#	Account	Fiscal Year (FY 20YY-YY)	Comments
1	PEI	FY2024-25	This comment is added as instructed by DHCS. The formula on Section 2 cell 28 does not accurately capture the percentage of funding allocated to clients under 25 years old. The percentage should be 67.12% instead of 50.37%. The current formula erroneously assumes that the entire administrative costs benefit only clients over 25 years old. The PEI administrative costs benefit all age-groups consistently with direct costs.
