1	N/A	<p>We are in the process of finalizing our budget for the RFA-0-5-MBH-001 opportunity and wanted to clarify the indirect cost (IDC) limitations outlined in the RFA.</p> <p>We understand that administrative costs are capped at 15% of the total grant, which is lower than our institution's federally negotiated IDC rate of 25%. Would there be any possibility of an exception to apply our negotiated rate, or is the 15% cap a strict requirement?</p> <p>We appreciate any guidance you can provide to ensure compliance with the funding requirements while maintaining the necessary support for program implementation.</p>	<p>The RFA 0-5 / Maternal Behavioral Grant is being funded with State Funds and not Federal Funds. The Commission allows for 15% for Administrative Costs. The Commission is not using Indirect Costs, as that is a federal term. There will be no exception or change to the Commission's 15% limit on Administrative Costs.</p>
