

Summary of Amendments

- BHSA alignment
 - References to “mental health” are updated to “behavioral health”.
 - Local level grantee activities now include the BHSA community planning process.
 - At least half of all contract activities must include BHSA priority populations.
 - Quarterly and annual reporting now includes BHSA-specific outcomes.
 - Grantees must identify 3 to 5 recommendations relative to priority populations and policy work and suggestions for problem-solving.
- Quarterly reporting must now include a cover page that provides “a strategic overview of activities and insights”.
- Minor Cost Sheet adjustments to fit contractor-specific program needs.
