and works closely with the SAFTY program.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		HOPE	CSS	HOPE provides an array of intensive in-home services available to foster home and extended family home placements. Peer/Family Support Specialists

Santa Barbara		Assertive Community Treatment (ACT)	CSS-FSP	Evidence-based approach helps people with severe mental illness who have co-occurring life issues, including alcohol and drug use. Deploys multidisciplinary teams responsible for providing services, including housing assistance; supported employment and education; vocational skills enhancement; medication support; counseling; peer support and social skills development.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Spirit	CSS-FSP	Provides a family-centered, strength-based, highly individualized service to help children and their families meet unmet needs both within and outside of formal human services systems while children remain in their neighborhoods and homes whenever possible. Two staff operate at each of the three regional ADMHS Children's service sites. Staff have been enhanced by adding parent partners who reflect the culture and language of those being served. SPIRIT staff ensure that care is available 24/7 to families to keep youth and families stable and safe.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Partners in Hope	CSS-OESD	This resource includes family partners, peer recovery staff and alcohol and drug treatment specialists who provide outreach, linkage to care and recovery-oriented activities in Lompoc, Santa Maria, and Santa Barbara. In addition, Recovery Learning Centers (RLCs) in each region of the County provide peer-run, recovery-oriented activities.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Tina Wooten TWooten@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Consumer Empowerment Manager	WET	ADMHS recognizes the value and richness that consumer and family member employees bring to the workplace, whether in direct service capacity or in other positions of interest. To address barriers to obtaining and sustaining employment, ADMHS established the positions of Consumer Empowerment Manager and WET Program Manager to build a supportive and success-driven infrastructure for consumers and family members choosing to enter or reenter the workforce.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Tina Wooten TWooten@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Consumer and Family Member Training and Employment Opportunities	WET	ADMHS seeks to provide consumers and family members with opportunities to build skills that will prepare them for entering and/or re-entering the workforce. A major current focus is maintaining a Peer Expert Pool to provide graduates of the 10-Day WET Peer Specialist Training opportunities for part-time employment.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Tina Wooten TWooten@co.santa-barbara.ca.us (805) 681-5220

Reducing Disparities

Santa Barbara		New Heights	CSS-SD	County wide services that assist transition age youth in making the successful transition into adulthood with tools necessary for ongoing wellness and recovery. Offers an array of recovery-focused services, including mental health services, employment and education support and referrals, linkage to other service providers and community resources and socialization support. New Heights uses the Transition to Independence Process (TIP) that stresses the importance of providing access to community-based outreach and support, engages transition age youth in shaping their own future planning process and adopts a focus on each individual's strengths.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		The Justice Alliance	CSS-FSP	Emphasizes treatment, not punishment, for people with mental illness in the justice system. A licensed mental health professional in each region of the County provides linkage to mental health services for individuals with serious mental illness who have had interactions with the legal system including the courts, probation, public defender, and district attorney. Services are provided in the jail, at court, in the community, at acute care facilities, and/or at regular service delivery sites. Treatment and services are wellness- and recovery-oriented. In 2014-15 this program was expanded to serve as a countywide forensic team.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Support to Culturally Underserved Communities	PEI	Community health educators from culturally underserved communities offer educational workshops, discussion groups and support groups to address individual and family member mental and wellness topics. Provides culturally appropriate training sessions for community leaders and service providers. Culturally and linguistically appropriate case management to ensure linkages to services. Cultural wellness practices are integrated into outreach, consultation and early intervention activities.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Refugio Rodriguez cucorodriguez@co.santa-barbara.ca.us (805) 681-4505
Santa Barbara		Culturally Adapted and Recovery Focused Models of Care	INN	This project makes adaptations at the administrative, service delivery, and clinical level to reflect and respond to the cultural dimensions of diverse populations. Culturally adapted care is culturally competent care that must be incorporated into the planning and implementation process as early as possible.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Refugio Rodriguez cucorodriguez@co.santa-barbara.ca.us (805) 681-4505

Santa Barbara		Access and Assessment Specialized Clinic Team	PEI	Three regional teams specialize in access and assessment, with special attention to cultural considerations, such as unique presentations of crises among minorities and the importance of accessing family and community supports. The new regional teams are based in Lompoc, Santa Maria and Santa Barbara. The teams will be guided by recovery and resiliency concepts and will improve access to services by operating in the field throughout the county.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220

Santa Barbara		Prevention/Early Intervention Services for Children and TAY	PEI	Includes mental health assessment, screening and treatment, home visits, school collaboration, family interventions, respite, multi-agency linkages, child abuse prevention education. A school-based program offers prevention and early intervention mental health services to students in Carpinteria public schools experiencing emotional and/or behavioral difficulties. In addition, specialized teams in Santa Barbara and Santa Maria offer evidenced-based interventions for adolescents and young adults, including family psychoeducation, education and employment support, family-aided assertive community treatment, and medication, if needed.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Ana Vicuna Avicuna@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Client/Family Access to Computer Resources	CFTN	Focuses on training and access to technology in each of the three primary population centers in Santa Barbara County: Santa Barbara, Santa Maria, and Lompoc. Consumers will have access to computer resources and tools to gather information, research mental health conditions, and gain knowledge to become a well-informed and active partner in their own treatment. Makes training resources available to promote the well-being of consumers by enabling them to acquire skills to improve their opportunities for education and employment.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Refugio Rodriguez cucorodriguez@co.santa-barbara.ca.us (805) 681-4505
Santa Barbara		Electronic Health Records Enhancement	CFTN	Builds on the currently operational Integrated Information System at Santa Barbara County ADMHS. The project creates system wide access to clinical, administrative and financial information in digital format. Trains staff to access and record accurate and timely data. The project allows for the capture of digital information and eventual elimination of a paper-based system.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Marshal Ramsey mramsey@co.santa-barbara.ca.us (805) 681-5220
Santa Barbara		Consumer Security and Confidentiality	CFTN	Builds on the security efforts currently in place at ADMHS. The security standards will match other Santa Barbara County Departments to meet the state-mandated requirements. The project facilitates secure system wide access to clinical and administrative information, ensures the security of data, and reduces the risk of potential identity theft. The project also provides access to the consumer health data system and improves continuity of care on a daily basis and in case of an emergency.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Refugio Rodriguez cucorodriguez@co.santa-barbara.ca.us (805) 681-4505
Santa Barbara		Medical Integration Team	CSS	Specialized teams in each region of the county serving persons with severe mental illness who also experience serious medical problems, including individuals who are 60 years of age and over. Teams will also develop ongoing partnerships with all relevant agencies, including, but not limited to, Public Health, Alcohol and Other Drug providers and senior service organizations. The creation of these partnerships will be critical to meeting the needs of mental health clients of all ages, including older adults.	https://www.countyofsb.org/admhs/admhs2.aspx?id=37228&id2=38600	Refugio Rodriguez cucorodriguez@co.santa-barbara.ca.us (805) 681-4505

Crisis Support						
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Adult/Older Adult Behavioral Health Outpatient Services Redesign	CSS	This project expands self-help and peer support services, redesigns outpatient clinics toward a recovery model, incorporates consumer involvement, modifies levels of care to appropriately meet consumers' levels of need, and works with system partners (e.g., law enforcement) to improve the care consumers receive when they interface with multiple systems. The service expansion component addresses specific population disparities in the adult system for concurrent mental health/substance abuse disorders, concurrent mental health/developmental disabilities, and unserved and underserved ethnic and cultural groups.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Central Wellness and Urgent Care Services	CSS	This project provides consumers and individuals with emergent needs with critical services and is an alternative to Emergency Psychiatric Services (EPS). Mental Health Urgent Care (MHUC) services include crisis counseling, referrals, education, medications, as well as intensive follow-up in the community for a short period of time. This service is available to individuals who walk in for assistance. The project is open from 8 AM to 10 PM each day, 7 days a week, and works closely with EPS staff and County Law Enforcement Liaisons (LEL). On a limited basis, the staff provides mobile crisis response and telephone consultation to the police as they are called to highly emotionally charged situations.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Strengthening Families and Children	PEI	This initiative is divided into two components; component one is intended to prevent or intervene early in the development of emotional and behavioral problems in young children by providing the parents with outcome-based parenting strategies, support services, and access to screenings to identify developmental delays; and component two builds upon the first by implementing a continuum of services targeting four geographic areas of high need (Investment Communities) for children and youth ages 0-18 who may be experiencing symptoms ranging from behavioral/emotional distress to depression and anxiety caused by trauma or other risk factors.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Suicide Prevention Strategic Plan	PEI	This initiative seeks to reduce suicide risk among all age groups throughout Santa Clara County and is intended to directly support the implementation of the County's Suicide Prevention Strategic Plan (SPSP), which was approved by the Board of Supervisors in August 2010. The goal of the SPSP is to reduce the number and rate of suicides in Santa Clara County as well as to reduce the number of suicide attempts. Through this plan, the County will implement all five distinct but related strategies of the SPSP, resulting in comprehensive suicide prevention and awareness activities countywide. The SPSP's five strategies have multiple recommendations, all of which will be implemented over time with input from the Suicide Prevention Oversight Committee (SPOC) and its work groups.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Investment In Mental Health Wellness (IMHW) Program	CFTN	In April 2014, the California Health Facilities Financing Authority (CHFFA) awarded the County \$4,699,948.11 in grant funding: 30 new beds for Crisis Residential and 8 new beds for Crisis Stabilization Treatment Programs. No local match (i.e., from the county) is required, but projects must include leveraging of public and private funding sources. The County set aside a portion of CFTN funds to pay for costs related to the capital portion of the IMHW grant project not covered by CHFFA grant funding.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Peer/Family Support Specialists						
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Consumer and Family Wellness and Recovery Services	CSS	This is an initiative to transform the outpatient services of County and CBO-operated clinics. The initiative provides clinic staff with the training and practical skills to move toward a recovery and wellness-oriented service model, which emphasizes the consumer's principal role in his or her own recovery, appropriate levels of care, and infuses and expands the role of peer mentors, peer-directed services and self-help programs throughout the system.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Welcoming Consumers and Family Members	WET	This project develops and implements training, workshops and consultations that support an environment that welcomes consumers and family members as contributing partners in the public mental health system. It creates a Consumer/Family Member Training Coordinator whose focus will be to advance the educational, employment, and leadership opportunities for consumers and family members in public mental health.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org

Santa Clara		Community Engagement and Capacity Building for Reducing Stigma and Discrimination	PEI	This is an initiative to reduce disparities in service access by unserved and underserved communities; increase knowledge of mental illness; reduce stigma and discrimination within the context of culture; and increase community prevention and healing capacity through natural support systems through the efforts of the Mental Health Department's Ethnic and Cultural Community Advisory Committees (ECCACs). Activities will include community engagement and education through outreach to ethnic communities and their cultural leaders and institutions. The intent is to breakdown cultural barriers to mental help seeking, decrease stigma and discrimination, and for the ECCACs to act as cultural ambassadors to community members in need of services.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Strengthening Families and Children	PEI	This initiative is divided into two components; component one is intended to prevent or intervene early in the development of emotional and behavioral problems in young children by providing the parents with outcome-based parenting strategies, support services, and access to screenings to identify developmental delays; and component two builds upon the first by implementing a continuum of services targeting four geographic areas of high need (Investment Communities) for children and youth ages 0-18 who may be experiencing symptoms ranging from behavioral/emotional distress to depression and anxiety caused by trauma or other risk factors.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Prevention and Early Interventions for Individuals Experiencing Onset of Serious Psychiatric Illness with Psychotic Features	PEI	The REACH (Raising Early Awareness Creating Hope) project implements a continuum of services targeting youth and transition age youth (TAY), ages 11 to 25, who are experiencing At Risk Mental States (ARMS) or prodromal symptoms. The service model is based on the Early Detection and Intervention for the Prevention of Psychosis (EDIPP) program, which is currently a replication study occurring at six sites nationwide to build research evidence on the effectiveness of preventing the onset and severity of serious mental illness with psychosis.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Reducing Disparities						
Santa Clara		Child FSP	CSS	Intensive, comprehensive age-appropriate project for as many as 60 seriously emotionally disturbed children ages 0 to 15 that combines critical core services within a wraparound model. The targeted population is juvenile justice-involved and SED African American, Native American and Latino youth at risk of, or returning from, out-of-home placement.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Child System Development	CSS	This plan establishes systems of care for at-risk young children and families through key Santa Clara County child-serving agencies involved in 0 to 5-age services. The objectives are to establish quality screening, assessment, service linkages and parent support models that achieve the outcomes of increased school readiness and success among at-risk young children through early identification, treatment and support interventions for children with significant developmental, behavioral and emotional challenges.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Children and Family Behavioral Health Outpatient Services Redesign	CSS	This project involves the research, design and implementation of system-wide level-of-care screening, assessment, practice guidelines, and treatment services to improve the system of care for children and youth, particularly those from un-served and underserved ethnic and cultural populations. Services include screening, assessment and service linkages for young children; services for SED youth involved in the juvenile justice system; service system redesign for foster care youth; partial funding for independent living programs that provide services to TAY foster youth; services to Uninsured Youth; and the Juvenile Competency Restoration program.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		TAY FSP	CSS	This is an intensive, comprehensive, age-appropriate project for as many as 100 TAY consumers with high levels of need. The project targets youth "aging out" of other child-serving systems.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Behavioral Health Services Outpatient System Redesign / TAY Crisis and Drop-In Services	CSS	This expands the system of care for TAY youth through a continuum of services that include specialized outreach, crisis intervention, linkages, self-help, peer support and case management. The project includes a 24-hour Drop-In Center and a community center serving the LGBTQ community.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Adult FSP	CSS	This is an intensive, comprehensive program for 175 highest risk Serious Mental Illness (SMI) adults who are frequent users of involuntary care and/or underserved homeless consumers with high levels of need. Based on the AB 2034 philosophy, the project provides treatment, case management and community resources necessary to meet the needs of each individual's life circumstances.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Adult/Older Adult Behavioral Health Outpatient Services Redesign	CSS	This project expands self-help and peer support services, redesigns outpatient clinics toward a recovery model, incorporates consumer involvement, modifies levels of care to appropriately meet consumers' levels of need, and works with system partners (e.g., law enforcement) to improve the care consumers receive when they interface with multiple systems. Santa Clara		Older Adult FSP	CSS	This project offers intensive wraparound services for up to 25 older adults. FSP's for older adults are designed to meet the comprehensive needs of seriously mentally ill older adults 60+ years of age that include psychiatric needs, homelessness or the risk of homelessness, hospitalization or other forms of institutionalization, and the risk of being harmed physically, financially or psychologically.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Older Adult Behavioral Health Outpatient Services Redesign	CSS	This initiative is intended to result in improved design for age-appropriate access, engagement, screening, assessment, and level of care system assignment for outpatient services; as well as geriatric training and staff development plans to ensure incorporation of core transformation principles and new intervention models throughout the system, including recovery-focused services, consumer/family member involvement, and cultural competency.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Housing Options Initiative	CSS	This plan was established to help the MHD and the County address the housing needs of consumers through housing development, services, and interagency collaboration. The Office of Housing and Homeless Support Services (OHHSS) was created to oversee the MHD's housing development, programs, and services for unserved and underserved consumers of all age groups and their families, particularly those who are homeless or are at-risk of homelessness, have co-occurring disorders, suffer from abuse or are involved in the criminal justice system. Effective July 1, 2014, the County consolidated the OHHSS with the Office of Affordable Housing to form the Office of Supportive Housing (OSH). Using a mix of funding sources, the OSH supports countywide efforts to address homelessness and works with County departments to meet the housing needs of extremely low income households and/or individuals and families with special needs.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Learning Partnership	CSS	This is a Division of the SCCMHD comprised of three units, Decision Support (the Department's research and evaluation unit), Cultural Competency (ensures that cultural needs of the County's ethnic and racial populations are met by the Department), and Continuous Learning (responsible for staff development and consumer and family member workforce education and training). These units are tasked with working together to aid and support the transformation of the Department to a client driven/family supportive wellness and recovery system.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Santa Clara		Primary Care / Behavioral Health Integration for Adults and Older Adults	PEI	This project has two major components: 1) services to new refugees drawing upon outreach and focus groups with refugees and organizations serving refugees; and 2) implementation of integrated behavioral health services within local non-profit Federally Qualified Health Centers (FQHCs) that serve underserved ethnic communities.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Multi-Cultural Center (MCC)	INN	Increase access to underserved and inappropriately served ethnic minorities by housing activities and services for multiple ethnic communities in Santa Clara County. MCC will provide an opportunity for ethnic minority community coordinators to collaborate in identifying and initiating multi-cultural approaches to successfully engage individuals in mental health services in a culturally sensitive manner and find sensitive ways to combat stigma and internalized oppression.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Santa Clara		Workforce Education and Training Coordination	WET	Positions budgeted for Workforce, Education and Training infrastructure are charged entirely to this budget. The infrastructure supports the education and training of underrepresented populations to enter the mental health workforce and advance within the system as desired.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Promising Practice-Based Training in Adult Recovery Principles & Child, Adolescent & Family Service Model	WET	This project expands training for SCCMHD and contract CBO management and staff, consumers and family members, and other key stakeholders. The training will promote and encourage the integration of Wellness and Recovery methods, the value of providing peer support, and the use of staff with "lived experience" via a continuous learning model.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Improved Services & Outreach to Unserved and Underserved Populations	WET	This project expands specialized cultural competency training for all staff to improve services to ethnic and cultural populations. Ethnic and cultural populations are broadly defined to include marginalized populations such as, People of Color, the Elderly, Youth, People with Disabilities, LGBTQ individuals, Immigrants and Refugee Populations.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org

Santa Clara		A Comprehensive Mental Health Career Pathway Model	WET	This includes a position and overhead budgeted to support the development of a model that supports SCCMHD's commitment to developing a workforce that can meet the needs of its diverse population. The person in this position is trained in the principles of recovery, strength-based approaches and culturally competent interventions. The needed "cultural change" in the transformation process is expected to occur as the workforce's composition changes to include more individuals who have "lived experiences" as consumers and family partners and who come from the diverse cultural, ethnic and linguistic underserved and unserved communities that the SCCMHD seeks to serve.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org
Santa Clara		Stipends and Incentives to Support Mental Health Career Pathway	WET	This project provides financial support through stipends and other financial incentives to attract and enable consumers and family and community partners to enroll in a full range of educational programs that are prerequisites to employment and advancement in public mental health.	http://www.sccmhd.org/mhsa	Jeannette Ferris (408) 792-3911 jeannette.ferris@hhs.sccgov.org

Santa Clara		Early Childhood Universal Screening Project	INN	Develops a model to increase access to services and improve outcomes by strengthening the screening and referral process for young children with developmental concerns and social-emotional delays. This project will test whether the implementation of multi-language electronic developmental screening tools and audio/visual components in a pediatric clinic provides an economic, low cost, and effective method for linking parents and their children to mental health and other indicated services.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Peer Run TAY Inn	INN	Increases access to services and improve outcomes for high-risk, transition age youth in a voluntary 24-hour care setting. The project model proposes the implementation of an innovative 24-hour service that involves a significant expansion of the role of TAY employees in decision-making and provision of program services.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Elders' Storytelling Project	INN	Develops a model to increase the quality of services for isolated older adults by adapting a culturally-based "story-telling" approach that capitalizes on the traditional role of older adults as transmitters of cultural wisdom and values. The core service will be provided by community workers through a 12-week curriculum where the older adult, in the company of family members and caregivers, is elicited to reminisce on his/her life and express and capture significant memories and personal accomplishments.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Santa Clara		Transitional Mental Health Services for Newly Released Inmates	INN	Develops a model that examines whether the organizational support of the Mental Health Department provided to an inter-faith collaborative and coordination and collaboration with other service providers/advocacy groups increases the capacity of faith organizations to serve newly-released inmates and improve outcomes (symptom management; relationships; work/meaningful activities; and satisfaction with service).	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		AB109/117 Re-Entry Multi-Agency Pilot Also Known As "Re-Entry Map"	INN	Develop and test a service needs assessment and delivery model that will facilitate interagency coordination with Probation, Custody Health Services, the Department of Alcohol and Drug Services, and the Social Services Agency in assessing and providing relevant and effective re-entry services for incarcerated adults exiting prison and jail settings.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Santa Clara		Electronic Health Record	CFTN	<p>Purpose: To provide a comprehensive electronic medical record for consumers that can be shared in a secure and integrated environment across service providers.</p> <p>Need: The EHR is mandated by Federal, State and Local initiatives. The Federal Executive Order requires everyone to have an electronic health record by 2014. The Governor of California has backed this deadline with an Executive Order. SCVHHS has set a goal of switching to EHRs by 2013.</p> <p>Project Overview:</p> <ul style="list-style-type: none">• Reduce paper medical charts and provide an electronic mechanism to securely share critical client treatment data with all providers in the network;• Improve coordination of care between providers of services through integration of data;• Provide opportunities to reduce costs by streamlining and automation of clinic operations;• Produce better treatment outcomes because of better coordination of care and integrated treatment protocols.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Enterprise-wide Data Warehouse	CFTN	<p>Purpose: To create a single data repository for all Mental Health Department service, administrative, financial and provider information. The data warehouse will integrate information to improve the ability of SCVHHS to measure key clinical and administrative metrics through enhanced business intelligence reporting capabilities. The data warehouse will directly support treatment decisions, new program design and management decision-making activities.</p> <p>Need: The Enterprise Data Warehouse (EDW) will address an on-going need to improve clinical and administrative reporting capabilities for SCVHHS. The need for improving access to data and reporting was the number one issue identified during an information system assessment conducted in the summer of 2008. A single system that contains easily accessible, clean and reliable data, combined with robust reporting and business intelligence tool sets will significantly improve report generation and support active decision-making processes focused on supportable data related analysis and eliminate redundant databases and reports that have been created as temporary solutions to fill the gap.</p>	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Consumer Learning Center	CFTN	<p>Purpose: To provide additional support for consumers in MHSA recovery programs and living in the community by setting up supervised computer labs and basic PC skills training in established Wellness Centers across the County.</p> <p>Need: The need for this project was identified during meetings with consumers and staff. There is currently one consumer PC lab located in one facility. That lab has outdated equipment and is not staffed appropriately. Consumers and staff see great potential in a well-planned and modernized lab environment.</p>	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Website Redesign and Consumer Portal	CFTN	<p>Purpose: To provide additional services for consumers and their families by enhancing the current MH website and developing a secure consume portal. The WEB focuses on developing a set of Internet applications that provide real-time, secure behavioral health and medical treatment services and outcomes information to consumers and the public in general. These revisions will make it easier for consumers and family members to obtain mental health services, treatment, and other information.</p> <p>Need: The need for this project was identified during meetings with consumers and staff. The need to provide more access to information via the website that supports consumers and their families continues to grow and must be part of a continuous and on-going plan for SCVHHS.</p>	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Bed and Housing Exchange	CFTN	<p>Purpose: To provide a database with posting and query tools that will allow operators of inpatient/residential Mental Health facilities services to post their open beds whenever they become available so that case managers, clinicians and others authorized to act on behalf of MH clients can quickly see what is available in housing and/or beds. The current approach is by word of mouth or having to call every facility on a rotating basis to learn of vacancies.</p> <p>Need: The need for this project was identified during special needs assessment meetings with HHS MHD staff that work in the area of placement of clients in residential or inpatient beds. In other open meetings with contractors and then again with consumer and family members this need was further validated. The specific need is that there is no organized way for case managers or clinicians to determine bed availability for their clients without making calls to every facility each time the need arises. This causes delays in appropriate services delivery as well as missed opportunities for operators to get their open beds filled.</p>	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		County Health Record Integration Initiative	CFTN	<p>Purpose: To create a system focused on providing secure, real-time combined wide client records that can be accessed across various service providing agencies and provide a collaborative cross agency view of registered consumer's demographic, services and care, medications, physical health services, insurance, employment, housing and other information.</p> <p>Need: Many consumers utilize services across multiple agencies both within the SCVHHS umbrella and outside of it. The ability of many of those agencies to obtain information about the range of services a consumer is accessing is currently limited and prohibits effective coordination of care and funding. The CHR supports development of a cross agency view of services, opportunities to identify gaps and measure outcomes through shared information. This need was identified during meetings with consumers, County Health, County Social Service, and County Juvenile Justice and County Criminal Justice liaisons.</p>	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Santa Clara		F&C Screening, Assessment & Treatment Center	CFTN	The renovation will relocate the existing KidScope program that specializes in diagnostic and treatment services for 0-8 year olds performed by developmental pediatricians and therapy staff, and the County teams that work with children and transition age youth. The new location will improve access to high risk populations in the downtown and east San Jose service area, the areas with the highest concentration of at-risk youth. Current services are in small quarters that inhibit the number of clients who can be seen daily. The new space will add enough square footage to allow for some growth in both programs. The renovation will consist of redesigning and reconstructing the space formerly used for medical office suites into space appropriate for individual and group counseling with separate reception and waiting areas for young children and TAY. MD offices will exist within the suite along with rooms for individual counseling and group work. Counseling rooms will be large enough for the client and family members as appropriate.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Downtown Mental Health Renovation	CFTN	The renovation will consist of improving the Self-Help Center by designing activity and training rooms. The current space consists of one large activity room and a coordinator's office. The remodeled space will have a computer training room and several activity rooms to allow multiple groups to the space simultaneously. In addition, the renovation project now includes the DTMH main lobby which was approved as part of the County's FY14 MHSA annual plan update plan.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Multi-Cultural Center (MCC) Renovation	CFTN	The renovation will consist of improving the space for the Multi-Cultural Center (MCC). The MCC will offer a welcoming, accessible and safe place where members of all ethnic communities can find a sense of cultural resonance, belonging and support. The MCC will be open to ethnic events and celebrations, creating a natural place for community members to congregate, and where conversations about mental well-being can be inserted and approached within appropriate cultural contexts and languages. This renovation project was approved as part of the County's FY14 MHSA Annual Update plan.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org
Santa Clara		Safety Button for Crises in County Outpatient Clinics	CFTN	The purpose of this new capital facilities (CF) project is to install safety button equipment for crises in County outpatient clinics and offices. The installation of the safety equipment will facilitate immediate help to County staff who need assistance in a crises situation.	http://www.sccmhd.org/mhsa	Jeanne Moral (408) 885-6867 jeanne.moral@hhs.sccgov.org

Crisis Support						
Santa Cruz		Enhanced Crisis Response	CSS	This work plan provides enhanced 24/7 supports to adults experiencing significant impact to their level of functioning in their home or community placement to maintain functioning in their living situation, or (2) in need or at risk of psychiatric hospitalization but are able to be safely treated on a voluntary basis in a lower level of care, or (3) individuals being inappropriately treated at a higher level of care or incarceration and able to step down from psychiatric hospitalization or locked skilled nursing facility to a lower level of care in the community.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 952-2335 (800)
Santa Cruz		Community Services and Supports	CSS	The services and strategies in this work plan are designed to advance recovery goals for all consumers to live independently, to engage in meaningful work and learning activities that are central to enhancement of quality of life. Participants will be enrolled in Full Service Partnership (FSP) Teams. FSPs are "partnerships" between clients and clinicians that include opportunities for clinical care, housing, employment, and 24/7 service availability of staff. To accomplish the above, the Recovery Team and South County Adult Team have been restructured to now provide intensive wrap around services to prevent acute hospitalizations and assist in getting people out of higher levels of care. These teams focus more on "crisis" as their priority and when time allows provide an additional array of recovery-oriented supports that include linkage to housing, employment and education. One team Supervisor carries a small caseload.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 952-2335 (800)
Peer/Family Support Specialists						
Santa Cruz		Special Focus: Family Partnerships	CSS	This MHSA contract is designed to expand Family and Youth Partnership activities provided by parents, and youth, who are or have been served by our Children's Interagency System of Care, to provide support, outreach, education, and services to parent and youth services in our System of Care. Family partners have become increasingly integrated parts of our interagency Wraparound teams serving youth on probation at-risk of group home placement.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Consumer, Peer & Family Services	CSS	These services and supports are intended to provide peer support, which is empowering and instills hope as people move through their own individual recovery process. Services are available countywide and are culturally competent, recovery oriented, peer-to-peer and consumer operated. This Plan includes: 1. the Wellness Center, located at the Mental Health Client Action Network, 2. Mariposa Wellness center, and 3. Peer supports.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		¡Juntos Podemos! (Together We Can!)	INN	The primary purpose of this innovative program is to increase quality of services and outcomes. Existing research demonstrates the effectiveness of peer support for individuals in need of mental health services and the importance of engaging individuals' family members while providing clinical services. This innovative program makes two significant changes to existing models: the first involves hiring peer and family partners to be trained and work members on the same treatment team; the second is to examine how to develop an infrastructure to support the work of peer and family partners in a way that each of the diverse approaches offered is valued and supported to benefit the individual and the family.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Reducing Disparities						
Santa Cruz		Prevention & Early Intervention Services for Children	PEI	These projects serve children and youth from stressed families, early onset of mental illness, and trauma exposed children and their families. Of particular concern are families needing help with parental/supervision skills, or affected by substance use/abuse, and/or whose children/youth are exposed to violence, abuse, and /or neglect. The desire is to decrease the negative impact of these factors by offering mental health services to children/youth and their families. PEI Project #1 has three strategies: 0-5 Early Intervention; 2. Countywide Parent Education & Support; 3. School-based Prevention.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335

Santa Cruz		Culture Specific Parent Education & Support	PEI	These projects help decrease the risk of violence, suicide, and other traumas that children and youth age 0 – 17 may be exposed to by providing education, skills-based training, early intervention and treatment referrals to parents, families, and children, that are in need of parental/supervision skills, are affected by substance abuse, and/or are exposed to violence, abuse, or neglect. Specific treatment programs are Cara y Corazon, Joven Noble, and Xinachtli.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Services for Transition Age Youth & Adults	PEI	These projects provide intensive treatment and education for family members when individuals are developing early signs of possible serious mental illness. Through consultation, training and direct service delivery, a broad menu of services will be offered by Peer Counselors, Family Advocates, and Licensed counselors and psychiatrists to transition age youth and their families. Strategies include: Early Intervention Service, Veteran's Advocacy & Service Coordination, and Suicide Prevention.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Services for Older Adults	PEI	These strategies address the high rates of depression, isolation and suicides of Older Adults in Santa Cruz County. Strategies are aimed at identifying older adults at risk of trauma-induced mental illness, depression, anxiety, suicidal ideation, and late onset mental illness, as well as undiagnosed and misdiagnosed seniors. This group has been identified as an underserved population, often due to senior's isolation and challenges in accessing appropriate care. Strategies include: Senior Outreach, Peer Companion, and Warm Line.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Housing						
Santa Cruz		Community Services & Supports	CSS	The Housing Support Team provides services and supports to adults living independently in order to help them maintain their housing and mental health stability. The team consists of County staff (Housing Coordinator and an occupational therapist), Front Street staff (housing case management, occupational therapist, RN, and peer counselor), Community Connection staff (employment specialist and peer counselor), and Encompass case managers. We also provide Adult care facility beds with providing 24/7 care, bi-lingual, bi-cultural services. The Board and Care facilities include Wheelock, Willowbrook, and Front Street. Opal Cliffs provides an adult residential setting to provide intensive supervision and support to individuals returning from Locked Care settings to prepare to re-integrate into housing and community services.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Community Services and Supports: Housing	CSS	This component is to offer permanent supportive housing to the target population, with no limit on length of stay. The target population is defined as very low-income adults, 18 years of age and older, with serious mental illness, and who do not have stable permanent housing, have a recent history of homelessness, or are at risk for homelessness. Nuevo Sol located in Santa Cruz has 2 units for adults 18 and over who were chronically homeless. These units are accessed through our partnership with Homeless Persons Health Project. Nuevo Sol was the first project in the State to use the Governor's Homeless Initiative funding, tied to MHSA for services and also the capitalized subsidy reserve. The County has developed housing at Bay Avenue Apartments, Capitola. The Bay Avenue project provides five MHSA units for seniors 60 years and older, at risk of homelessness. "Aptos Blue" opened in February 2014, and it provides five MHSA for adults with mental illness who are homeless, or at risk of homelessness. County staff is developing Lotus Apartments for six transition age youth and adults located mid county. These units will be owned and operated by a local non-profit Encompass in partnership with the County MHSA and a property management agency. All referrals and supports to MHSA housing come from a FSP team. A program requirement for these services is that persons be without stable housing or at risk of becoming homeless. The Housing Support team has worked intensively to both educate the client and mitigate any problem issues that might lead to eviction notices with the property manager.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335

Santa Cruz		Community Gate	CSS	The services of this program are designed to create expanded community-linked screening/assessment and treatment of children/youth suspected of having serious emotional disturbances—but who are not referred from our System of Care public partner agencies (Probation, Child Welfare, Education).	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Probation Gate	CSS	The Probation Gate is designed to address the mental health needs (including assessment, individual, collateral, group, case management, and family therapy) of youth involved with, or at risk of involvement, with the Juvenile Probation system. This program is also designed to increase dual diagnosis (mental health/substance abuse) services to these individuals. The System of Care goal (shared with Probation) is keeping youth safely at home, rather than in prolonged stays of residential placement or incarcerated in juvenile hall. We have noted that providing more access to mental health services for at-risk youth in the community via our contract providers BEFORE the youth become more deeply involved in the juvenile justice system has helped to keep juvenile rates of incarceration low.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Child Welfare Gate	CSS	The Child Welfare Gate goals are designed to address the mental health needs of children/youth in the Child Welfare system. By ensuring comprehensive screening and assessment for foster children, we are assisting in family reunification and permanency planning for court dependents, helping them perform better in school, minimize hospitalization and keep children in the lowest level of care.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Education Gate	CSS	This program is designed to create school-linked screening/assessment and treatment of children/youth suspected of having serious emotional disturbances. In addition, specific dual diagnosis (mental health/substance abuse) service capacity has been created and targeted to students referred from Santa Cruz County's local schools, particularly those not referred through Special Education.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Community Services & Supports	CSS	The services and strategies in this work plan are designed to advance recovery goals for all consumers to live independently, to engage in meaningful work and learning activities that are central to enhancement of quality of life. Participants will be enrolled in Full Service Partnership (FSP) Teams. FSPs are "partnerships" between clients and clinicians that include opportunities for clinical care, housing, employment, and 24/7 service availability of staff. The supportive employment activities include the development of employment options for clients, competitive and non-competitive alternatives, and volunteer opportunities to help consumers in their recovery. The supportive education services include the support for consumers attending Cabrillo College via the "College Connection" program.	http://www.santacruzhealth.org/HSAHome/HSAdivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335

Santa Cruz		Workforce Education & Training	WET	A challenge we face is how to sustain our training and education program, given that the State does not distribute additional WET funds. However, the County of Santa Cruz recognizes that we still need work in our efforts to transform our service delivery system to one which is more client and family centered, recovery oriented, fosters an environment of enhanced communication and collaboration while promoting self-directed care, utilizes Evidenced Based Practices which have been demonstrated most effective at supporting recovery and independence in the community, and measures outcomes on a client, program and system level.	http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Santa Cruz		Information Technology	IT	To modernize and transform clinical administrative systems. Our goal is to improve overall functionality and user-friendliness for both clinical and administrative work processes. We need to have one cohesive system with intuitive functionality where it would only be necessary to enter information one time and have that information populate fields as needed. The system must support fiscal, billing, administrative work processes, and include an electronic health record. Ideally a patient portal is needed as well. Strong billing processes, including automated eligibility and exception reports, are needed to effectively manage accounts payable and accounts receivable, and also provide necessary reporting tools for cost reports and budgeting activities. It also needs to include robust caseload and clinical management tools, as well as encourage and allow client access, interaction and participation. It should facilitate person-centered treatment planning, and ease of information sharing of documentation across service providers in the system of care.	http://www.santacruzhealth.org/HSAHome/HSADivisions/BehavioralHealth/MentalHealthServicesAct.aspx	(831) 454-4170 (800) 952-2335
Shasta County						
Crisis Support						
Shasta		Crisis Services/ CRRC	CSS	The Crisis Services Program completes the transformation of Shasta County Mental Health's crisis and short-term treatment system, which for many is the initial access point into the public mental health system. A multiple-level array of services is provided for those persons with mental illness in crisis or emergency. Services are available 24/7 and include telephone crisis services. The Crisis Residential Recovery Center (CRRC), which provides services for up to 30 days for adults, permits individuals to move from crisis into short-term transitional housing and stabilization or to intensive case management and support, as needed. The goals of this program are to reduce acute hospitalizations, and allow individuals to receive treatment within their community.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Peer/Family Support Specialists						
Shasta		Client and Family Operated Systems	CSS	Includes two wellness centers and a contract with NAMI for education services.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		MHSA Volunteer Program	WET	The MHSA Volunteer Program is for consumers and family members who would like to explore a career in the public mental health field. The programs addresses the priority workforce education and training need to establish a career pathway and responds to the identified need to increase the public mental health workforce capacity while involving the community in a meaningful way in the delivery of services. The program seeks to both enhance the capacity of the public mental health system in Shasta County to provide services and support to individuals with serious mental illness while collaborating with and accessing the use of natural community supports – community members with an interest in volunteering to serve.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Reducing Disparities						
Shasta		Shasta Triumph and Recovery (STAR)	CSS	Shasta Triumph and Recovery (STAR) is a Full Service Partner program that serves all age groups. The STAR program is an enrollment program that is wellness, recovery, and resiliency based and practices the "whatever it takes" model to provide access to services including supports for housing, employment or employment preparation, medication, transportation, peer relations, social activities, and education for those individuals with severe and persistent mental illness who are at risk of homelessness and/or hospitalization. There is a focus on wellness and recovery using a Wellness Recovery Action Plan (WRAP) jointly developed with the individual involved and any family or support individuals she/he chooses. Those individuals who meet FSP criteria are provided with outreach until they either become an FSP or are transferred to other appropriate programs.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Rural Health Initiative	CSS	The Shasta Rural Health Initiative initiated recovery-based service agreements with Federally Qualified Health Centers (FQHC) in the community to provide integrated primary health care and mental health care to priority populations. Services include Full Service Partnerships, telepsychiatry, intensive case management, co-occurring groups, and crisis support. The programs concentrates on individuals of all ages.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Older Adult Services	CSS	The Older Adult Services Program is a system of interagency services for adults 60 years and older who have serious and persistent mental illness. Older adults are identified and provided services that are comprehensive, age appropriate, culturally competent, and accessible. Services support recovery or rehabilitation as deemed appropriate by the client and his or her natural support system of family and community. In order to address the needs of this population, the program collaborates with multiple agencies and conducts intensive resource and program development. Multiple agencies/partners are convened with the support of the existing Shasta County Older Adult Policy Council in order to identify collaborative resources and outreach engagement strategies.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us

Shasta		Outreach/ Access	CSS	Services to individuals in the community who are un- and under-served in our system to determine their appropriateness for services and levels required, including evaluation and assessment provided by the Access Team. Case management, nursing, and clinical staff who work within the community providing outreach services to those individual in need with the goal of bringing them into the behavioral health system. Also includes linkage to individuals to the appropriate community services that are available (primary care, wellness centers, community behavioral health providers). Also includes educational services provided in the community.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us

Shasta		Individuals Experiencing the Onset of Serious Psychiatric Illness: Reduce Duration of Untreated Psychosis	PEI	Shasta County's Individuals Experiencing the Onset of Serious Psychiatric Illness Project targets individuals who are between the ages of 15 and 25 who have early symptoms that might indicate the start of a serious and persistent mental illness. Activities include outreach and engagement to patients and their families, assessment, treatment, case management, and family support.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Housing						
Shasta		Permanent Supportive Housing	CSS	The Woodlands, a 54-unit apartment complex being built in Redding, contains 19 MHSA units: 14 one-bedroom and 5 two-bedroom. Units will house individuals who meet Full Service Partnership eligibility requirements. Tenancy will be for adults with serious mental illness and children with severe emotional disturbance and their families. Units should be available in Spring of 2017.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us

Shasta		Children and Youth in Stressed Families: Triple P- Positive Parenting Program	PEI	Shasta County coordinates with and leverages the efforts of First 5 Shasta to provide county-wide implementation of the Triple P-Positive Parenting Program. Triple P is a multi-level, parenting and family support strategy that aims to prevent behavioral, emotional and developmental problems in children by enhancing the knowledge, skills and confidence of parents. Triple P incorporates five levels of intervention of increasing strength for parents of children from birth to age 18 years. Triple P interventions can also be tailored in such a way as to respect and not undermine the cultural values, aspirations, traditions and needs of different ethnic groups. It has been proven effective for use with various underserved geographic and cultural populations.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Children and Youth in Stressed Families: Community Programs for At-Risk Middle School Students	PEI	Shasta County Mental Health, through a negotiated contract with a local school district(s), has implemented the Positive Action program which focuses on children at risk. Positive Action is an evidence-based program designed to build self esteem and good communication skills, as well as other psychosocial skills. The curriculum has 6 units covering the following concepts: self concept, positive actions for your body and mind, managing yourself responsibly, being honest with yourself and others, and improving yourself continually.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Children and Youth in Stressed Families: Adverse Childhood Experience (ACE)	PEI	Shasta County Mental Health participates and supports the Strengthening Families Community Collaborative which focuses its efforts on facilitating collaboration and coordination and the development and dissemination of information to the community about strengthening families, ACE, and other topics surrounding programs in the areas of perinatal, maternal, parenting, and youth with the goal of having a significant impact on protective and risk factors. The purpose of convening this group is to identify and coordinate current and future ACE resources; increase the community's capacity to ensure linkage to quality, effective, and appropriate services; increase the number and quality of linkage and coordination relationships with organizations and systems that deal with ACE; develop county-wide procedures to improve access to services for children and families; and create united Collaborative objectives that include county-wide outcomes.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Stigma & Discrimination	PEI	This program aims to build awareness of and eliminate the discrimination and stigma associated with mental illness. It includes the following strategies: public education, media campaigns, direct contact with mental health consumers, and recognition for positive portrayals of people with mental health problems.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Shasta		Suicide Prevention	PEI	This program is based on the local level recommendations which coincide with the California Strategic Plan on Suicide Prevention. This program includes local and culturally appropriate activities, including creating a system of suicide prevention, implementing training and workforce enhancements to prevent suicide, and improving suicide program effectiveness and system accountability. It was through this program the Shasta County Suicide Prevention Workgroup was formed. This workgroup coordinates local suicide prevention efforts including assessment, planning, implementation of evidence-based programs, and evaluation.	www.shastamhsa.com	Jamie Hannigan (530) 245-6419 jhannigan@co.shasta.ca.us
Sierra County						
Crisis Support						
Sierra		Combined Programs	CSS	Sierra County continues to partner with Plumas Crisis Intervention and Resource Center (PCIRC) in the operation of the Crisis Line which operates 24/7, and provides 24/7 access to a mental health professional. Targeted populations are specified as all underserved/un-served persons in the County, which has essentially been the majority of the county population (3000). The Crisis Line phone number has been disseminated to nearly all community agencies. Full Service Partnerships are provided for children, transition age youth, adults, and older adults through the following positions: a case manager, 2 psychiatrists, 2 Marriage & Family Therapists MFT, a psychologist and a Peer Support Service provider. Services are provided for any person demonstrating need, regardless of gender, race/ethnicity, or language spoken. Through the above stated positions all residents of Sierra County needing services can be served. Monday through Friday, during regular office hours, Sierra County Behavioral Health serves individuals experiencing signs and symptoms of a mental health crisis. The 24/7 Crisis Line is also available. Should further crisis services be needed, which includes the need to be detained by law enforcement pursuant to WIC §5150, Sierra County Behavioral Health contracts with Tahoe Forest Hospital in Nevada County. Sierra County contracts with Placer County facilities to accept individuals who have been detained by law enforcement pursuant to WIC §5150.	http://www.sierracounty.ca.gov	Laurie Marsh MHSA Coordinator lmash@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745

Sierra		Music Together	PEI	Music Together is an internationally recognized early childhood education music and movement program, the curriculum of which we employ to provide a prevention & early intervention program offered to community members and their young children to increase access and linkage to services while reducing stigma associated with mental illness, as well as, accessing supports and services through Behavioral Health. Music Together successfully interweaves the learning of age-appropriate social and problem solving skills, cognitive development, limit setting, how to follow instructions, being innovative and learning to lead through music activities. A Licensed Marriage Family Therapist facilitates Music Together in the school setting. Modeling from the facilitator not only takes place for the child; it also enables the teachers, parents, aides, and caregivers to apply age-appropriate, positive interaction in school and at home.	http://www.sierracounty.ca.gov	Laurie Marsh MHSA Coordinator lmash@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745
Sierra		Student/Parent Navigator	PEI	Sierra County Behavioral Health is working towards creating a Student/Parent Navigator position. The outcomes desired in creating this position is to provide outreach, linkage and access to supports and services to families of older youth who are experiencing challenges with school attendance and behavior problems. Growing evidence shows that positive emotional health improves educational outcomes by decreasing absences, decreasing discipline referrals, and improving test scores. Because of this important interplay between emotional health and school success Sierra County will be collaborating with schools and the Student Attendance Review Board as an outreach vehicle in creating relationships with families to identify needs and provide linkage with appropriate services. Linkage of appropriate supports and services will be based on identifying needs and strengths of families, being person and family centered with a holistic approach to promote whole-person wellness within families.	http://www.sierracounty.ca.gov	Laurie Marsh MHSA Coordinator lmash@sierracounty.ca.gov 207 Front St., PO Box 265 Loyalton, CA 96118 530.993.6745

Siskiyou		FSP	CSS-FSP	We continue to review clients designated as Full Service Partnership (FSP) to ensure that they are high-need and meet the MHSA requirements for this specialized service. We served approximately 188 FSPs in 14/15. We frequently update client plans and review services together to ensure our program embraces the vision for consumer driven services. FSP services focus on clearly identifying the criteria for this level of services and develop clinically appropriate services to ensure that clients successfully meet their goals and remain stable in the community. Services are culturally diverse and linguistically competent to meet the needs of the clients in our community.	http://www.co.siskiyou.ca.us/content/behavioral-health-services-division	Camy Rightmier (530) 841-4281 crightermier@co.siskiyou.ca.us

Siskiyou		Six Stones Wellness Center	CSS-OESD/FSP	Behavioral Health successfully executed a contract with an organizational provider and identified and leased a site for the Six Stones Wellness Center program. Services in the Center will be offered to adults and older adults with SMI in a safe, caring and supportive environment where clients can participate in activities that encourage recovery and resiliency. Located in Yreka, Siskiyou County's most populous city, transportation will be provided from surrounding communities to facilitate engagement by clients from all regions of the County. Wellness Center programming is client driven, focused on peer support and aimed at promoting resiliency and recovery.	http://www.co.siskiyou.ca.us/content/behavioral-health-services-division	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Day Reporting Center	CSS-OESD	We currently fund medication support services at the Day Reporting Center (DRC). This project seeks to engage post-release adult and older adult offenders who have been diagnosed with a severe mental illness, or those who identify themselves as SMI, by addressing barriers to service. By providing psychiatric services at the DRC and linking participating individuals directly to medication and other medically necessary services at SCBH, this project focuses on bridging the gap to services for this vulnerable population.	http://www.co.siskiyou.ca.us/content/behavioral-health-services-division	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Co-Occurring O&E	CSS-OESD	This collaborative O&E pilot project serves post-release adult and older adult offenders who have been diagnosed with a SMI, or identify themselves as SMI and have a co-occurring substance use disorder. This project is group based and services are provided at the DRC by a licensed practitioner of the healing arts (LPSA). The project also supports continued engagement in services as offenders transition into the community by providing seamless access to AOD and mental health services at SCBH.	http://www.co.siskiyou.ca.us/content/behavioral-health-services-division	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Veterans Outreach	CSS-OESD	Outreach and Engagement activities targeting veterans will continue to be provided throughout the County and will include outreach and linkage to services for un- or underserved veterans suffering from mental illness and/or substance abuse, in addition to coordination with the Veteran's Service Office and other community providers to foster development of resources and supports for this growing population.	http://www.co.siskiyou.ca.us/content/behavioral-health-services-division	Camy Rightmier (530) 841-4281 crightmier@co.siskiyou.ca.us
Siskiyou		Community Resource Centers	PEI	Ten Family Resource Centers (FRC) throughout the county provide MHSA Prevention and early intervention services and provide linkage to behavioral health for mental health services. Crisis Support

Solano		Older Adult (FSP)	CSS-FSP	<p>The Older Adult Full Service Partnership, operated by a community provider, offers adults over age 60, a full spectrum of services through a collaborative relationship between the client and care provider. Utilizing the Assertive Community Treatment Model, Individual Service Plans are developed for each client with specific goals and services. Coordinated by a Primary Service Coordinator, available services include:</p> <ul style="list-style-type: none"> - Medication management planning and services, including health education on medication, chronic disease, etc., with the goal of transitioning clients to group therapy - Mental health therapy: short-term, goal-focused group mental health therapy supports clients until they are ready to transition to other appropriate services - Case Management: short-term, intensive, wrap-around case management is offered to mitigate crisis situations (crisis services are available 24 hours a day). <p>Transitional case management focuses on ensuring that clients are linked to appropriate services</p> <ul style="list-style-type: none"> - Wellness and recovery skills-building, planning services, and linkages to community organizations: all clients are supported in developing a Wellness & Recovery Action Plan that supports their return to everyday life. These plans are monitored to ensure progress. - Continuum of care services are also available. <p>All services are community-based and provided in a culturally and linguistically appropriate manner.</p>	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	<p>Chris Kughn, LMFT (Caminar) 707-648-8121 Ckughn@caminar.org</p>
Solano		Crisis Stabilization Unit (CSU)	CSS-OESD	<p>The Crisis Stabilization Unit (CSU) will continue to be operated by a community-based organization within a county facility. The CSU opened late in 2012, replacing the Psychiatric Emergency Team. The goal of CSU service is to facilitate rapid resolution of mental health crises for consumers ages 5 and up. The CSU provides a safe environment for individuals in a psychiatric emergency, assessment and emergency treatment and when their crisis has abated, and linkage to the least restrictive services and supports. The service aims to reduce the incidence of suicide, re-hospitalization, and incarceration due to untreated mental illness. The CSU is open 24 hours a day, and consumers may stay in the unit for up to 23 hours. Services will include assessment of individual needs, referrals to appropriate services and resources, medication evaluation, support in accessing benefits and resources, and linkage to other services as needed.</p>	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	<p>Jolie Gordeon-Brower, MSN, RN-BC, PMH (Exodus Recovery) 559-453-1008 Jbrower@exodusrecovery.com</p> <p>Kay Kelso, LMFT (County Liaison) 707-784-8128 kkelso@solanocounty.com</p>
Solano		Training for Law Enforcement (CIT), CSS Mobile Crisis Response	WET	<p>A two-day crisis intervention team (CIT) training, conducted by CIBHS, was designed for law enforcement at the request of both Vacaville Police Department and Solano County Sheriff. The training is designed to increase first responders' knowledge and understanding about mental illness, and to help them develop skills and strategies to interact and intervene with individuals with mental illness. The training includes sessions on Welfare and Institutions Code 5150, County policies and procedures for involuntary hospitalization, cultural diversity, and on how to de-escalate individuals in order to establish safety without physical intervention in a mental health crisis. It also includes sections on the types of mental illness, post-traumatic stress disorder, recognizing signs and symptoms of mental disorders among returning veterans, and on how to maintain officer safety in crisis situations. Finally, it features a consumer and family panel to provide insight from the consumer's point of view. Multiple cycles of this training have been and will continue to be offered.</p>	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	<p>Tracy Lacey, LMFT (County) 707-784-8213 TCLacey@solanocounty.com</p>

Solano		Adult Full Service Partnership - Regional Teams	CSS-FSP	Solano County's Adult Full Service Partnership Regional Team, established in October 2012 is located in Vallejo. The Regional Team serves serious mentally ill adults that have historically been the most difficult to engage in treatment. The team's focus is on supporting mental health clients who have been placed in more restrictive, out-of-county treatment facilities in returning to a less restrictive level of care in Solano County. By moving clients out of institutions and back into community settings, the team improves their client's quality of life, supports their recovery processes, and works to address their needs on a local level. Regional Team also assists clients in finding meaningful roles in the community such as work, school, or social activities. The program has higher staff-to-client ratios in order to provide high-intensity, community-based services with the goal of reducing adverse events such as repeat hospitalizations, criminalization, out-of-county placements, and reliance on emergency systems for care.	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	Rozzana Verder-Aliga, EdD, LMFT (County) 707-553-5824 rverderaliga@solanocounty.com Robert Epstein, LMFT (County) 707-553-5470 Repstein@solanocounty.com

Solano		Homeless Mentally Ill (HMI) Services HOME FSP	CSS-FSP	<p>Caminar's community-based Homeless Mentally Ill (HMI) Full Service Partnership is an Assertive Community Treatment (ACT) model program serving homeless mentally ill consumers in shelter, encampments, or other venues to promote engagement in treatment, linkage to transitional and permanent housing, and reduced rates of incarceration and hospitalization for this population. The program goal is to support clients in their efforts to live as independently as possible as members of the community and in a setting of their choice. Services are designed to enhance each person's quality of life, teach self-management skills to reduce the impact of psychiatric symptoms, assist in the development of social connections in the community, and reduce dependence on community safety net services such as the emergency room and the police. The program strives to provide services in a culturally relevant manner, and is welcoming to all ethnic and cultural groups, including the Lesbian/Gay/Bisexual/Transgender/Questioning (LGBTQ) community. Program participants are seen primarily in the community but can also be seen in the program office. Services are provided seven days per week, twenty-four hours per day, including a warm line to provide after-hours access to program staff to address emerging and urgent client matters.</p>	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	Chris Kughn, LMFT (Caminar) 707-648-8121 Ckughn@caminar.org

Solano		Homeless Mentally Ill (HMI) Services HOME FSP	CSS-FSP	Caminar's community-based Homeless Mentally Ill (HMI) Full Service Partnership is an Assertive Community Treatment (ACT) model program serving homeless mentally ill consumers in shelter, encampments, or other venues to promote engagement in treatment, linkage to transitional and permanent housing, and reduced rates of incarceration and hospitalization for this population. The program goal is to support clients in their efforts to live as independently as possible as members of the community and in a setting of their choice. Services are designed to enhance each person's quality of life, teach self-management skills to reduce the impact of psychiatric symptoms, assist in the development of social connections in the community, and reduce dependence on community safety net services such as the emergency room and the police. The program strives to provide services in a culturally relevant manner, and is welcoming to all ethnic and cultural groups, including the Lesbian/Gay/Bisexual/Transgender/Questioning (LGBTQ) community. Program participants are seen primarily in the community but can also be seen in the program office. Services are provided seven days per week, twenty-four hours per day, including a warm line to provide after-hours access to program staff to address emerging and urgent client matters.	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	Chris Kughn, LMFT (Caminar) 707-648-8121 Ckughn@caminar.org
Solano		Supported Housing	CSS-OESD	Permanent, safe, and affordable housing is critical to recovery from mental health conditions. The Supported Housing Program will be administered by a community-based organization and will assist individuals who have been diagnosed with mental illness and are homeless or at risk of homelessness to live independently in the community of their choice. Housing options range from 30-day transitional programs to long-term, permanent supportive housing. Participants will pay a portion of their income towards their rent while the remainder will be offset by a subsidy. Recovery-oriented housing case management and support services will be offered on-site. The services will be designed to strengthen and develop skills in a range of areas, including, but not limited to shopping, cooking skills, caring for the home environment, self-help skills for disability management, medication and treatment options, relationship and communication skills, community resource development, and support services for co-occurring disorders. The program will work closely with Solano County Mental Health, and other community-based organizations such as homeless shelters and churches, to identify un-served and underserved mentally ill consumers who are homeless or at risk of homelessness.	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	Traine Chisom (Caminar) 707-425-7036 trainec@caminar.org
Solano		Housing	CFTN	The MHSA housing program provides long-term, low interest loans administered by the California Housing Finance Agency (CalHFA) to developers who create permanent supported housing. The housing will continue to serve adults who are seriously mentally ill, and children with severe emotional disorders and their families. In order to qualify, a household must also be homeless or at risk of becoming homeless, as defined by the MHSA regulations. In addition to the loan, CalHFA sets aside a portion of the MHSA funding in an operating reserve account to ensure that the project can operate for 20 years while maintaining affordable rental rates. Solano County has completed two MHSA permanent supported housing projects: Signature at Fairfield is a 90-apartment, mixed-income project that began accepting tenants in July 2012. The project includes 7 two-bedroom units reserved for families in which one member qualifies for MHSA Community Services & Supports, and 3 two-bedroom apartments shared by two unrelated adults who qualify for MHSA services. The Heritage Commons project in Dixon is a 65-apartment older adult project. Seven units are reserved for consumers 55 years old or older who qualify for MHSA services through Community Services & Supports. The project began accepting applications in July 2013.	http://www.solanocounty.com/depts/mhs/mhsa/default.asp	Tracy Lacey, LMFT (County) 707-784-8213 TCLacey@solanocounty.com

Crisis Support						
Stanislaus		Stanislaus Homeless Outreach Program (SHOP)	CSS-FSP CSS-GSD	<p>Stanislaus Homeless Outreach Program (SHOP) provides services to transitional aged young adults (TAYA), adults, and older adults who have co-occurring issues of mental health and substance abuse. These individuals are also uninsured or underinsured and involved with other agencies. The program goals are to reduce the risk for emergency room use, contact with law enforcement, homelessness, and psychiatric hospitalization.</p> <p>SHOP offers 3 levels of care and utilizes Full Service Partnership (FSP) funding. This approach allows individuals to enter the program at an appropriate level of service for their needs and then move to a lesser or greater level of care as needed.</p> <p>The FSP level of care has 4 tracks: 1) Westside SHOP, 2) Partnership Telecare Recovery Access Center (Partnership TRAC), 3) Josie's Telecare Recovery Access Center (Josie's TRAC) and 4) Modesto Recovery Services TRAC (MRS TRAC). FSP strategies include integrated, intensive community services and supports with 24/7 availability with a known service provider. SHOP utilizes a "housing first" approach with recovery and client- and family-centered focus that inspires hope.</p> <p>SHOP also provides services to the community funded by General System Development (GSD) dollars. Led by clinical service staff, SHOP group support is offered to individuals, along with peer-led wellness/recovery support groups. All levels of care include a multi-disciplinary approach.</p>	http://stanislausmhsa.com	(209) 341-1824
Stanislaus		Juvenile Justice	CSS-FSP	<p>This program provides 24 hours a day, seven (7) days a week crisis response and on-site intensive mental health services to high risk youth in the Juvenile Justice behavioral health program and their families. This Full Services Partnership (FSP) expands the Juvenile Justice Mental Health Program to target youth on formal or informal probation who are diagnosed with a serious mental illness or a serious emotional disturbance. Many are victims of trauma and have not successfully been engaged by traditional methods of treatment. As a result, they tend to become more seriously ill, have more aggressive behavior, and higher rates of incarceration and institutionalization. The FSP is designed to do "whatever it takes" to engage youth and their families. The program goals are to reduce recidivism, out of home placement, homelessness, and involuntary hospitalization and institutionalization.</p> <p>Many of the high risk youth are from racially and ethnically diverse communities. Some may be uninsured or underinsured and live in families that are difficult and resistant to engage. And, often times, there's a history of domestic violence, gang involvement, and multi-generational incarceration. Due to the severity of the serious emotional disturbance, the levels of aggression involved in the crimes committed and continued recidivism, these youth are often made formal wards of the court and are at persistent risk of out-of-home placement.</p>	http://stanislausmhsa.com	(209) 525-5401

Stanislaus		High Risk Health & Senior Access	CSS-FSP	<p>The High Risk Health and Senior Access (HRHSA) program is a full service partnership that became operational in FY 2010-11. Target populations include transition age young adults (18 - 25 years), adults (26 - 59 years) and older adults (60+ years) who have significant, ongoing, possibly chronic, health conditions co-occurring with serious mental illness. Older adults may also have functional impairments related to aging. Outreach and engagement services are focused on engaging diverse ethnic/cultural populations and individuals, as well as those who have mental illness and are homeless. The program also serves those at risk of homelessness, institutionalization, hospitalization, or nursing home care or frequent users of emergency rooms.</p> <p>Strategies include 24/7 access to a known service provider, individualized service plans, a multidisciplinary treatment approach, wellness and recovery focused group and peer support, linkage to existing community support groups, peer support and recovery groups for individuals with co-occurring health and mental health disorders. Both service recipients and family members receive education regarding the management of both health and mental health issues as well as benefits advocacy support and housing support.</p>	http://stanislausmhsa.com	(209) 525-4920
Stanislaus		Turning Point Integrated Service Agency (ISA)	CSS-FSP	<p>The Integrated Services Agency (ISA) works closely with individuals on conservatorship and persons with high hospitalization rates to help them successfully reintegrate back into the community. The program provides intensive case management to adults with serious psychiatric disabilities who are Medi-Cal eligible. The primary focus is on relationship building with service recipients and how to better assist them on the path of wellness and recovery. This is a new Full Service Partnership (FSP) that includes a continuum of care, crisis intervention, and wraparound funds, in alignment with the severity of the mental health challenges experienced by these service recipients.</p> <p>The creation of this new FSP offers the following services:</p> <ul style="list-style-type: none"> • Provides services 24 hours a day, seven days a week to provide FSP level services to clients • Work collaboratively with Doctor's Behavioral Health Center, the Psychiatric Health Facility (PHF), the Public Guardian's Office, and the Community Emergency Response Team (CERT) and Warmline to ensure client immediate needs are met • Reduce client/staff ratios • Provide support services including wraparound funds to help with clients immediate and temporary needs such as food, clothing, and shelter • Outcome will include reductions in length of stay for clients in costly Institutions for Mental Disease (IMD) setting and state hospital settings 	http://stanislausmhsa.com	(209) 544-1913
Stanislaus		Integrated Forensic Team	CSS-FSP	<p>The Integrated Forensic Team (IFT) partners closely with the Stanislaus County Criminal Justice System to serve transition age young adults (18 – 25 years), adults (26 - 59 years) and older adults (60+ years) who have a serious mental illness or co-occurring substance abuse issues. It's a population also at risk for more serious consequences in the criminal justice system.</p> <p>Strategies include a multidisciplinary team that provides a "wrap around" approach that includes 24/7 access to a known service provider, individualized service planning, crisis stabilization alternatives to jail, re-entry support from a state hospital, and linkages to existing community support groups. Both service recipients and family members are offered education regarding the management of both mental health issues, benefits advocacy, and housing support. Culturally and linguistically appropriate services are provided to diverse consumers.</p> <p>Partner collaboration is central to reducing disparities and achieving an integrated service experience for consumers and family members. In addition to law enforcement agencies and probation, collaboration occurs with agencies including Turning Point Community Programs, Salvation Army, United Samaritans Homeless Services, and Golden Valley Health Clinics (a Federally Qualified Health Clinic).</p> <p>A combination of Full Service Partnership (FSP) and General System Development (GSD) funds provides 3 levels of care: Full Service Partnership, Intensive Support Services, and Wellness/Recovery.</p>	http://stanislausmhsa.com	(209) 558-4420
Stanislaus		Community Emergency Response Team (CERT)/ WarmLine	CSS-GSD	<p>Referred to as the "Community Emergency Response Team (CERT)/Warm Line", the BHRS operated CERT program combines consumers with a team of licensed clinical staff to provide interventions in crisis situations. The "Warm Line", administered under a contract with Turning Point Community Programs, is a telephone assistance program. It provides non-crisis peer support, referrals, and follow-up contacts.</p> <p>The program serves children, transition age youth, adults and older adults. Stanislaus		Families Together	CSS-GSD	Families Together is the MHSA funded program at the Family Partnership Center (FPC). The goal is to provide mental health services to families in a one-stop-shop experience. Joined by the Parent Partnership Project, Kinship Support Services, and the Family Partnership Center Mental Health Team, the program provides a wide variety of support services to meet the need of diverse families. Services include peer group support and help with navigating mental health, Juvenile Justice, and Child Welfare systems. The Parent Partnership Project promotes collaboration between parents and mental health service providers. Kinship Support Services provide services to caregivers, primarily grandparents raising grandchildren. Family Partnership Mental Health provides mental health and psychiatric services, and linkage to the other programs.	http://stanislausmhsa.com	(209) 558-8550
Stanislaus		Consumer Empowerment Center	CSS-GSD	The Consumer Empowerment Center (CEC) provides behavioral health consumers and family members a safe and friendly environment where they can flourish emotionally while developing skills. It is a culturally diverse place where individuals gain peer support and recovery-minded input from others to reduce isolation, increase the ability to develop independence and create linkages to mental health and substance abuse treatment services. CEC is 100% staffed by behavioral health consumers and family members. A culinary training program called "The Garden of Eat'n" is part of the center. This program provides an opportunity for people to learn food preparation, sanitization, catering, and safe food practices with the goal of gainful employment after completing their training. CEC offers group space for all consumer and family organizations to reserve for meetings.	http://stanislausmhsa.com	(209) 544-1913
Stanislaus		Friends are Good Medicine (FGM)	PEI	FGM is designed to be a resource and provide information and support to community self-help groups. This program promotes community-based self-help efforts in both the general and professional community. It provides leadership training and consultations.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Expanded Child Sexual Abuse Prevention and Early Intervention (ECSAPEI)	PEI	BHRS has partnered with Parents United/Child Sexual Abuse Treatment Team to address the trauma associated with child sexual abuse. Stanislaus		Senior Peer Counseling	PEI	Senior Peer Counselors are trained volunteer counselors who regularly visit older adults who have trouble overcoming difficulties or face significant change in their lives. Peer Counselors are senior citizens themselves. They attend an initial training supervised by a professional clinician and help connect seniors to services. They provide counseling and support to those experiencing emotional distress due to health problems, grief, loss of a loved one, depression, anxiety or other difficulties. These peers often share similar life experiences and offer comfort and understanding. The home visits are usually weekly and open-ended in duration. There is no fee for the service, which is for adults 60 years of age or older.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Garden Gate Respite Center	INN	The aim of this three year Innovation project is to increase the quality of services, including better outcomes, by developing and testing a consumer and family centered approach to short-term crisis respite housing and peer support for individuals and their families who are at risk for psychiatric hospitalization. The program links mentally ill homeless individuals to community resources and encourage a focus on wellness through enhanced services such as in-house case management, psycho-educational groups, and group activities. Open 24/7, the project provides a safe home-like environment and enter works together with law enforcement to reduce incarceration and victimization. The project will explore the following overarching questions: 1. Can a "culture" shift occur in the community that creates better alignment between the need and support available? Can we create a more effective way of supporting individuals and families that experience the negative consequences of mental illness? 2. Can this project approach allow individuals to step away from their illness, increase self-esteem, promote recovery, reduce stigma and contribute to healthier, happier and more productive members of the community who are less dependent on the behavioral health service system in a crisis? 3. Can we assist people to avoid the trauma of psychiatric hospitalization by offering community-based peer support paired with short-term respite care? 4. Can we learn a new cost effective approach to significantly reduce psychiatric hospital admits and possibly other related costs to the behavioral health and related systems; such as emergency rooms and jails?	http://stanislausmhsa.com	(209) 525-6247

Stanislaus		Youth Peer Navigators	INN	<p>The Youth Peer Navigator Project is an integrated consumer and peer centered approach to help young people navigate through the Stanislaus County mental health services system and improve their well-being. Navigators will provide mental health education, linkages, and peer support to youth incarcerated in the Juvenile Justice facility, as well as other BHRS systems of care.</p> <p>Learning proposed:</p> <ol style="list-style-type: none"> 1. Is the Youth Peer Navigator service a measurable intervention tool for mental health recovery? 2. Is the Youth Peer Navigator service a measurable intervention tool for reducing criminal recidivism? 3. Will there be an increase from a baseline in client-identified protective factors, as prescribed by research of the "Search Institute" 40 Developmental Assets? 4. Will the Youth Peer Navigator service be more effective by providing initial contact services in facility custody or after family release? 5. Is there a correlation between Youth Peer Navigation and the successful completing of probation terms? 	http://stanislausmhsa.com	(209) 525-6247

Stanislaus		Garden Gate Respite Center	CSS-OE	<p>Garden Gate Respite (GGR) introduces individuals from unserved and underserved populations to mental health services through a welcoming and engaging environment, in the context of a home-like setting. GGR was originally developed as an AB-2034 "housing first" program, a value which remains a priority, given its significant focus in the context of collaborations with the Stanislaus County Behavioral Health and Recovery Services (BHRS) Housing Outreach program, and other BHRS contracted outreach and engagement programs.</p> <p>GGR operates as a 6-bed facility, open 24 hours a day, seven (7) days a week, 365 days a year, situated in a residential neighborhood. It's adjacent to the Garden Gate Innovative Respite Project (GGIRP) and the BHRS Transitional Housing program apartment complex, for which GGR provides limited ancillary support to residents. Staff members of GGR represent diverse cultures, including individuals with lived experience as consumers or family members of mental health service consumers.</p> <p>Individuals served include Transition Age Young Adults (age 18 minimum), Adults and Older Adults from diverse populations who are either known or suspected to have significant mental health issues, are either homeless or at risk of homelessness, and at risk of incarceration, victimization, and/or psychiatric hospitalization. The majority of program referrals were initiated by the Modesto Police Department, Community Emergency Response Team (CERT) and Telecare Transition TRAC, and other BHRS contracted outreach and engagement programs.</p>	http://stanislausmhsa.com	(209) 341-0718
Stanislaus		Workforce Development	WET	<p>Trainings are at the core of Workforce Development. The goal of the training program is to increase overall and specific competencies in staff throughout the public mental health workforce and expand capacity to implement MHSA essential elements in the existing workforce. The trainings address a variety of key content identified during the stakeholder planning process. Among them:</p> <ul style="list-style-type: none"> • Community collaboration skills • Resiliency and recovery • Treatment of co-occurring disorders • Welcoming consumers and family members perspective in the workplace as a way to ensure an integrated service experience • How to work with people from diverse cultures to ensure a culturally competent service experience. Training is designed from a consumer and family member perspective and uses consumer and family member trainers when appropriate. <p>Training was offered to BHRS and organizational provider staff to enhance knowledge and skills, especially in the areas of recovery and resilience and evidence-based practices.</p>	http://stanislausmhsa.com	(209) 525-7339
Stanislaus		Consumer Family Member Training & Support	WET	<p>In partnership with Modesto Junior College, the California Association of Social Rehabilitation Agencies (CASRA) based program provides a structure to integrate learning into real life field experience in the adult public mental health system.</p> <p>This is a nine (9) unit certificated course that provides individuals with the knowledge and skills to apply goals, values, and principles of recovery oriented practices to effectively serve consumers and family members. The certificated units also count towards an Associate of Arts Degree in Human Services at MJC.</p> <p>The CASRA program includes student stipends to assist with school fees, bus and parking passes, and school supply vouchers, as needed. There is also a textbook loan program. CASRA students receive ongoing peer support and academic assistance to maximize their opportunities for success.</p>	http://stanislausmhsa.com	(209) 525-7339
Stanislaus		Consumer and Family Member Volunteerism	WET	<p>This program addresses the needs of consumers, family members, and diverse community members who wish to volunteer in the public mental health system. It also provides an opportunity to get back and give back to the workforce as part of their recovery. Volunteers provided an important and valuable service as they worked in countywide BHRS programs.</p> <p>Volunteer opportunities also continued for California Association of Social Rehabilitation Agencies (CASRA) students from Modesto Junior College. Volunteers were placed in BHRS programs as well as community-based organizations.</p>	http://stanislausmhsa.com	(209) 525-7339
Stanislaus		Targeted Financial Incentives to Increase Workforce Diversity	WET	<p>This program provides educational stipends to students in Master's level Social Work and Psychology programs at CSU, Stanislaus. It also offers financial stipends for BHRS and community partner staff working on a Baccalaureate degree in Psychology. The scholarships are awarded to potential recruits who meet established criteria based on the ongoing assessment of "hard to fill or retain" positions. Such positions include those related to language, cultural requirements, and special skills.</p> <p>MS and MSW stipends were provided to students through an existing contract with CSU, Stanislaus. BHRS awarded a total of 14 stipends this year and all recipients met desirable classifications for hard to fill positions identified in the WE&T plan workforce needs assessment.</p> <p>BHRS assisted in submitting applications to the Mental Health Loan Assumption Program (MHLAP) funded by Proposition 63 and administered through the Office of Statewide Health Planning and Development (OSHPD). Stanislaus		Asset-Based Community Development (ABCD)	PEI	<p>ABCD funding helps local communities to develop and implement community-driven plans to strengthen and improve recovery, resiliency and mental health protective factor outcomes within neighborhoods and ethnic, cultural, un-served and underserved populations. Strategies include, but are not limited to, asset mapping mental health supports, behavioral health leadership development, partnership development to increase mental health supports within communities, mental health training, stigma reduction campaigns, and suicide awareness campaigns and training.</p> <p>To support these community-driven efforts, BHRS provides facilitation, planning and data support to help communities track progress on their priority results over time. Time limited funding support is also available to help jump start community activities.</p>	http://stanislausmhsa.com	(209) 541-2555

Stanislaus		Stanislaus Homeless Outreach Program (SHOP)	CSS-FSP CSS-GSD	<p>Stanislaus Homeless Outreach Program (SHOP) provides services to transitional aged young adults (TAYA), adults, and older adults who have co-occurring issues of mental health and substance abuse. These individuals are also uninsured or underinsured and involved with other agencies. The program goals are to reduce the risk for emergency room use, contact with law enforcement, homelessness, and psychiatric hospitalization.</p> <p>SHOP offers 3 levels of care and utilizes Full Service Partnership (FSP) funding. This approach allows individuals to enter the program at an appropriate level of service for their needs and then move to a lesser or greater level of care as needed.</p> <p>The FSP level of care has 4 tracks: 1) Westside SHOP, 2) Partnership Telecare Recovery Access Center (Partnership TRAC), 3) Josie's Telecare Recovery Access Center (Josie's TRAC) and 4) Modesto Recovery Services TRAC (MRS TRAC). FSP strategies include integrated, intensive community services and supports with 24/7 availability with a known service provider. SHOP utilizes a "housing first" approach with recovery and client- and family-centered focus that inspires hope.</p> <p>SHOP also provides services to the community funded by General System Development (GSD) dollars. Led by clinical service staff, SHOP group support is offered to individuals, along with peer-led wellness/recovery support groups. All levels of care include a multi-disciplinary approach.</p>	http://stanislausmhsa.com	(209) 341-1824
Stanislaus		Garden Gate Respite Center	CSS-OE	<p>Garden Gate Respite (GGR) introduces individuals from unserved and underserved populations to mental health services through a welcoming and engaging environment, in the context of a home-like setting. GGR was originally developed as an AB-2034 "housing first" program, a value which remains a priority, given its significant focus in the context of collaborations with the Stanislaus County Behavioral Health and Recovery Services (BHRS) Housing Outreach program, and other BHRS contracted outreach and engagement programs.</p> <p>GGR operates as a 6-bed facility, open 24 hours a day, seven (7) days a week, 365 days a year, situated in a residential neighborhood. It's adjacent to the Garden Gate Innovative Respite Project (GGIRP) and the BHRS Transitional Housing program apartment complex, for which GGR provides limited ancillary support to residents. Staff members of GGR represent diverse cultures, including individuals with lived experience as consumers or family members of mental health service consumers.</p> <p>Individuals served include Transition Age Young Adults (age 18 minimum), Adults and Older Adults from diverse populations who are either known or suspected to have significant mental health issues, are either homeless or at risk of homelessness, and at risk of incarceration, victimization, and/or psychiatric hospitalization. The majority of program referrals were initiated by the Modesto Police Department, Community Emergency Response Team (CERT) and Telecare Transition TRAC, and other BHRS contracted outreach and engagement programs.</p>	http://stanislausmhsa.com	(209) 341-0718
Stanislaus		Supportive Housing Services	CSS-OE	<p>Supportive Housing Services include Garden Gate Respite, Intensive Transitional Housing, Vine Street Emergency Housing, and Supportive Housing Services/Transitional Board and Care. Stanislaus		Garden Gate Respite Center	INN	<p>The aim of this three year Innovation project is to increase the quality of services, including better outcomes, by developing and testing a consumer and family centered approach to short-term crisis respite housing and peer support for individuals and their families who are at risk for psychiatric hospitalization.</p> <p>The program links mentally ill homeless individuals to community resources and encourage a focus on wellness through enhanced services such as in-house case management, psycho-educational groups, and group activities. Open 24/7, the project provides a safe home-like environment and enter works together with law enforcement to reduce incarceration and victimization.</p> <p>The project will explore the following overarching questions:</p> <ol style="list-style-type: none"> 1. Can a "culture" shift occur in the community that creates better alignment between the need and support available? Can we create a more effective way of supporting individuals and families that experience the negative consequences of mental illness? 2. Can this project approach allow individuals to step away from their illness, increase self-esteem, promote recovery, reduce stigma and contribute to healthier, happier and more productive members of the community who are less dependent on the behavioral health service system in a crisis? 3. Can we assist people to avoid the trauma of psychiatric hospitalization by offering community-based peer support paired with short-term respite care? 4. Can we learn a new cost effective approach to significantly reduce psychiatric hospital admits and possibly other related costs to the behavioral health and related systems; such as emergency rooms and jails? 	http://stanislausmhsa.com	(209) 525-6247

Activities include resiliency groups, community service opportunities, conflict resolution, social skills training, and peer mentoring.</p>	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		In Our Own Voice	PEI	<p>IOOV is a unique public education program developed by NAMI in which two trained consumer speakers share compelling personal stories about living with mental illness and achieving recovery. The program was started with a grant from Eli Lilly and Company. IOOV is an opportunity for those who have struggled with mental illness to gain confidence and to share their individual experiences of recovery and transformation.</p> <p>IOOV also includes "Ending the Silence", a mental health awareness educational program for high school students. The program highlights anti-stigma and suicide prevention efforts.</p>	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Brief Intervention Counseling (BIC)	PEI	BIC provides early intervention services defined as "short duration" (3 to 9 months) and low intensity. The services are provided before the onset of a mental health disorder by "reducing risk factors or stressors, building protective factors, and increasing social supports". Individuals must have a counseling session with their mental health clinician.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Friendly Visitor	PEI	Friendly Visitor volunteers visit with lonely seniors in the community, usually two times a month. They provide socialization and support to seniors who may not otherwise have any contact with anyone else. Activities may include reading together, taking walks, playing cards, or having coffee and conversation.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Nurtured Heart Approach (NHA)	PEI	The Center for Human Services (CHS) implements the program in the Patterson Unified School District. NHA is designed to change the school culture of Apricot Valley and Las Palmas Elementary Schools to one that engages the positive and strengthens the inner wealth of its students. The goal: to build the capacity of each school to enhance the emotional resiliency of their students through the school-wide implementation of the Nurtured Heart Approach. The NHA is a system of relationships where all energy and attention is directed to what is going right, and little or no energy is given toward negative behaviors or choices. The program unites students, teachers, and parents in their efforts to build a more positive school community.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Creating Lasting Student Success (CLaSS)	PEI	The Sierra Vista Child and Family Services (SVCFS) implements the program in Modesto City Schools. CLaSS is a prevention and early intervention model that strives to see students succeed at home, at school, and in the community. It's built upon strength-based and evidenced-based practices that have proven results. CLaSS seeks to work with children who are considered "at risk" for behavioral issues that lead to problems at school and in the home. CLaSS consultants are trained to work with children, their families and teachers by helping them develop action plans that everyone can follow. The focus is on helping children succeed.	http://stanislausmhsa.com	(209) 541-2555
Stanislaus		Ending the Silence	PEI	This program, run by the National Alliance on Mental Illness (NAMI) Stanislaus chapter, is designed to introduce students the facts about mental illness. It includes a power point education presentation about the facts of mental illness, anti-stigma information, and suicide prevention. A hand-out entitled, "How to Help a Friend", is included which highlights the symptoms of mental illness in youth. The program is taught by a retired school teacher trained by NAMI and another speaker who is now in recovery.	http://stanislausmhsa.com	(209) 541-2556

Tehama		Vista Way	CSS-OESD	The Vista Way Drop-In Center continues to provide laundry and shower facilities for our adult and older adult homeless population. Providing access to the facility in this way opens up opportunities for engaging folks in a plan of recovery. Additionally, there are now several process / rehab groups running including Communication, Independent Living, Healthy Living, Relaxation, Exercise, Symptom Management, Art, and <i>Therapeutic Drumming</i> . The VW Drop-in Center also offers stipend opportunities.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 renee.timmons@tchsa.net
Tehama		Teen Screen	PEI	The YES Center is a registered site for TeenScreen - an evidence based computer-screening tool for depression and suicide. Additionally, TCMH has registered three (3) locations as TeenScreen sites throughout the county.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 edith.burnett@tchsa.net
Tehama		Workforce Education and Training Work plan	WET	We continue to provide myriad opportunities for our current staff to receive training on new evidence-based practices (EBPs) including but not limited to Moral Recognition Training (MRT) and Seeking Safety.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 renee.timmons@tchsa.net
Tehama		Training and Technical Assistance	WET	TCMH is currently in the process of making the shift to an electronic health record (EHR) throughout the rest of this calendar year. This has included multiple software demonstrations. The final decision will in part hinge on how compatible the system is for integration with other divisions within TCHSA.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 deanna.gee@tchsa.net
Tehama		Mental Health Career Pathway Program	WET	TCMH is currently reworking much of the WET plan as originally envisioned. Though we have experienced moderate success in assisting clients to hold down Agency employment opportunities, we would like to enhance the training protocols for determining the best candidates to move into full time employment. Much of this new direction will come as a result of a more intense stakeholder review coming later in May of this year.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 renee.timmons@tchsa.net
Tehama		Capital Facilities and Technology Work plan	CFTN	TCMH continues to develop an electronic health record program which will include Tehama county's ability to fully utilize Transformational Care Planning Services (TCP) providing Person Centered Treatment Planning services which embrace individual treatment needs utilizing a Team approach with the client's identified team members with a therapist, case manager, rehabilitation specialist, and medication support staff. Additionally CFT will provide online resources for consumers including the transition age youth drop in population at the YES Center and adult drop in population at the Vista Way Recovery Center.	http://www.tehamacoh.ealthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 deanna.gee@tchsa.net

Tehama		Therapeutic Drumming	INN	TCMH has invested considerably in our EBP <i>Therapeutic Drumming</i> Rehabilitation Groups over the last two fiscal years. This investment has yielded dividends for both the consumers and staff as there are now several drumming groups interspersed throughout Tehama County and across age cohorts.	http://www.tehamacoh.earthservices.net/MentalHealth/directory_mh.htm	(530)527-8491 edith.burnett@tchsa.net
Tri-City Mental Health Services						
Crisis Support						
Tri-City Mental Health Services		Full Service Partnerships for Adults, Older Adults, Children and Transition Age Youth	CSS-OESD	Full service partnerships are individualized services grounded in a "whatever it takes" commitment. Each enrolled individual, and where appropriate his or her family, participates in the development of a culturally appropriate plan that includes all needed services, including but not limited to traditional mental health services, safe housing, a network of supportive relationships; and timely access to services. Each enrolled individual has a personal services coordinator (PSC), and is supported by a staffing structure that insures 24/7 support. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Supplemental Crisis Services	CSS-OESD	The Supplemental Crisis Services program provides after-hours and weekend support to individuals who are suffering a crisis and who currently are not receiving TCMHC services. Local, on-call clinicians offer support to the person in crisis, police personnel, and others as appropriate. Support may be provided over the phone or at the crisis location. A second component to this program is the Intensive Outreach and Engagement Team (IOET), which is designed to increase the likelihood that persons who access SCS services will ultimately engage and/or enroll in more appropriate treatment. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Field Capable Clinical Services for Older Adults	CSS-OESD	Through this program, TCMHC staff members provide mental health services to older adults where they are such as in their homes, senior centers and medical facilities. Older adults, especially frail elders, often have a difficult time accessing services in traditional venues and therefore need mental health services provided in locations convenient to them. This program operates 24/7. This program is not designated to accept individuals who have been detained by law enforcement.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Therapeutic Community Gardening	PEI-OESD	The Therapeutic Community Gardening project helps participants decrease their isolation and experience mental health benefits through participation in gardening and horticultural group therapy programs. Focusing on early intervention, this program provides services to people who do not yet meet medical necessity or who are not eligible for Medi-Cal. For some people, the community garden becomes a place to reconnect with their family's heritage of working the land; for all participants, the community garden is a setting where otherwise isolated people come together to work, learn, and share. Program participants not only engage in peer support activities supported by professional staff; they also experience the satisfaction of producing something meaningful—healthy food—that contributes to their wellbeing and the wellbeing of their families.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

Tri-City Mental Health Services		Wellness Center	CSS-PESD	The Wellness Center is a community hub for activities that promote recovery, resiliency and wellness for residents of the Tri-City area. The Wellness Center sponsors support groups, and provides an array of holistic services through collaboration with other community partners. Staff members at this site include peer advocates, family members, clinical staff, and others. They provide a range of culturally competent, person- and family-centered services and supports that are designed to promote increasing independence and wellness. The Wellness Center is open 5 days a week, and for extended hours on many days.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Community Mental Health Trainers/Mental Health First Aid	PEI-OESD	The Community Mental Health Trainers provide free educational presentations throughout the Tri-City area. Beginning with Mental Health First Aid (MHFA), this nationally recognized program trains individual community members (Mental Health First Aiders) to recognize the early warning signs of someone experiencing mental and emotional distress. TCMHS expanded the program to include additional trainings beyond the core MHFA curriculum, such as workshops on Everyday Mental Health, The Recovery Model, Non-Suicidal Self-Harm, and Suicide Prevention.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Peer Support Program (Older Adult Wellbeing)	PEI-OESD	The Peer Support program trains volunteers from the Tri-City area who want to learn how to provide support to peers who are in emotional distress. Once trained, peer mentors can offer both individual and group mentoring, and additional support through linkages to age- and culturally-appropriate resources. Originally, this project focused on providing peer to peer services to transition aged youth and older adults. However, there has been significant demand for peer-to-peer mentoring services for intergenerational exchanges. Given this demand, TCMHC expanded the program to also include adults ages 26 to 59.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Peer Support Program (Transition Age Youth Wellbeing)	PEI-OESD	The Peer Support program recruits and trains transition-aged young adult volunteers as peer mentors. These volunteers are trained to assess the mental health and well-being of transition-aged young adults, to provide 1-1 peer mentoring, and to lead age- and issue-based peer support groups. Originally, this project focused on providing peer to peer services to transition aged youth and older adults. However, there has been significant demand for peer-to-peer counseling services for intergenerational exchanges. Given this demand, TCMHC expanded the program to also include adults ages 26 to 59.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Family Wellbeing Program	PEI-OESD	In this program, staff and volunteers build trusting relationships and provide support to family members and caregivers of people who struggle with mental illness. The focus is particularly on family members from unserved and under-served communities. Programming includes support groups, 1-1 support, and an array of culturally-appropriate activities focused on wellness interests, e.g. exercise, cooking, other interests—that can attract family members and other caregivers from vulnerable communities into peer support experiences.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

Tri-City Mental Health Services		Community Navigators	CSS-OESD	Community Navigators help people in the Tri-City area connect to local resources, including informal community supports and available formal services. Navigators also provide education and stigma reduction services to local communities and organizations. All Tri-City Community Navigators are bilingual and bicultural. Community Navigators help people who have received services, family advocates, family members, and leaders of un-served and under-served communities whenever possible in identifying and helping leverage community supports.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Community Wellbeing Program	PEI-OESD	The Community Wellbeing Program is designed to help communities develop and implement community-driven plans to improve and sustain the mental and emotional wellbeing of their members. Particular focus is on unserved and underserved communities who often struggle to access appropriate mental health and other services. The program provides small grants and technical assistance to help communities build their capacity to strengthen the well being of their members and the community as a whole. The program focuses on providing support to communities at greater risk for mental illness.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

Housing						
Tri-City Mental Health Services		Permanent Supportive Housing Project	CSS-OESD	This comprehensive Housing Master Plan is designed to construct or rehabilitate short-term transitional and permanent supportive housing units. Permanent supportive housing units are living spaces where people who are homeless or at risk of homelessness and who suffer from one or more mental illness can receive an array of services designed to support their recovery. Such housing enables successful pathways to recovery and, ultimately, can reduce the cost of other services such as emergency room visits and incarceration.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Housing Stability Program	PEI-OESD	The Housing Stability Program is designed to help people with mental illness maintain their current housing or find more appropriate housing. Program staff members work with clients, mental health service providers, landlords, and property managers to secure housing placements, mediate conflicts, and strengthen relationships. The intention is to find ways to work with landlords in a cooperative manner, reduce stigma towards mental illness, and prevent evictions and homelessness.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

Tri-City Mental Health Services		NAMI Community Capacity Building/Interfaith Collaborative on Mental Health	PEI-OESD	The Interfaith Collaborative on Mental Health provides outreach, education and training opportunities to faith organizations, which are often a first point of contact when individuals and families seek assistance. Among other activities, the Collaborative conducts outreach efforts, seminars and conferences, and engages a Steering Committee throughout the year. Through this project, NAMI-Pomona Valley Chapter provides education, training, and support to help faith-based community members become better able to accept, identify, assist and guide persons and families who are at risk of and/or experiencing mental illness in their lives.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		NAMI Community Capacity Building/Parent and Teachers as Allies	PEI-OESD	Parents and Teachers as Allies provides in-service trainings for school professionals and families to help participants better understand the early warning signs of mental illnesses in children and adolescents. The intention is that this training will help teachers and family members learn how best to intervene so that youth with mental health treatment needs are linked with services. Through this project, NAMI-Pomona Valley Chapter provides education, training, and support to help school personnel become better able to accept, identify, assist and guide persons and families who are at risk of and/or experiencing mental illness in their lives.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Community Capacity Building/Stigma Reduction	PEI-OESD	Tri-City's stigma reduction efforts group into three main efforts: Room4Everyone, Courageous Minds, and Green Ribbon Week. Room4Everyone is a community wellbeing campaign that focuses on reducing stigma. The Room4Everyone website includes resources, information, a pledge, and personal stories of recovery from participants in Courageous Minds. Courageous Minds is a speakers bureau made up of people living with mental health challenges who are leading the charge against stigma by sharing their personal stories to a wide range of audiences. Green Ribbon Week is part of a national stigma reduction effort and is held during the third week of March.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Volunteer and Training Programs	WET	The WET program is focused on improving the effectiveness of people currently providing support and services in the Tri-City area as well as, preparing the community for careers in mental health. Clinical and non-clinical staff, family, community caregivers and volunteers are the primary recipients of the education and training offered through the WET Plan. The two primary objectives are to 1) develop a systematic and sustained approach to training and learning, and 2) to develop a deeper pool of volunteers and future employees who have a realistic understanding of community mental health. The WET staff is implementing these actions and more to bring awareness to the Mental Health System as well as provide staff, volunteers, and community caregivers the resources and tools to do their jobs more effectively.	http://www.tricitymhsa.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

Tri-City Mental Health Services		Cognitive Remediation Therapy	INN-OESD	The project integrates two existing evidence-based practices, Cognitive Enhancement Therapy and Cognitive Behavioral Treatment for Psychosis (CBTP) that elsewhere have been administered independently, each addressing one part of a client's interrelated cognitive impairment and psychotic symptoms. This project tests an approach to treating the whole person who experiences psychotic illness with an innovative combination of treatments to address both their cognitive impairment and psychotic symptoms. This project is underway and the curriculum development is in process. It is anticipated that this project will be implemented by June 2016.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131
Tri-City Mental Health Services		Employment Stability Project	INN-OESD	This project seeks to build new relationships, understanding, and activities that will effectively incorporate employers into the system of care. By developing a "good employee" curriculum participants will build skills that are attractive to employers and help remove self-stigma among clients who may believe they lack the ability to be a good employee. Topics such as how to properly communicate in the workplace and how to follow the chain of command will be addressed.	http://www.tricitymhs.org/mhsa	Rimmi Hundal Director of MHSA 909.623-6131

<h3 style="text-align: center;">Reducing Disparities</h3>						
Trinity		Full Service Partnership Program	CSS-PEI	Full Service Partnership Program, Trinity County utilizes its FSP program as a way to minimize disparities for those individuals who may not have or qualify for Medi-Cal benefits but who are in significant need of a mental health intervention and other supports to help them avoid a psychiatric hospitalization or further decompensation. Trinity County has four Prevention and Early Intervention programs that are directed toward youth. Three of the programs are school based and the fourth is anchored at the probation department for youth experiencing the juvenile justice system. The school based programs provide psychosocial education and skill building. The program within the probation department helps youth meet conditions of their probation, reduce problematic behaviors and re-integrate back into the community. This program minimizes disparities for youth who may need more intensive interventions (PEI).	http://www.trinitycounty.org/index.aspx?page=60	Marlinda Butler, MSW mbutler@kingsview.org Noel O'Neill, Director noneill@kingsview.org (530) 623-1362

Trinity	SB 82	Triage Crisis Program	INN-SB 82	Trinity County has established a triage crisis program that is accessed through Milestones Wellness Center. Peer staff are available to welcome individuals who come to the center and present in crisis. A triage crisis worker is on site and available to meet with the consumer and if the individual is experiencing a psychiatric crisis he or she is provided with the most appropriate intervention to stabilize his or her symptoms. Triage staff are available at the center from 8:00 a.m. to 5:00 p.m. 7 days a week. The accessibility of crisis support prevents individuals from presenting at the acute care facility's emergency department and has proved to be user friendly for members of the community.	http://www.trinitycounty.org/index.aspx?page=60	(530) 623-5708

Tulare		Wellness and Recovery Activities	CSS	<p>The Wellness and Recovery Centers (WRC) are community-based multi-service centers that provide a supportive environment offering choice and self-directed guidance for recovery and transition into community life. They are primarily consumer-driven centers providing peer counseling, peer mentoring, advocacy, and leadership opportunities. Services include support groups, educational guidance, vocational services, fitness, independent living skill development, and socialization.</p> <p>Wellness and Recovery Trainings and Activities: Trainings are offered on an ongoing basis to promote services offered in alignment with MHSA principles and to increase promising practices and evidence-based programs. Trainings include but are not limited to the Wellness and Recovery Action Plan (WRAP), Illness Management and Recovery (IMR), Motivational Interviewing, and Co-Occurring Disorder. Activities are offered on an ongoing basis to promote and support wellness, recovery, and resiliency among consumers, family members and the community.</p> <p>Peer-Delivered Services (PDS) facilitates a path for individuals with lived experience to mentor and support consumers and family members within the mental health system and in the community. Services include, but are not limited to, peer-run groups and activities, a newsletter, and orientation and transition services.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Yesenia Lemus YesLemus@tularehhsa.org Phone: 559-624-7459</p>
Tulare		Children and Youth in Stressed Families - Building Bridges Program	PEI	<p>The Building Bridges Program is designed to provide evidenced-based, low-intensity, short-term interventions for women who are pregnant or post-partum, and experiencing a broad-range of emotional and behavioral symptoms related to their pregnancy. Program goals include increasing positive later-in-life outcomes of infants; reducing the instance and/or severity of depression and anxiety experienced by pregnant and postpartum women; and promoting positive bonding, parenting, and coping skills within the parent/infant relationship.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children and Youth in Stressed Families - Family Interaction Program	PEI	<p>The Family Interaction Program aims to improve the quality of the parent-child relationship by using the evidence-based programs Parent Child Interaction Therapy (PCIT), Parent Child Attunement Therapy (PCAT), and Relationship Enhancement Therapy (RET) to teach parents to appropriately bond with, interact with, and discipline their children. Intervention is conducted through a series of 14-20 sessions, and focuses on two basic interactions: Child Directed Interaction (CDI), and Parent Directed Interaction (PDI). CDI is similar to play therapy in that parents engage their child in a play situation with the goal of strengthening the parent-child relationship. PDI teaches caregivers the process of establishing consistent rules for a child's behavior.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children and Youth in Stressed Families - In-Home Parent Education Program (formerly titled: Family Integration Program)	PEI	<p>The In-Home Parent Education (IHPE) Program's purpose is to increase coping skills to stabilize, strengthen and educate the family unit. The IHPE Program is a multidisciplinary collaborative of child and family therapists, educators, and parents who are passionate about providing mental health resources and services to families. Through Parenting Wisely curriculum, IHPE provides support services and education to at-risk families to foster positive interactions and increase coping skills which stabilize and strengthen the family unit. Parenting Wisely is a set of interactive training modules for parents of children ages 3-18 years. Families enrolled in the program present with known environmental risk factors such as violence, abuse, neglect in the home, parental stress, mental illness, substance abuse, and poor parenting skill which can put children at risk for developing mental health issues. Parenting Wisely has been proven to reduce problem behaviors and increase communication and family unity. For children in need of one-on-one intervention, IHPE uses Trauma-Focused Cognitive Behavioral Therapy. Trauma-focused cognitive behavioral therapy (TF-CBT) is an evidence-based treatment approach shown to help children, adolescents, and their caretakers overcome trauma-related difficulties.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children and Youth in Stressed Families - SafeCare Program	PEI	<p>The SafeCare program is based on the SafeCare Home Based Visitation model for families with children (age 0-7). This program is a partnership between the Tulare County Department of Mental Health and the Tulare County Child Welfare Services (CWS) Division. The CWS division provides oversight, and training in the SafeCare evidence-based model to five Family Resource Centers in Tulare County. The SafeCare program trains parents to seek treatment for their children's illnesses, promotes the acquisition of positive and effective parent-child interaction skills; reduces the number of hazards in the home; increases parental structured problem-solving skills; and increases accessibility of mental health services for unserved and underserved populations of Tulare County.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children at Risk of School Failure - Preschool Expulsion Reduction Program	PEI	<p>The Preschool Expulsion Reduction Program (also known as Bright Future) is a program established through the Tulare County Office of Education that currently provides prevention and early intervention services for children at risk of preschool expulsion. Bright Future provides an alternative to expulsion. The principles of applied behavioral analysis and other evidence-based methods (e.g., Preschool Life Skills Curriculum) are used to decrease challenging behaviors and teach skills. Services are provided in the classroom to target problem behaviors and serve as a model for educators. In-home services help to ensure that there is continuity in the child's environment and provide support for parents in reinforcing positive behaviors. Ongoing parent consultation and training is provided to generalize skills learned during individualized instruction.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children at Risk of School Failure - K-3 Early Intervention Program (a.k.a. Special Friends)	PEI	<p>The K-3 Early Intervention Program (also known as the Primary Intervention Program (PIP) and Special Friends). Special Friends aims to increase school success of at-risk children by administering screening measures, providing behavioral intervention, teaching effective coping and interaction skills, and educating parents and teachers regarding behavioral problems and effective interventions. It is composed of preventive training, screening activities and a short-term early intervention component (Primary Intervention Program (PIP)) for children in need of services. PIP is designed to increase protective factors, functioning, and positive outcomes for children with adjustment problems (e.g., inattentiveness, shyness, aggression, and acting-out) in grades K-3. Every 1st grade student in a participating Special Friends school is screened for risk-factors associated with adjustment difficulties that can impact social and academic functioning. Referrals are also accepted for K, 2nd and 3rd grade students who may also be at-risk. When a child meets criteria for PIP, they are enrolled and receive 1-on-1 non-directive play and communication techniques. Play sessions last for 30-40 minutes weekly for 8-12 weeks. Parents are also provided education regarding their child's needs and are surveyed at the conclusion of the program.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>
Tulare		Children at Risk of School Failure - Children of Promise Program	PEI	<p>The Children of Promise Program (COPP) provides services to youth in grades 6 through 12 at-risk for school failure by utilizing the evidence-based practices, Reconnecting Youth (RY) and Coping and Support Training (CAST). RY is a proven, award-winning program that helps high-risk youth improve school performance, decrease drug use, anger, depression, and suicidal behavior. Designed for students ages 14-18, RY curriculum uses small group skills training to enhance personal competencies and social support resources. CAST is a high school based suicide prevention program targeting youth 14 to 19 years old. CAST delivers life-skills training and social support in a small-group format (6-8 students per group). CAST skills training sessions target three overall goals: increased mood management (depression and anger), improved school performance, and decreased drug involvement. Sessions focus on group support, goal setting and monitoring, self-esteem, decision making skills, anger and depression management, "school smarts," drug use control, relapse prevention, and self-recognition of progress throughout the program.</p>	http://www.tchhsa.org/hhsa/ http://tulare.networkofcare.org/mh/index.aspx	<p>Katrina Carmichael kvcarmichael@tularehhsa.org Phone: 559-624-7384</p>

Tuolumne		HealthLitNow (HLN) Healthcare Workforce Development	WET	In-school and after-school workshops will be held to inform underrepresented and disadvantaged students of health professional training and mechanisms for successfully preparing for healthcare careers with a substantial focus on Mental/Behavioral Health and occupations serving persons with disabilities. This program is supported with a primary grant from OSHPD and participating organizations including Tuolumne County Economic Development Authority, Sonora Regional Medical Center, Tuolumne County Superintendent of Schools Office, Mother Lode Job Training, Columbia College and the Blum Center at UC Merced.	http://tuolumne.networ.kofcare.org/mh/	(209) 601-9888
Tuolumne		Student Mental Health & Wellness	PEI	A contract with Jamestown Elementary School provides outreach and engagement services to at risk youth and their families. Positive Behavior Intervention Strategies (PBIS) provide evidence-based behavioral interventions that help both academic and social behavior in students. Funding is targeting training for all school staff to become the first Trauma Informed School in Tuolumne County.	http://tuolumne.networ.kofcare.org/mh/	(209) 984-4704
Tuolumne		Suicide Prevention Program	PEI	A local community agency and interagency oversight committee work together to implement, coordinate, monitor, and provide project management for suicide prevention education trainings county-wide, as well as train the trainer activities and a comprehensive community education campaign targeted to all community residents. Targeted individuals receive training to help recognize and review risk, and intervene to prevent the immediate risk of suicide.	http://tuolumne.networ.kofcare.org/mh/	(209) 533-1397

Tuolumne		Suicide Prevention Task Force (SPTF)	PEI	The Suicide Prevention Task Force (SPTF) has been comprised of representatives from various organizations including Tuolumne County Behavioral Health, Board of Supervisors, the Office of Education, local hospitals, medical practitioners, non-profit agencies, senior support agencies, faith-based organizations, Public Health, community college and child development agencies, as well as community members, many with personal experience of suicide in their families. A contract with ATCAA has provided leadership and direction and the result is a robust group of heavily involved community members. Designated task force representatives work cohesively as a team and are committed to disseminating information, addressing the needs of the group and supporting organizations seeking funds for suicide prevention activities. Through trainings, meetings and community involvement, ATCAA has built a solid plan to strengthen awareness of suicide in Tuolumne County. A partnership with community advocates and work to coordinate with state level resources continues to bring Suicide Prevention activities to the forefront.	http://tuolumne.networkkofcare.org/mh/	(209) 533-1397
Tuolumne		Wellness: One Mind, One Body Integration of Healthcare	INN	This Innovation plan focuses on the integration of behavioral health care with physical health care through the coordination of the client's care. A Care Collaboration Team worked together intensively to build a model that incorporated head to toe healthcare. The team also developed a My Health Info card for clients to use to as a single source of information for all of their medications, provider data, allergies, emergency contacts and more. A dental component was added in FY15/16. Oral hygiene, dental screenings, cleanings and basic hygienist services are provided by a licensed mobile hygienist in the peer support center on a bi-monthly basis.	http://tuolumne.networkkofcare.org/mh/	(209) 533-6245
Housing						
Tuolumne		Supportive Housing Program	Housing	TCBH's Housing component of the Mental Health Services Act was used to purchase a home close to the Behavioral Health clinic in 2012 to provide permanent supportive housing for severely mentally ill residents. The house has two separate floors with 3 bedrooms on each floor; 6 tenants began living there in March, 2013. A second home, Cabrini House, was purchased in April, 2014. The procurement of this 2nd home added 5 housing units. There are 11 individuals who are supported to live independently, receive mental health services and thrive by living within the community.	http://tuolumne.networkkofcare.org/mh/	(209) 533-6245
SB 82 Funded						
Tuolumne	SB 82	Mental Health Triage	SB 82	SB 82 funding was established in order for the Mental Health Crisis Response system to support law enforcement in the field. TCBHD was awarded the grant to increase the crisis services within the county. The goal of the funding is specifically to reduce the number of persons that present at the Emergency Department and to reduce psychiatric admissions. As a result of this new funding, efforts to team more with hospital staff to prevent psychiatric placement have been increased. Phone response and support is more available for pre-crisis response and case management team members, Behavioral Health Workers, are now trained and dispatched to the hospital to work more extensively with persons rather than just providing a crisis evaluation.	http://tuolumne.networkkofcare.org/mh/	(209) 533-6245

Ventura County						
Crisis Support						
Ventura		Crisis Residential Treatment Center	CSS	The Crisis Residential Treatment (CRT) facility offers a short-term program to address the needs of adults experiencing worsening psychiatric symptoms or a behavioral health crisis, or who are in need of further stabilization following an acute hospitalization in order to return successfully to the community. As an alternative to hospitalization, the CRT model provides intensive mental health and behavioral supports in a spacious and home-like setting. Treatment and services are aimed at the stabilization of psychiatric symptoms and community reintegration. Residents must be between 18 and 59 years of age, and be willing to participate in the Wellness and Recovery-oriented services that include individual and group psychotherapy, psychiatric and medication management services, and a variety of programming that includes substance abuse relapse prevention, coping skills training, life skills support, activities and outings, and discharge planning.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Robert Mendoza (805) 981-4233 Robert.Mendoza@ventura.org
Ventura		Children's Crisis Stabilization Unit	CSS-SD	The CSU is in the beginning stages in the creation of the new receiving center for medically stable children and adolescents (ages 5-17 years) assessed as a danger to self, a danger to others or gravely disabled due to a mental disorder. The CSU will also function as a crisis stabilization specialty mental health program for children and adolescents who do not meet the criteria for civil commitment and can be safely discharged in less than 24 hours to lower levels of care in the community. Typically, children, youth and caregivers voluntarily commit to this phase of treatment. The Team continues to assess each client prior to discharge on their ability to demonstrate safe behavior and participate in additional crisis stabilization services while on the CSU.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Crisis Team (866) 998-2243 Robert.Mendoza@ventura.org

Ventura		Screening, Triage, Assessment and Referral (STAR)	CSS-SD	STAR serves consumers of all ages who are entering the county's behavioral healthcare system. The program coordinates access so that consumers receive timely, appropriate and consistent information, thorough screening, triage, assessment, and/or linkage to appropriate mental health services and supports in an efficient, high quality, culturally sensitive manner county-wide. "Recovery Coaches," who are individuals with "lived experience," assist in engaging persons in treatment who have traditionally been un-served or underserved, while helping to ensure that the concepts of empowerment, wellness and recovery are incorporated from the beginning of the consumer's experience with the VCBH system. STAR has increased the county's ability to provide consistent, coordinated outreach, assessment, supports and referral to our community, including an increase in service to un-served and underserved individuals.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Robert Mendoza (805) 981-4233 Robert.Mendoza@ventura.org
Peer/Family Support Specialists						
Ventura		Children's Full Service Partnership	CSS-FSP	In collaboration with the Probation Department, the program provides intensive community-based services for youth between 13 and 18 years of age who are involved with the Juvenile Justice System and have been placed on formal probation. Utilizing a 'wraparound' philosophy of "whatever it takes," the program provides support to youth and families through culturally competent services. With the use of parent support, peer advocates, and intensive case management to provide counseling, education and support, the program focuses on assisting youth and their families in identifying their strengths, working together to assess needs, and designing a personal plan of care, which includes linkage and engagement to identified services and supports.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	John Schipper (805) 981-5550 John.Schipper@ventura.org
Ventura		Peer and Family Employment and Support	CSS-OESD	Peer and family employment is fundamental to the MHSA vision of wellness and recovery as well as to the vision of Transformation of the behavioral healthcare system within Ventura County. This program provides training, advocacy and direct service for and by peers and family members through several distinct, yet related components: - Training, employment, supervision and support for individuals with "lived experience" to provide wellness and recovery based support to other consumers of the county's behavioral health system. The county has contracted with Recovery Innovations (RI), which is an organization run by and for peers, specializing in the training, employment and support of those with lived experience within the workforce. - RI peers also facilitate wellness and recovery focused classes in all the county's adult clinics and other mental health providers throughout the county. RI "Recovery Coaches" have also been integrated into the treatment teams of a number of VCBH programs, utilizing their "lived experience" to engage consumers in treatment, support them in advocating for themselves in their recovery and supporting them in developing community and spiritual supports. - Support to the local NAMI chapter and Client Network, both of which support transformation to a wellness and recovery based system through outreach and training, as well as the empowerment of consumers and family members. - The transformational liaison team, which includes individuals with personal experience with the mental health system as consumers or family members, and provides advocacy, program recommendations and serves as liaisons between the County and the consumer and family member community.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Kiran Sahota (805) 981-2262 Kiran.Sahota@ventura.org
Ventura		Adult Wellness and Recovery Center	PEI	The Adult Wellness and Recovery Center serves adults who are recovering from mental illness and often also substance abuse, who are at risk of homelessness, substance abuse, incarceration and increasing severity of mental health issues. The program is a 'portal' for access by offering supports commonly utilized by individuals with a serious mental illness without the pressure of 'enrolling' in services. It is located in Oxnard, and outreaches to underserved individuals throughout the county, offering an array of on-site supports and referrals to those who historically have not accessed services through the traditional clinic system. The program also provides supports for individuals as they transition out of other mental health programs on their journey of wellness and recovery. The program was developed and is run by peers who support members in the design of their personal recovery plan and in creating a set of goals that are meaningful to them.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Amanda Pyper (805) 981-4200 Amanda.Pyper@ventura.org
Ventura		TAY Wellness and Recovery Center	CSS-SD	The Transitional Age Youth (TAY) Wellness and Recovery Center, or "TAY Tunnel," serves TAY, ages 18 to 25 years old, who are recovering from mental illness and often substance abuse issues, and are also at risk of homelessness, substance abuse, incarceration and increasing severity of mental health issues. The program is a 'portal' for service access, by offering supports commonly utilized by young adults with a serious mental illness without the pressure of 'enrolling' in services. It is located in Oxnard, and outreaches to underserved TAY throughout the county, offering an array of on-site supports and referrals to TAY who historically have not accessed services through the traditional clinic system. The TAY Tunnel also provides supports for TAY as they transition out of other mental health programs on their journey of wellness and recovery. The TAY Tunnel was developed and is run by peers who support members in the design of their personal recovery plan and in creating a set of goals that are meaningful to them.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Transitions (805) 981-1672 Meredyth.Leafman@ventura.org
Ventura		Family Access Support Team	CSS-SD	This program is designed to provide services to youth and their families served by the Behavioral Health Department who are at high risk for hospitalization or out-of-home placement. FAST is staffed solely with Parent Partners, who have raised a child with a serious mental/emotional disorder and receive specialized training to support others in similar situations. Parent Partners collaborate with the treatment team, providing intense home-based services to families. They model techniques to support parents in implementing the Personal Care Plan of each child and their family, so that the family better understands how to utilize interventions to alleviate crises.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Jennifer Dougherty (805) 582-4088 Jennifer.Dougherty@ventura.com
Ventura		School Based/Parenting Services	PEI	This program provides services to support children with behavioral problems and at-risk of more significant mental health issues, as well as their families. It includes implementation of Triple P Parenting, an evidence based, multi-level parenting support model to support families of children with emerging behavioral challenges. Focused on working with parents to identify strength-based interventions for their family, this model seeks to empower the family to address parenting issues. A wide range of community agencies throughout the county that interact with families have been trained to provide simple parenting support and direction using Triple P. Additionally, community based organizations have been contracted to provide the more intensive levels of Triple P to families throughout the county. The program includes a partnership with First 5 Ventura, to serve children 0-5 years old and their families. There is also an evidence-based classroom support program implemented across the county in partnership with the Ventura County Office of Education.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Kiran Sahota (805) 981-2262 Kiran.Sahota@ventura.org
Reducing Disparities						
Ventura		LGBT	PEI	In collaboration with Rainbow Umbrella, this program will work with our at-risk LGBTQIA county youth and TAY ages, 13-24. RU will provide a coordinator to work with schools to create/ strengthen established Gay Straight Alliance/Diversity Groups. This coordinator will also establish community supportive groups throughout the county, enlisting community facilitators to provide mental health linkage and stigma/discrimination reduction.	http://www.vchca.org/b ehavioral-health/mental-health-services-act-(mhsa)	Kiran Sahota (805) 981-2262 Kiran.Sahota@ventura.org

Ventura		Universal Prevention Project	PEI	While the Community Coalition projects have sunset in FY 13/14, the four Outreach & Engagement projects will continue and will include a variety of grassroots prevention efforts that address specific needs of target communities and increase community engagement, provide public education, and promote awareness of mental health issues while reducing the stigma that prevents people from accessing services. The projects are designed to "mirror" the area they serve, reflecting the cultural, ethnic/racial and linguistic make-up of the community. The projects include area-specific, as well as community-wide, universal and targeted outreach, education and prevention strategies. The outreach and engagement projects include: Tri-Counties GLAD, with a project specifically focusing on the deaf and hard of hearing community; Project Esperanza, with a project specific to the Latino community in the Santa Clara Valley; One Step A La Vez, with a project specific to at-risk youth in Fillmore; and St. Paul's Baptist Church, with a project specific to the African American community. Other Universal prevention project activities include: a social marketing campaign, Wellness Everyday, designed to increase awareness and decrease stigma of mental health issues; Mental Health First Aid, which includes education of community members about mental health issues; Crisis Intervention Training which trains law enforcement of issues around mental health; SafeTALK which teaches participants how to identify people who have thoughts of suicide and connect a person to appropriate interventions.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Kiran Sahota (805) 981-2262 Kiran.Sahota@ventura.org

Ventura		Adult Recovery Tracks	CSS-FSP/SD	Provides a full continuum of services to adult behavioral health consumers with serious and persistent mental illness (SPMI), many of whom had been underserved or un-served by the county's traditional mental health system. The program was developed with multiple tracks, providing services across a spectrum of needs and focusing on the wellness and recovery of the individual. Additional tracks provide research informed or evidenced-based treatment for consumers diagnosed with psychotic disorders or mood disorders, or who are dually diagnosed with mental health and substance abuse issues. These tracks are provided in all VCBH adult clinics, serving consumers county-wide. Consumers served through all tracks receive additional support from Recovery Coaches – peer employees with lived experience who participate as members of the treatment teams. These tracks also include the Adult and Older Adult FSP tracks.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Amanda Pyper (805) 981-4200 Amanda.Pyper@ventura.org
Ventura		Transitional Age Youth Full Service Partnership	CSS-FSP	This program serves transitional age youth (TAY), ages 18-25, who are diagnosed with a serious mental illness (SMI), many of whom are dually diagnosed with a co-occurring substance abuse disorder and who are at risk of homelessness, incarceration or hospitalization. The program serves 15 TAY who live in a supportive, social rehabilitation environment in Camarillo, with an additional 15 TAY living independently throughout the county. The program supports individuals in moving toward personal recovery by providing stabilization and skill development to live independently and successfully within the community. Consumers receive a multidimensional range of services – "whatever it takes" to support their wellness and recovery, with an emphasis on moving toward living independently within the community.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Transitions (805) 981-1672 Meredith.Leafman@ventura.org
Ventura		Capital Development and Capitalized Operating Subsidy	MHSA Housing	The funds allocated by DMH to Ventura County and administered by California Housing Finance Authority provide permanent financing and capitalized operating subsidies to develop permanent supportive housing for MHSA-eligible individuals with serious mental illness who are homeless or at risk of homelessness. At present, 15 units completed, 24 ready for occupancy, 15 under construction and 11 in development, for a total of 65 apartments, affordable to very- and extremely-low income individuals. An additional 31 units: 15 units developed as a result of one-time extraordinary MHSA funding (preceded MHSA Housing Program) and 16 units developed, as a result of MHSA but funded from other sources.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Fernando Medina (805) 981-3300 Fernando.Medina@ventura.org

Ventura	SB 82	Rapid Integrated Support and Engagement	SB 82	The Rapid Integrated Support and Engagement (RISE) Team is a new unit that provides even greater opportunities for engagement and outreach throughout the county in order to reach those who traditionally have fallen through the cracks or cycled through inpatient stays. The current crisis team was expanded. Clinicians will be staffed at the inpatient psychiatric unit to connect with patients prior to discharge, provide a bridge to short-term crisis residential services for those eligible who were declined IPU admittance, and provide short-term crisis intervention and supervision of ER patients to alleviate the need for law enforcement personnel for that purpose. A Rapid Response and Assessment Team was established to provide in-field services including assessments, case management and referrals. This team includes Peer Support Specialists, Community Services Coordinators (CSC) and clinicians. An Engager team provides targeted community-based case management and outreach to those hard to reach who are newly admitted to the IPU or CRT. A CSC Homeless Team will outreach to the homeless mentally ill who are receiving clinic-based services to help keep them engaged in services. RISE is built upon relationships with the community and other agencies.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Robert Mendoza (805) 981-4233 Robert.Mendoza@ventura.org
Ventura	SB 82	Mobile Crisis Response Team	CSS-SD (SB 82)	This program provides services to all adults and older adults in need of community-based crisis response services 24/7 throughout Ventura County. This is for individuals currently receiving mental health services, and for those who are un/under served within the community. For some of these consumers and their families, this may be the first contact with mental health services, so follow up calls and expedited referrals to the Screening, Triage, Assessment and Referral team are made if necessary.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Crisis Team (866) 998-2243 Robert.Mendoza@ventura.org

Ventura		TAY Transitions	CSS-FSP/SD	The Transitions program serves Transitional Age Youth (TAY), ages 18 to 25 years old, with serious mental illness, by addressing their full spectrum of needs. Transitions focuses on a client driven model, which integrates wellness and recovery into its array of services, including psychiatric treatment, individual therapy, intensive case management services, group treatment and rehabilitation services. While ensuring capacity to provide services within the clinic setting, the Transitions Program ensures that clinicians and case managers also provide field-based services within homes, community, and the TAY Wellness and Recovery Center. Peer staff, or "Recovery Coaches," support consumers in the achievement of their wellness and recovery goals. The program serves primarily the Oxnard, Ventura, Conejo and Simi Valley regions of Ventura County and has been effective in expanding access to services to traditionally un-served and underserved TAY in these areas.	http://www.vchca.org/behavioral-health/mental-health-services-act-(mhsa)	Transitions (805) 981-1672 Meredith.Leafman@ventura.org

Yolo		Crisis Intervention Training Program	PEI	Offers recurring opportunities for law enforcement officers and other first responders to receive 32 hours of mental health crisis intervention training, based on a nationally recognized EBP Memphis Model form of Crisis intervention training and police-approved (POST) curriculum. Officers are taught to identify signs and symptoms of mental health crisis while considering cultural and age factors, to use appropriate and compassionate responses, and to skillfully de-escalate crisis circumstances using minimal force. <i>This program is contracted through: Disability Response/Mike Somers.</i>	http://www.yolocounty.org/health-human-services/agency-information/mental-health-services-act-mhsa	(916) 600-3742
Yolo		Crisis Intervention Program (CIP)	SB 82	This program is built on collaboration between law enforcement, Yolo County Health Services, and community providers. Community Based Crisis Response teams provide clinical support to law enforcement responding to someone experiencing a mental health crisis, and the teams offer therapeutic intervention at this critical juncture in order to avoid less effective and more costly alternatives such as hospitalization or jail. The peer counseling component provides follow-up support to facilitate access and engagement, prevent future crises, and promote recovery and wellness. West Sacramento, Woodland, Davis, and Winters/Rural areas each have a dedicated response team consisting of a clinician and peer counselor. <i>Contracted through: Turning Point Community Programs</i>	http://www.yolocounty.org/health-human-services/agency-information/mental-health-services-act-mhsa	(530) 666-8794
