

AGENDA ITEM 6

Action

Consent Calendar

Item Goals

- **Two items** on the consent calendar are county innovation plans. The Commission has authority to review and authorize county innovation spending through June 2026. **The following plans are prior year funding being spent down.**
 - Innovation Plan for San Bernardino County: Peer Housing Project: The county proposes to address the housing needs of homeless individuals who are actively engaged in Clubhouse services by exploring a peer-led and recovery-oriented model.
 - Innovation Plan for Tulare County: Semi-Statewide Electronic Health Record (EHR) Project PHASE 2: The county proposes to create a more integrated approach to county health information, technology, data collection, and reporting.
- **Two items** on the consent calendar are Mental Health Wellness Act grants.
 - Full Service Partnership Grant: Intent to Award up to \$10 million.
 - 0-5 Technical Assistance Grant: Intent to Award \$1,601,000.
- **One item** on the consent calendar is a contract amendment.
 - \$245,720 to amend contract 23MHSOAC020 with iBridge. This amendment would extend the contract for 12 months to continue hosting and maintaining the Commission's data center infrastructure.

Behavioral Health Landscape

- Under the Behavioral Health Services Act (BHSA), the counties will no longer be required to create innovation plans. The Commission will use \$20 million each year from 2026-2031 for an Innovation Partnership Fund, which will fund innovative behavioral health solutions from government, non-profit, and private groups.

- California’s Mental Health Wellness Act (MHWA) is a grant program managed by the Commission that provides \$20 million each year to improve community response to people facing mental health crises.
