### Questions and Responses 2

	<b>RFP Section Reference</b>	<b>Question</b>	<b>Commission Response</b>
1.	Attachment 6 – Cost Sheet	We anticipate that the Contractor will be providing Training and Technical Assistance (TTA) to participating LEAs and schools during both Year 1 and Year 2 of the contract. Where on the Cost Sheet (Attachment 6) should the cost of actual delivery of TTA be reflected? Should the total costs for TTA delivery in Year 1 and Year 2 be included under Deliverable 3, which only includes an entry for Year 1?	Costs for the TTA provided to schools and LEAs directly should be included in the Students Services and Outcome reports reflective of the quarter when the TTA is provided. Costs for providing TTA associated with Collaborative Learning Group activities should be included in the Collaborative Learning Group Summary reports reflective of the quarter when the TTA is provided.
