	RFA Section Reference	Question	Commission Response
1	General	We are reviewing the RFP for the EmPATH-001 program and have a question about the submission. The materials include, beginning on page 33, a series of the attachments with the questions that must be answered in a proposal. Is there any page or word or character limit to an applicant's proposal? For the longer-answer questions asking for "describe" or "provide a proposed plan" which are not short-answer we are seeking some guidance on any limit to how much to write	There is no word or character limit. The form fields are expandable to provide sufficient space for a response
